Dear Hunter Mill Friends,

Great news. The Fairfax County Office of Emergency Management (OEM) which coordinates emergency response and County agencies has created a truly fantastic service. Its official title is the **Functional Needs Registry** and the registry is part of the OEM's efforts to assist residents and First Responders in handling emergencies. This registry allows rescue personnel to geographically identify individuals who may require special attention during a crisis. I want to share with you some background information on it.

The Functional Needs Registry is a communication tool to dispense critical health data registered families and individuals have shared. There are twelve (12) functional need categories, as well as a "care provider" category for those who care for another. For instance, among the categories, you might select any from this list: Mental/Cognitive Condition, Vision Impairment, Language Interpreter Needed, Homecare Assistance, Care Provider, Dialysis Required, Hearing Impairment, Life-Sustaining Equipment Required, Mobility Impairment, Refrigerated Medicines Required, Service Animal Required, Speech Impairment, or Supplemental Oxygen Required. It is a compendium of disability, access, and functional needs useful during any emergency.

To sign up for the Registry, visit [ALERTS](#) or call the Office of Emergency Management at 571-350-1000 or TTY 711. Designed for residents and visitors, individuals can sign up now. Because there is no guarantee that services can be provided, you would be wise to continue emergency using the 9-1-1 service as well.

Finally, don't forget that prior to or even during a natural disaster or weather emergency, Fairfax County staff can use the OEM notification system to inform you of potential dangers that could affect you. Moreover, it provides timely updates to residents. Additionally, each quarter a newsletter is sent out with information and tips about emergency preparedness.

Coat Closet Call for VOLUNTEERS

Do you have a few hours to give from November through March? Do you want to do something that is satisfying and of great service to your community? Then be a part of our Winter Coat Closet program, a joint program sponsored by Hunter Mill District Supervisor Cathy Hudgins and Cornerstones. How about giving back to the community 4 hours per week while paying it forward and keeping your skills practiced?

We are in need of Volunteers and lead Volunteers. The role of the Volunteer will include: sorting and preparing donated items, ensuring all individuals accessing program are signed in accurately, handing out coats to individuals/families, ensuring coat closet is organized and prepared for program times.

The lead Volunteer act as Supervisor to the Volunteers throughout the drive.

The 2018-2019 Hunter Mill District Winter Coat Closet operates from November 13, 2018 to March 14, 2019. Days and times are; Tuesday, 3:30pm – 7:15pm, Thursday, 3:30pm – 7:15pm.

This is an excellent opportunity to help individuals and families in the community in need of a warm coat and accessories this cold winter season. Last year over 5,000 coats and accessories were collected and distributed. Training will be provided. The Coat Closet is a cooperative venture of the Hunter Mill Supervisor's Office, Cornerstones, and the many, many businesses and individuals in the community who provide both assistance and coats.

Hypothermia Prevention Program Begins December 1

Each year, all three Fairfax County emergency shelters that serve single adults activate a “no-turn-away” policy from December 1- March 31. “No-turn-away” is also implemented outside of that timeframe based on temperature and weather conditions. In the North County area, including Herndon and Reston, Cornerstones operates their programming out of the Embury Rucker Community Shelter (ERCS).

Beginning December 1, 2018 through March 31, 2019, the Hypothermia Prevention Program opens at the North County Human Services Building (1850 Cameron Glen Drive, Reston) with individuals being directed there after first visiting ERCS. A hot dinner, breakfast, bagged lunches, showers, laundry, bus tokens and basic self-care supplies are made available to all individuals who participate in the program. Outreach staff provide case management support to link individuals to resources, including opportunities for housing.

Additionally, the Fairfax County Health Department’s Homeless Healthcare Program (HHP) deploys Nurse Practitioners (NPs) who visit the hypothermia venues and regular shelters at least once a week. Medical outreach workers will visit each site weekly to assist in enrollment into the Community Health Care Network’s (CHCN) free clinic and perform other related duties. NPs will also be providing flu shots free of charge on an as needed basis. Contact lead Nurse Practitioner [Rieta Scott](#), for questions related to the Homeless Healthcare Program - 571-722-4422.

Cornerstones offers employment services every Wednesday from 3-5 pm at the main shelter for all participants. All of the services provided and supplies used are made available due to a combination full-time staff and a committed group of volunteers and donors. For further information, please contact Cornerstones’ Outreach team – [Missy Norquest](#) or [Cass Hyatt](#) at (703) 437-1975. To volunteer or donate, please contact [Kaitlin Hamer](#).

Affordable Housing Opportunities

In December, Governor Ralph Northam will deliver his proposed budget bill to members of the Senate Finance and House Appropriations Committees. At this moment, we have a unique opportunity to build upon the national sense of urgency surrounding the growing crisis of shrinking affordable housing opportunities in our communities and advocate for more investment in housing at the state level.

Virginia's annual allocation is \$5 million. This is roughly 70 percent below average state contribution of \$16.45 million. We must urge Governor Northam to include a substantial increase in the allocation for the Housing Trust Fund.

Now is the time to invest in housing by signing the petition asking Governor Northam to include a minimum of \$20 million annual allocation to the Housing Trust Fund in the biennial budget for FY2020-FY2021. To sign the petition, click on the link below.

Make Your Personal Contribution to Clean Water

Compared to a lawn area, rain gardens absorb 30 percent more water, preventing runoff, erosion and flooding which is becoming a problem for many municipalities and their stormwater infrastructure. As forests and farms are replaced by cities and suburbs, runoff from impervious surfaces has increased dramatically and damaged the environment in significant ways.

Rain gardens reduce stormwater runoff and help prevent some of this damage. Every homeowner and business that installs a rain garden will be doing their part to protect: communities from flooding; streams and lakes from pollution, sedimentation and erosion; the water table and underground aquifers; and the beauty of local communities

Rain gardens are comprised of plants that are good at trapping and slowing water and sediment runoff after rainfall. They also provide valuable habitat for pollinators, birds and butterflies. In order to be effective, rain gardens must be constructed in a specific way. A rain garden is not a pond and is intended to be dry between rainfalls. Water in rain gardens should quickly soak into the ground.

Some planning is required before a rain garden can be installed. For assistance and more information on rain gardens and their construction, visit the Northern Virginia Soil and Water Conservation District website at www.fairfaxcounty.gov/soil-water-conservation, or call 703-324-1460, TTY 711.

Customers can donate canned goods and other non-perishable items to reduce or eliminate fines accrued on the individual's account. Food items collected during the drive will be donated to [Food for Others](#), a not-for-profit food pantry and food rescue operation that serves Fairfax County. Each item donated will erase \$1 from a patron's overdue fines up to a maximum of \$15. Customers may also donate to the food drive even if there are no fines accrued.

Sheila Recommends -

The Great American Read is over and the results of Fairfax County's favorite book is in. *Gone With the Wind* was voted #1, with *To Kill a Mockingbird* #2. We were close to the national favorite: *To Kill a Mockingbird* won the number one spot and *Gone with the Wind* was #6 out of the 100 great books. A big thank you to Reston Regional Library for receiving the grant to bring the Great American Read to Fairfax County. With the support of its partners, the Friends of Reston Regional Library, WETA and Scrawl Books, Reston was able to offer 20 programs. My favorite was the book talk with Kwame Alexander, a Newbery Award winning author. The official attendance count was 234!

Vienna's Good Works Folks Featured at Halloween Parade

Vienna's annual Halloween Parade is always a treat, but this year was even more special. Thanks to the staff and volunteers at **Frying Pan Farm Park**, I had a ol' time hay wagon and tractor to ride on for the parade. Sharing the ride with me were volunteers from the Shepherd's Center of Vienna-Oakton, Committee for Helping Others (CHO), along with 4-H Hoofers and Heifers Club members.
