

Families Reunite

Fidelity Instrument

The following instrument is designed to provide information about how you are implementing Families Reunite. This information will be used as part of the Families Reunite evaluation for both program improvement (e.g., to modify sessions that are not well received or add to sessions that may be lacking in content) and to provide a context for interpreting the pre-posttest survey results.

Please complete this form after every program session. It is important that you complete the instrument as soon after each session as possible. Completing the instrument immediately after each session will help ensure that information about the session is still fresh in your mind.

Thank you very much for taking the time to provide this important information.
