DISCOVER

We want to know you and your team. Through our discovery phase we use management feedback, and our signature team assessment survey to align our objectives with the needs of your team.

INSPIRE

A curriculum based approach using proven models. This phase can start prior to the actual program or be integrated with the offsite experience. Our goal is to educate the team with tools that can translate back into the workplace.

EXECUTE

Facilitated teambuilding with unforgettable team challenges and powerful team discussions to establish new standards for team excellence. These Customized Team-Development Experiences utilize “on the farm” activities and guided adventures.
