RE: PC19-MV-004

Dear Mr. Owen:

I Joe Francone, the nominator in the above referenced plan amendment nomination, hereby withdraw the nomination from consideration in the current South County Site Specific Plan Amendment process. As we discussed, we believe that the Gum Springs community and the potential redevelopment of the nominated properties will both be better served by allowing the results of the upcoming Heritage Resources Inventory to inform the redevelopment process. Including the properties in a future, more broad planning study that could evaluate land use alternatives that reflect the outcome of the inventory as well as any other important objectives for the Gum Springs community area makes sense for all concerned. We look forward to following the progress of the study and continuing to work with the County and the community.

Sincerely,

Joseph E. Francone
Nominator
