

Sully Scavenger Hunt

Find the following places/items around Sully.

Write down one item found near each site.

- Slave Quarter** One main room house for up to 10 enslaved workers to live.

- One Room School House** Small school building, moved to Sully from Haymarket, Virginia.

- Plaque from the Daughters of the American Revolution** Commemorates Sully's importance to Fairfax County. _____
- Well** The original historic well, about 40 feet deep, has a cover, hand crank and wooden bucket. _____
- Kitchen** With stone flooring and a large hearth, the enslaved cook, Thornton, made meals for the Lee family and their guests. _____
- Dairy Building** Stone building with three trenches built into the floor to allow the spring water to keep milk, eggs, and other foods cool all year around. _____
- Laundry** With wooden flooring and a giant cauldron, Patty and Madame Juba washed and ironed clothes and other items for the Lee Family and their Guests. _____
- Chair Rock** According to oral tradition, this rock was part of the stoned steps that have been moved to the north side of the house. _____
- Squirrel Weathervane** A harbinger of fair and foul weather, the Lee family probably had a weathervane but this one is just a modern decoration. _____
- Smoke House** This windowless building was where meats were preserved by means of salting and smoking. It has 5 small holes to allow smoke to slowly exit the building.

- Cemetery** Not the original burial ground for the Lee Family, both Richard and Elizabeth were reinterred here from Congressional Cemetery in 1973. _____
