

Existing Comprehensive Plan Policies
Co-location of Fairfax County and FCPS Facilities

Fairfax County Comprehensive Plan, 2017 Edition, Public Facilities, Amended through 11-1-2016, Public Schools, pages 6 - 9

Objective 6: Acquire sites for schools or educational facilities through negotiation, dedication, or condemnation. This may include the siting of schools or facilities in high density areas or on parcels of limited size.

Policy f. Coordinate the acquisition and design of the site's active recreation areas with the Fairfax County Park Authority and other agencies. This will ensure maximum opportunities for co-location and efficient use of recreational and other facilities.

Objective 9: Design schools and educational facilities to allow for optimal site utilization while providing optimum service to, and compatibility with, the local community.

Policy h. Consider co-location of schools with other public uses such as a library or a recreational center.

Objective 11: Encourage optimization of existing schools and other facilities, whenever possible and reasonable, to support educational and community objectives.

Policy e. Continue the practice of serving local communities for scouting, senior citizen programs, and other neighborhood based activities through the use of school facilities. Provide access to school grounds for community use of recreational facilities.

Policy f. Continue the practice of working in collaboration with the Fairfax County Office for Children and other organizations for the provision of space for before and after-school child care services.

Policy g. Continue the practice of allowing the Park Authority and other organizations to utilize sites before school construction begins.

Policy h. Provide space for other public service needs, when possible and reasonable, in underutilized schools.
