Statement of Purpose and Intent of Historic Overlay Districts

Historic Overlay Districts are created for the purpose of promoting the general welfare, education, economic prosperity, and recreational pleasure of the public, through the perpetuation of those general areas or individual structures and premises that have been officially designated by the Board of Supervisors as having historical, cultural, architectural, or archaeological significance.

Regulations within such districts are intended to protect against destruction of or encroachment upon such areas, structures, and premises; to encourage uses which will lead to their continuance, conservation, and improvement in a manner appropriate to the preservation of the cultural, social, economic, political, architectural, or archaeological heritage of the County; to prevent creation of environmental influences adverse to such purposes; and to assure that new structures and uses within such districts will be in keeping with the character to be preserved and enhanced.

The order in which items will be heard will be set at the meeting. Additional items may be added to the agenda at the discretion of the Chair. Applicants for initial or follow-up presentations provide staff with and other documentation as appropriate to the ARB prior to the meeting at which a project will be reviewed. If members have not received such documentation, an application may be postponed until a subsequent meeting.

APPLICANTS, PLEASE LIMIT PROJECT PRESENTATION TIME TO 8 MINUTES FOR A FIRST SUBMISSION AND 3 MINUTES FOR A RE-SUBMISSION
