August 2017

Members of the Board of Supervisors
County of Fairfax
Fairfax, Virginia  22035

Chairman Bulova and Members of the Board:

We are pleased to forward to you the Fairfax County Planning Commission’s Report of Activities for Fiscal Year 2017. The Planning Commission continues to work diligently to uphold its mission of providing you with recommendations on land use matters that will result in orderly, balanced, and equitable County growth.

During Fiscal Year 2017, the Planning Commission held 50 regular meetings and workshops, 28 committee meetings, and heard verbal testimony from 255 speakers. In January, we held a Saturday seminar that explored the Planning Commission’s role in supporting the Fairfax County Economic Success Strategic Plan, in particular Goal 3 of increasing the speed, consistency, and predictability of the land development review process. Individual Commissioners have continued to work in their communities on land use matters, to include field visits, land use committee meetings, and interaction with applicants, citizens, and staff.

The Planning Commission has continued its outreach efforts through its monthly Planning Commission Roundtable broadcasts on Channel 16 and its quarterly Planning Commission newsletter. Every effort is made to provide timely, complete, and easily accessible information to both County staff and members of the public through both digital and more traditional means of communication.

The Planning Commission continues its commitment to ensure that Fairfax County is a great place to live, work, and play.

Respectfully submitted,

Peter F. Murphy
Chairman

MISSION

Planning Commission
The mission of the Planning Commission is to provide the Board of Supervisors and/or the Board of Zoning Appeals with recommendations on land use policies and plans that will result in orderly, balanced, and equitable County growth.

Planning Commission Office
The mission of the staff of the Planning Commission Office is to:

- Provide administrative support to the Planning Commission;
- Provide accurate and timely information to citizens about land use public hearings held by the Planning Commission and Board of Supervisors;
- Provide verbal and written assistance on land use issues;
- Actively support and encourage public participation in the land use process;
- Document actions of the Commission; and
- Provide information about actions of the Commission.

VISION

The Fairfax County Planning Commission and its administrative staff are committed to excellence in our work through support of open, honest, and respectful communication; respect for diversity; continuing innovation and technological advancement; encouragement of community involvement in the land use process; and dedication to delivering outstanding and cost effective service in an ever-changing environment.
The FY 2017 Report of Activities documents the activities of the Planning Commission from July 2016 through June 2017, including information about the number of meetings held; the number of speakers at public hearings; the number and type of land use actions taken by the Commission for the year; and the amount of “traffic” on the Planning Commission website in FY 2017. Also included is information regarding Planning Commissioners and staff, committee activities, and all land use actions taken by the Planning Commission in Fiscal Year 2017.

The high level of concurrence in Fiscal Year 2017 on actions taken by the Board of Supervisors as recommended by the Planning Commission continued as in previous years. This continues to demonstrate the high level of commitment undertaken by the Commission to ensure that the majority of issues raised by applicants and surrounding neighborhoods are resolved prior to consideration by the Board of Supervisors.

**OVERVIEW OF REGULAR MEETING ACTIVITY**

As illustrated below, the Planning Commission held 50 regular meetings and workshops during this past year. This is an increase from the previous year; in FY 2016 the Commission held 44 regular meetings.

![2017 Regular Meeting Data](chart.png)

The longest meeting (Wednesday, March 8th) of the fiscal year adjourned at 1:33 a.m. and the shortest meeting (Wednesday, January 25th) ended at 8:23 p.m. The March 23rd meeting was cancelled due to a snow event.
Quarterly Comparison of Regular Meetings

The data noted below highlights the quarterly comparison of meeting activity and actions over the past two years. While typically there are fewer meetings held during the first and second quarters (July through December) due to the August recess and December holidays, that was not the case in FY 2017.

2. Special Exception Applications  45
3. Public Facility Applications  40

**Trends by Land Use Application Category**

The graph below provides a comparison of the eight major land use categories for the past two Fiscal Years; FY 2016 and FY 2017. Rezoning applications were the most frequently acted on application type in FY 2017.
OVERVIEW OF COMMITTEE ACTIVITY

Planning Commission committees perform an essential role in developing recommendations for consideration by the Board of Supervisors on a variety of land use issues. Many committees meet jointly with other Board-appointed authorities and commissions (e.g. the Environmental Quality Advisory Council, the Park Authority, and the School Board). In addition to receiving input from County staff and private sector experts, all committee meetings are open to the public.

Eleven committees were appointed in FY 2017. In addition to the two standing committees (Personnel & Budget and Policy & Procedures), nine other appointed committees were: Capital Improvement Program, Environment, Housing, Land Use Process Review, Parks, Schools, Telecommunications, Transportation, and Tysons.

As shown above, there were 27 committee meetings held in FY 2017 (including the CIP Workshop).

Below are the FY 2017 standing and special committees of the Planning Commission and the number of times each committee met. The Housing, Personnel & Budget, and Parks Committees were appointed but held no meetings in FY 2017.

Additionally, the Commission held 27 Committee meetings and took action on 237 land use items. The Executive Staff transmitted to the Board of Supervisors (for public hearing or as Information Items) all actions and recommendations made by the Planning Commission.
Planning Commission Roundtable

Established in 2003, the Planning Commission Roundtable is a monthly video program about land use topics of interest to County citizens. Each broadcast is hosted by the Planning Commission Chairman, Peter F. Murphy and features subject matter experts as guests for each show.

The Planning Commission Roundtable is produced by the Cable Programming Division and broadcast on Fairfax County Channel 16 every Thursday at 6:30 p.m. and Wednesday at 10:30 p.m. (when the Commission is not meeting or if meetings have adjourned prior to that time). The show is also streamed through the County’s website and can be accessed via Channel 16’s Video on Demand feature at: www.fairfaxcounty.gov/cable/channel16/vod.htm. The FY 2017 Roundtable broadcast schedule is listed below.

Planning Communicator

Four issues of the Planning Communicator newsletter were published in Fiscal Year 2017 and included a snapshot of land use activity in each district and countywide. All issues of the Planning Communicator (since its inception in 2005) are available online at: http://www.fairfaxcounty.gov/planning/newsletters.htm.

CLERICAL AND ADMINISTRATIVE BRANCH

The five members of the clerical and administrative team are the Clerk to the Commission, Senior Deputy Clerk, two Deputy Clerks, and Planning Technician. They are responsible for clerking each meeting, preparing minutes of all regular and committee meetings, and completing verbatim transcripts of each action taken. They also verify the accuracy of written public notices and update all online information. This branch also prepares the electronic packages for the Planning Commissioners, including all staff reports and correspondence. In addition to responding to walk-in, telephone, written, and email requests for information, the staff registered or verified the addresses of the 255 speakers who testified during the FY 2017 public hearings.

Planning Commission minutes from 1992 through 2017 are available online to the public and may be found at http://www.fairfaxcounty.gov/planning/minutes.htm. Minutes from 1941 through the present are also available in PDF format and can be emailed upon request.
