#### **ACTION**

#### Bond Allocation Approval – Facility Wellness Considerations

#### ISSUE:

Approval of the reallocation of specific bond funds to make facility repairs to Rec Centers and other revenue-producing facilities.

#### RECOMMENDATION:

The Park Authority Executive Director recommends approval of the bond reallocations to make building repairs to revenue-producing facilities.

#### TIMING:

Board action is requested on February 28, 2024, to maintain project schedules.

#### **BACKGROUND:**

The Park Authority's infrastructure is getting older and is in need of significant maintenance and repair. For instance, most of the Park Authority's Rec Centers were built from 1977-1988 and are well beyond their useful life. With insufficient funding to address Rec Center needs, the buildings continue to deteriorate. System and infrastructure items are far beyond their useful life and in need of replacement to prevent a system and infrastructure failure resulting in the need to close facilities. Park Authority Building Engineers have been conducting a thorough review of the eight open Rec Centers to keep the Centers operational and comfortable, by improving and replacing major building systems that are needed now and are expected to be incorporated into future renovations, as possible.

Based on our current analysis, we are projecting an average of \$8.75 million to stabilize the centers and to ensure an efficient operating status (including roof repairs and replacements, replacement of mechanical systems, and upgrading of electric and pool systems). During the last three fiscal years, by using reallocated bond funds, ARPA and other limited sources of support, we have been able to apply approximately \$15 million to these areas, leaving a projected gap of up to \$55 million.

Park Authority staff have extended these wellness reviews to our other revenueproducing facilities, including our water park and golf courses. While there are different challenges in these facilities, investment is needed to upgrade and modernize amenities and to deal with changing environmental conditions with new irrigation systems and dredging projects.

We are requesting approval to reallocate unused bond funds to support these revenue facility maintenance projects. Based on our current estimates, these projected expenditures will not push the Park Authority over agreed-upon bond expenditure limits but will be managed to ensure we do not create any systemic issues.

Board Agenda Item February 28, 2024

#### **FISCAL IMPACT:**

Based on the cost estimates for current projects, funding in the amount of \$2,150,000 is necessary to fund projects currently in the queue. Funding is currently available from the following sources, all in fund 300-C30400, Park Bond Fund:

- \$1.15 million from 2022 Bond Premium (PR-000147); and
- \$1 million from 2023 Bond Premium (PR-000147).

#### **ACTION**

#### FY 2024 Third Quarter Budget Review, Fund 10001, General Fund

#### ISSUE:

Approval of the FY 2024 Third Quarter Budget Review submission for the General Fund (Fund 10001).

#### **RECOMMENDATION:**

The Park Authority Executive Director recommends endorsement of the FY 2024 Third Quarter Budget Review for the General Fund (Fund 10001).

#### TIMING:

Board action is requested on February 28, 2024. The submission of the FY2024 Third Quarter Budget Review was due to the Department of Management and Budget on February 9, 2024.

#### **BACKGROUND:**

The FY 2024 Third Quarter Budget Review recommendation will increase the total expenditures by \$1,321,997. This recommendation includes an increase to operating expenses of \$831,722 and will focus on Compensation Underfunding, the Summer Concert Series, Computer Hardware, Trash Contract Underfunding and Equity Initiatives. Capital Equipment has a recommended increase of \$490,275 to cover equipment replacement costs. Upon approval, the total expenses in the General Fund (Fund 10001) will be \$36,703,107 as compared to \$35,381,110 in the FY 2024 current revised budget.

#### **Compensation Underfunding**

\$350,000

The Park Authority recommends funding of \$350,000 to cover shortfalls as a result of the pay compression study. During the county-wide process to review and address pay inequities, the Park Authority's General Fund increase was calculated as \$749,653. Based on our analysis, the increase to our baseline budget was actually \$400,801, creating a gap in funding just to keep our current operating baseline status.

#### **Summer Concert Series (P515101002/521250)**

\$120,000

The Park Authority requests \$120,000 to support the Summer Entertainment Series for the Summer of 2024. The Summer Entertainment Series includes more than 180 live outdoor performances held at locations across the County. As part of the series, the Park Authority contracts with vendors for technical support services, including movie, sound, lights, security and overall technical support for the performances. The most recent lighting and sound solicitation closed late January and the costs came in significantly higher than previous years. In FY24, the contracted price for these services has increased by approximately \$120,000.

#### Computer Hardware (P515101005/510030)

\$75,000

In just the last three years, our workforce has become mobile. The current agency laptop/desktop allotment has been 575 since 2015 even with increased technology and demands for a virtual and mobile workforce. The current IT laptop allotment is inadequate to support the growing agency resources and reorganization of several divisions. The rate of current employment seasonal/merit exceeds the desktop/laptop inventory. The current expectation of warranty expiration puts the agency in a situation where technical manufacture support is not available should computer resources break down.

FCPA IT maintains an ongoing list of all requests for additional laptops and desktops and works to fill those requests as inventory needs change across the agency. FCPA typically has between 15-20 open requests at any time for laptops or desktops. In order to be able to meet more of these requests and maintain an inventory of spare devices to fill emergency and high priority needs, an additional 50 computers are being requested.

#### Trash Contract Underfunding (P515103001/544547)

\$286,722

Part of the ongoing baseline funding pressures in the General Fund is the gap between actual contract costs and what is budgeted for non-discretionary services. This includes facility trash removal and disposal. With the transition from DPWES to contracted

Board Agenda Item February 28, 2024

services, the funding gap is even more apparent. Funding is needed to cover the gap with the budget amount of \$283,278 and contract actuals of \$570,000.

#### Capital Equipment (P515103002/566125)

\$490,275

The Park Authority has 378 pieces of equipment including vehicles, trailers, and grounds equipment in its inventory, that is valued at \$7.1M. There is a deferred replacement cost of \$3.1M for capital equipment that is in poor condition and beyond life expectancy. Capital equipment with a poor condition assessment has an increased risk of becoming unsafe and it is subject to recurring breakdowns and increased maintenance costs which can be excessive and repetitive and impact our ability to operate and maintain the park system.

Each year that equipment is used beyond its life expectancy, the ability to mow, complete trail repairs, renovate parking lots and roads, and fill in sink holes is put at risk. This presents a safety issue to maintenance staff and the public. Repairs of equipment are no longer cost-effective, and equipment is beyond its useful life and/or in danger of possible failure. One-time funding in each of the last two fiscal years has helped to work through this inventory replacement, this request will continue to address the significant backlog.

#### FISCAL IMPACT:

The General Fund (Fund 10001) for FY 2024 will be adjusted by \$1,321,997 increasing the total expenditures for the year to \$36,703,107.

#### Fairfax County Park Authority FY 2024 GENERAL FUND (10001) BUDGET REQUEST SUMMARY

#### AGENCY MISSION:

To set aside public spaces for and assist citizens in the protection and enhancement of environmental values, diversity of natural habitats and cultural heritage to guarantee that these resources will be available to both present and future generations. To create and sustain quality facilities and services that offer citizens opportunities for recreation, improvement of their physical and mental well-being and enhancement of their quality of life.

FY 2024 Third Quarter Budget Review, Fund 30010, General County Construction Fund

#### ISSUE:

Endorsement of the FY 2024 Third Quarter Budget Review submission for the General County Construction Fund (Fund 30010).

#### **RECOMMENDATION:**

The Park Authority Executive Director recommends endorsement of the FY 2024 Third Quarter Budget Review for the General County Construction Fund (Fund 30010).

#### TIMING:

Board action is requested on February 28, 2024. The submission of the FY 2024 Third Quarter Budget Review was due to the Department of Management and Budget on February 9, 2024.

#### **BACKGROUND:**

The FY 2024 Third Quarter Budget Review recommendation is to add an additional \$5,700,000 to complete listed projects.

Third Quarter Review General County Construction Fund Proposed Increases								
Forestry Operations	\$	300,000						
Trail Signage	\$	150,000						
Rec Center Wellness Projects	\$	5,000,000						
Cemetery Clean-Up	\$	250,000						
Total Requests	\$	5,700,000						
		_						

#### Forestry Operations (2G51-056-000/521130)

\$300,000

FCPA's Forestry operation is tasked with managing the health of forests on parkland. Based on available funding, the team conducts tree inspections and removals of high-

priority/risk trees on parkland County-wide. Year after year the forestry budget experiences a significant shortfall. With guidance from the Board of Supervisors to make the high-risk tree removal program whole during the fiscal year, staff have calculated the projected shortfall to make up the difference between need and current (ongoing and one-time) funding available.

Trail Signage \$150,000

The Gerry Connolly Cross County Trail is the signature multi-use trail in the county, passing through woodlands and open space along much of its 40 plus mile length. The trail runs from the Potomac River in Great Falls Park in the north to the Occoquan River in Occoquan Regional Park in the south and connects to numerous trail networks and destinations. Trails users experience a variety of landscapes, from remote wooded terrain to ballfields and developed parks, from wide stream valleys to rolling hills. Where no off-road route is possible, the trail follows roadside trails or sidewalks. The trail's surface conditions vary between paved, stone dust, and natural surface. The trail has multiple points of vehicular, bicycle, and pedestrian access. This unique facility crosses through all nine supervisory districts and the City of Fairfax and is an important recreational amenity for all citizens and visitors in Fairfax County. Currently, there is limited trail wayfinding and very few trailhead kiosks to assist and enhance trail users' experiences. The funding will be used to provide new trail wayfinding signage on a portion of the trail to aid trail user's experiences and increase participation.

### Rec Center Wellness Projects (PR-000153/564070) \$5,000,000

Most of the Park Authority's Rec Centers were built from 1977-1988 and are well beyond their useful life. With insufficient funding to address Rec Center needs, the buildings continue to deteriorate. System and infrastructure items are far beyond their useful life and in need of replacement to prevent a system and infrastructure failure resulting in the need to close facilities. Park Authority Building Engineers have been conducting a thorough review of the eight open Rec Centers to keep the Centers operational and comfortable, by improving and replacing major building systems that are needed now and are expected to be incorporated into future renovations, as possible. Based on our current analysis, we are projecting an average of \$8.75 million to stabilize the centers and to ensure an efficient operating status (including roof repairs and replacements, replacement of mechanical systems, and upgrading of electric and pool systems). To date, by using reallocated bond funds, ARPA and other limited sources of support, we have been able to apply approximately \$15 million to these areas, leaving a projected gap of up to \$55 million. Additional funding now will allow the Park Authority to approach the 2026 bond cycle in a proactive manner without the infrastructure crumbling around us.

#### **Cemetery Clean-Up**

\$250,000

The Archaeology and Collections Branch of the Fairfax County Park Authority requests \$250,000 in third quarter funds to continue to define cemetery boundaries and to provide cemetery enhancement at Park Authority-owned cemeteries, including those at Martin Luther King, Jr. Park, Lahey Lost Valley, and Patriot Park North. Enhancements include landscaping improvements, headstone repair/resetting, fence repair and/or placement, and sign repair or replacement.

The above cemeteries include unmarked graves for enslaved or formerly enslaved Black residents of Fairfax County. This funding will also be used to contract ground penetrating radar survey to define cemetery boundaries and mark unmarked graves at the above cemeteries where this method is feasible. Any funding remaining after these activities at the above parks will be used for care of other Park Authority owned cemeteries.

#### FISCAL IMPACT:

The General County Construction Fund (Fund 30010) for FY 2024 will be adjusted by \$5,700,000 increasing the total expenditures by this amount.

FY 2024 Third Quarter Budget Review, Fund 80000, Park Revenue and Operating Fund

#### ISSUE:

Approval of the FY 2024 Third Quarter Budget Review submission for the Park Revenue and Operating Fund (Fund 80000).

#### **RECOMMENDATION:**

The Park Authority Executive Director recommends approval of the FY 2024 Third Quarter Budget Review for the Park Revenue and Operating Fund (Fund 80000).

#### TIMING:

Board action is requested on February 28, 2024. The submission of the FY2024 Third Quarter Budget Review was due to the Department of Management and Budget on February 9, 2024.

#### **BACKGROUND:**

The FY 2024 Third Quarter Budget Review recommendation will increase the total revenue budget by \$10,143,254. This recommendation includes an increase in the revenue budget in the amount of \$10,143,254 and an increase to the expenditure budget in the amount of \$8,557,297. This results in a net increase of \$1,585,957 for the fund. The increase is due primarily to the following: healthy revenue performance of Golf Enterprises; camp programming tracking ahead of expectations; and the results of an out-of-cycle fee increase approved by the Park Authority Board. Those fee increases are focused on additional compensation expenditures related to MRA and other baseline salary adjustments, and the need to support the increased resources needed to support increased registrations. We anticipate that revenues generated by Golf Enterprises and camp programing will offset the additional expenditure budget allocation. The increase will allow additional funds to replenish the reserve balances for a total of \$1,896,536 net at the end of Fiscal Year 2024.

### Information Item 7 FY 2025 CEX Proposed Budget

#### FY 2025 Proposed Budget Development Summary

Oct-23 21

#### Proposed Budget Development Guidance

BOS Directed the County Executive to

- · undertake a comprehensive review of rate and fees;
- to review current services and programs to evaluate efficacy; and
- · determine further efficiencies or savings that could be achieved.

Any budget requests will only be related to existing programs, no new programs or program expansions.

#### Additional Budget Development Guidance

Preliminary request to develop department budget reductions totaling 7% of General Fund appropriation. County Executive will consider all options during the development of his Proposed Budget.

Guidance from CEX: "Not every reduction submitted will be incorporated in the proposed FY 2025 Budget, but the process we are undertaking will allow us to step back and evaluate the services we offer as well as the most efficient means of offering them."

FCPA General Fund Target: \$2,370,600

#### FCPA-Specific Operating Budget Guidance

- Members of the Park Authority Board are encouraged to coordinate with their District Supervisor in fall 2023 to discuss budget issues in advance of the preparation of the FY 2025 Advertised Budget Plan.
- 2. Make FCPA operationally whole in future budgets for Forestry and IMA-bamboo mitigation.
- 3. Work with FCPD to initiate a review of options to expand the presence of law enforcement within our park system, including the proposed park ranger program, and return to the Board with recommendations.

### Consumer Price Index (CPI)/Baseline Increases: \$658,018

- Overall CPI for most goods and services has stabilized post-COVID, although catch-up funding for past unfunded increases is still required.
- To continue providing our baseline services as they are, additional funds are required.
- Major maintenance contracts are driving large increases in staffing specifically.
- All requests are to continue providing services at the current levels provided.

### Bamboo Removal on Parkland: \$400,000

- We estimate that there is currently ~200 acres of running bamboo countywide on FCPA property and receive multiple resident complaints per month.
- In response to Fairfax County Code §119-3-2, passed in March 2022 (with enforcement which started January 2023), funding is needed to proactively mitigate bamboo infestation.
- Assuming coordinator position is saved, this ongoing funding would cover the annual needs for mitigation.

#### FULLY FUNDED

Feb-24

# Zero Waste Trash and Recycling: \$3,391,979

- Fairfax County Code § 109.1-2-3(a)(4) -Recycling at Non-Residential Properties requires that waste cans must be accompanied by recycling cans.
- In the current model, maintenance staff spend 2-3 days per week on trash, impacting their ability to focus on other park maintenance projects.
- Provide additional trash and recycling services in our parks on the weekends.
- Ensure that trash and recycling separation is occurring at our parks and transported according to associated standards.

### Maintenance/Stabilization/Staffing: \$1,502,302

- FY23 \$201,000 for 214 acres/13 Renovated Sites
- All new and majorly renovated properties require additional maintenance, utility, and operating costs that are not in the current budget
- # of Positions Needed: 6
   Merit; 2 Non-Merit; 3
   Temporary

#### Unfunded FY24 Request – for FY22 and FY23 Sites (\$350,000)

# Right-Size Park Operations: \$2,100,000

	Budgeted Amount	Projected Need	Difference	Result
Forestry Contract Operations	\$383,000	\$1,273,000	\$890,000	This would allow us to fully fund contract operations for HIGH-RISK tree removal
Athletic Field Mowing	\$555,000	\$900,000	\$345,000	This expenditure is directly funded through 9 maintenance positions specifically frozen for this purpose
Park Open Space Mowing	\$442,000	\$562,000	\$120,000	Three maintenance positions are frozen to fund the open space mowing contract
Athletic Court Maintenance	\$290,000	\$490,000	\$200,000	With an inventory of more than 400 athletic courts throughout the County, there is a backlog of 75 athletic courts rated at D or F, along with increases required minimum maintenance.
Trail Maintenance Funding	\$350,000	\$500,000	\$150,000	Annual needs for trail maintenance have been outpacing the baseline allocation, which addresses up to 1 mile of annual trail maintenance
General Park and Facility Maintenance	\$2,358,000	\$2,753,000	\$395,000	Redirected funding has been used to allow for broader opportunities to provide routine maintenance before issues

**TOTALS** 

FULLY FUNDED

# Forestry Funding: \$890,000

- The current contract budget of \$383,000 only covers about 30% of the annual costs of removing high-risk trees
- Average # of trees removed has increased by 100% (1,005) compared to ten years ago
- Cost overruns are taken from other high priority maintenance projects. With no additional funds, we must scale back to only high-risk trees
- Additional funding will allow FCPA to move from reactive service delivery to proactive and preventative care needs
