

FAIRFAX COUNTY PARK AUTHORITY

M E M O R A N D U M

TO: Chairman and Members
Park Authority Board

VIA: Kirk W. Kincannon, Executive Director

FROM: David Bowden, Director
Planning and Development Division

DATE: April 4, 2019

Agenda

Planning and Development Committee

Wednesday, April 10, 2019 – 6:15 p.m.

Boardroom – Herrity Building

Chairman: Ken Quincy

Vice Chair: Michael Thompson

Members: Linwood Gorham, Ronald Kendall, Maggie Godbold, Jim Zook

1. Property Information - 8800 Richmond Highway – Sitnik/Sitco Inc. Properties – Information*
2. Monthly Contract Activity Report – Information*

*Enclosures

If accommodations and/or alternative formats are needed, please call (703) 324-8563. TTY (703) 803-3354

INFORMATION

Property Information - 8800 Richmond Highway – Sitnik/Sitco Inc. Properties (Mount Vernon District)

Three (3) privately owned parcels are located adjacent to Pole Road Park in the Embark Richmond Highway transportation corridor (Attachment 1). The subject parcels have a single address of 8800 Richmond Highway and are encumbered with floodplain and resource protection areas. The parcels are identified in the Department of Tax Administration (DTA) records as Tax Map # 109-2 ((1)) 18C, 19, and 20, and the collective total is 8.14 acres. Parcels 18C and 19 are zoned Residential 2 DU/AC (R-2) and consist of vacant land. Parcel 20 is zoned Highway Commercial (C-8) and is improved with a dilapidated structure. Past uses of Parcel 20 included trailer sales, car repair, boat and used tire storage, welding, and an amusement park. Petroleum has been detected in shallow soils and groundwater.

The Property may be subject to two (2) separate developments:

1. Rezoning and Special Exception

On March 6, 2018, the Board of Supervisors authorized the consideration of a Comprehensive Plan amendment for 8800 Richmond Highway. The adopted plan recommended private open space. The Board of Supervisors requested that staff consider residential use up to eight (8) dwelling units per acre.

Stanley Martin Companies, LLC, also referred to as Applicant, applied for a rezoning and a special exception to create a townhouse development (RZ-FDP 2016-MV-018 and SE 2016-MV-016). The application included rezoning 8.14 acres to Planned Development Housing 8DU/AC (PDH-8) to accommodate the construction of approximately 44 townhomes and a land dedication to the Park Authority. The portion of Parcel 18C that would be dedicated to the Park Authority is contiguous to Pole Road Park.

A 2016 Statement of Justification letter that was sent to the Department of Planning and Zoning (DPZ) for concurrent rezoning and special exception indicated the intent of the development was to create a vibrant townhouse community along Richmond Highway and to replace the environmentally detrimental use within a floodplain and resource protection area. The Planning Commission public hearing for the plan amendment (PA 2018-IV-MV2) was held on July 19, 2018, and a decision was deferred to September 13, 2018.

Board Agenda Item
May 8, 2019

The Statement of Justification was revised on October 15, 2018. The Applicant indicated that the redevelopment of the Property would facilitate environmental restoration and provide for new economic resources by expanding future retail options. The plan did not fully address the environmental condition.

On October 24, 2018, the Planning Commission moved to indefinitely defer the public hearing of plan amendment 2018-IV-MV2 because the Applicant requested additional time to reconsider issues. Since the public hearing of the plan amendment was indefinitely deferred, the rezoning and special exception applications are indefinitely deferred.

2. Embark Richmond Highway

Embark is a coordinated effort to implement Route 1 Multimodal transportation improvements. The recommendations are based on an eighteen (18) month study conducted by the Virginia Department of Rail and Public Transportation with collaboration from Fairfax County, Prince William County, Virginia Department of Transportation, and the Virginia Office of Intermodal Planning and Investment. An Executive Steering Committee, comprised of elected officials and senior staff, provided guidance and endorsed the recommendations in October 2014.

On May 12, 2015, the Board of Supervisors initiated Embark Richmond Highway and the Fairfax County Department of Transportation (FCDOT) is the lead County Agency. The 8800 Richmond Highway properties may be directly impacted with the Embark project limits for planned widening of Route 1 or other transportation improvements.

Staff has been actively involved in the review of both the proposed rezoning for 8800 Richmond Highway and the Embark study. The property is adjacent to Pole Road Park and includes a section of Dogue Creek and the associated Resource Protection Area (RPA) and Environmental Quality Corridor (EQC) that connect through the adjoining park property. Park Authority staff continues to work with County staff through the planning process to request that any development of the property include clean-up of environmental hazards; restoration of the vegetative buffer along Dogue Creek; mitigation for any encroachment into the RPA and EQC and restoration of the Dogue Creek channel using natural channel design methods. Should the property be acquired for transportation improvements staff will recommend similar restoration of Dogue Creek and the associated RPA and EQC as suggested mitigation for impacts from any proposed transportation projects. Restoration of the creek, RPA and EQC section of the property could make the stream valley portion of the property a suitable addition to the Pole Road Park via developer dedication or transfer as part of transportation improvements.

INFORMATION

Monthly Contract Activity Report

The Monthly Contract Activity Report lists all contract activities in support of the Capital Improvement Program (CIP) authorized during March 2019 in value over \$100,000. The report lists professional services and construction activities to include awards made via competitive bidding as well as awards made through the use of open-ended contracts. An activity is reported when procurement begins and is listed on the report until a Notice to Proceed (NTP) is issued.
