Temporary Storage Site Approved at Boyd A. & Charlotte M. Hogge Park

A temporary storage site will be established at Boyd A. & Charlotte M. Hogge Park in Falls Church, Virginia, to help with a construction project in the area.

Fairfax Water and A&M Concrete are set to begin work on a new transmission water main project along the Route 7 corridor in Bailey's Crossroads near Columbia Pike. To support that project, the Fairfax County Park Authority has issued A&M Concrete a Land Use Permit to temporarily stage and store material and equipment for the project within Boyd A. & Charlotte M. Hogge Park. Use of the offsite space was requested to help alleviate any additional traffic congestion within the work zones.

Boyd A. & Charlotte M. Hogge Park is located at 3139 Glen Carlyn Road in Falls Church, Virginia.

Information regarding the project can be found at:

<https://www.fairfaxwater.org/news/projects/leesburg-pike-water-main-replacement>

For more information, please contact Brian Grover at A&M Concrete at 703-544-0850.
