Notes/Narratives

On March 12th, 2015 I was notified that a student in the boy`s locker room improperly used a fire extinguisher. This took place during 4th period (1058-1144 hours). I have three witnesses that all observed [REDACTED] improperly used the fire extinguisher. One witness stated that there was `this powder like substance that came out and formed a cloud.` A few students stated that the powder caused their eyes to burn and cough.

I spoke to [REDACTED] and he stated that he did not use the fire extinguisher. The principal, [REDACTED] wants to press charges. The fire extinguisher was turned over to the Building Engineer, [REDACTED]

Nobody was injured or required medical attention. I will seek a petition for the fire code violation, 901.8, and I also consulted with the Fire Marshal`s Office about this incident. I sent a copy of this report and the Intake form to South County Intake Office.

Nothing further at this time.
