# Public Facility Review - VA § 15.2-2232

**State code requires** facilities to be shown in the comprehensive plan by controlling the “general or approximate location, character and extent of each feature.” No facility “shall be constructed, established or authorized, unless and until the general location or approximate location, character, and extent therefor has been submitted to and approved by the commission as being substantially in accord with the adopted comprehensive plan or part thereof. In connection with any such determination, the commission may, and at the direction of the governing body shall, hold a public hearing...”

“Failure of the commission to act within 60 days of a submission, unless the time is extended by the governing body, shall be deemed approval.”
