

Pleasure with Serenity

Fun playground colors

All around, swing and slide as the sun goes down

Incredible greenery surrounds us

Relax and breathe clean, crisp air

Fairfax county does everything to care

Amazing waterfalls to view, and hiking builds a healthier you

X-plore the trails while listening to birds singing in trees

Cleaner parks through trash and recycle responsibilities

Outstanding is how you feel riding carousels and trains

Unique plants and flowers you will see, sun or rain

Nothing is impossible as you live, work, and play

Traveling on lakes with kayaks, excited with the breeze swooshing by

Yeah parks can make your day wonderful

Play with your friends and family

Always show love to one another and the environment

Roll and slide down the snow-covered park hills

Kids and adults of all ages enjoy the thrills

Special celebration of 70 years of nature fun
