

The Community Use Area offers individuals, nonprofits and other community groups the opportunity to dispense information to market customers, post signs, and host demonstrations. These areas have been designated at the eight market locations held on public property, excluding Reston and Kingstowne markets, which are hosted on private property.

We kindly request those using the Community Use Area to be considerate of farmers and shoppers who may not wish to be approached while conducting business inside the market.

Questions or concerns may be referred to the Public Information Office at 703-324-8662.
