REVIEW AND APPROVAL OF WAG FUNDING RECOMMENDATIONS FOR FY22

Decision: Both the WAG recommended funding allocations and WAG recommended contingency plan were unanimously adopted by the CCFAC.

Both Chair Menapace and WAG Chair R. Kennedy thanked the members of the CCFAC who served on the WAG and HCD staff.
Discussion: HCD staff J. Hsu directed the CCFAC to review the meeting summary for the comments received at the public hearing.

Discussion: NCS staff K. Strotman presented a PowerPoint Presentation of CCFP Survey Results (Attachment #3) of survey results. The presentation included a map that reflected the number of responses received from each area of the county. She explained that respondents were provided opportunities to comment only for statements with which they disagreed. The unedited comments were reported in the presentation. Based on some of the comments received, K. Strotman concluded that there may be a need to change some of the survey wording and recommended that a committee review the survey to make revisions for FY 2022. Chair M. Menapace also noted that many of the comments were not applicable to the questions asked in the survey, indicating the need for more clarity in explanation of the information being sought. K. Strotman pointed out that there is a tendency for some participants to respond without reading and understanding the statements or instructions. M. Blum noted that the majority of the comments were very positive, and some reflect the different perceptions and perspectives of residents on the various issues.

In response to C. Medford, K. Strotman reported that the respondent demographics were not captured. K. Bruce agreed that it is important that demographics, including geographic information, be collected in all surveys going forward.

CCFP BOARD MATTER AND BASIC NEEDS

On December 1, 2020, the Board adopted a joint motion by Supervisors Smith McKay, Palchik and Gross to direct the County Executive to instruct staff to review the CCFP and report recommended process improvements to the Board by the end of January 2021, giving consideration to previous Board recommendations, recent community input efforts and data that is reflective of vital basic housing and food support needs. The review and recommendations are to also be responsive to a related board matter previously presented by Supervisor Palchik. (Attachment #4)

Discussion: NCS staff S. Allen reported that NCS is interested in receiving feedback from the CCFAC concerning the Board Matter. She and Deputy County Executive Chris Leonard plan to attend the January 12, 2021 meeting to receive the feedback.

K. Strotman summarized the previous reviews of the CCFP process and discussions with the supervisors, many of whom seem not to understand how the CCFP and the SAC work. There was also prior input received from nonprofit executives, the community and county staff, as well as recommendations made to the Board based on the reviews. COVID-19 interrupted the continuation of the process and the implementation of changes to the CCFP, as well as illuminated the need for affordable housing and food assistance.
CARES Act funding has helped to fund many community basic needs. Conversations are beginning to make plans for moving forward without CARES Act funding, which currently is set to expire on December 30, 2020.

Chair M. Menapace, M. Blum and C. Medford emphasized the need to help Board members understand that the CCFP may not be the best vehicle through which to provide emergency COVID-19 or other emergency, since nonprofit contractors are must divert funding from planned activities that their CCFP awards provided for.

**DEBRIEF FROM WORKING GROUP ON SAC PROCESS**

*Discussion:* Chair M. Menapace reported that there was a good discussion of the recommendations from the CCFP SAC and there will be follow-up to clarify upon these recommendations.

**UPDATE ON THE CSBG AND THE CCFP INFORMATION**

*Discussion:* Chair M. Menapace reported that Michael Beckett from NCS cancelled the meeting with the CAAB in November 2020 to discuss the idea of moving CSBG funding out of the CCFP. He has communicated that he will not pursue this approach at this time, but he continues to be concerned about reducing the number of contracts that are categorized as “subrecipients”.

CAAB Chair M. Marr also reported concerns about the ability of the CAAB to have input on the nonprofits who are awarded CSBG funds. J. Ruthinowski reported that staff is hiring a consultant to assist in the review of the CAAB functions and processes.

**PRELIMINARY REVIEW OF CONSOLIDATED PLANNING DOCUMENTS**

*Discussion:* HCD staff R. Coyle provided a summary of the public comments received for the Consolidated Annual Performance Evaluation Report (CAPER). Comments received from the NAACP focus on efforts to remove barriers to affordable housing. The NAACP Housing Committee expressed concerns that the county has not made enough progress toward removing the barriers. M. Blum, a member of the NAACP Housing Committee, supported these concerns.

*Discussion:* HCD staff L. Lazo provided background information on the FY 2022-2026 Consolidated Plan (Attachment #5) and offered members printed copies upon request.

*Discussion:* J. Hsu reported on the current draft of the updated Citizen Participation Plan (Attachment #6) and CCFAC members were invited to send comments on the draft by December 11, 2020, prior to the submission of the draft to the Deputy County Executive for comments and then presentation to the Board.
M. Finkle reported that, due to COVID-19, the County has increased assistance to those who are homeless, and the county is now housing 461 persons in 372 hotel rooms. Additionally, the County’s next Point-In-Time count will occur on January 27, 2021.
