Employer Name/Address /				Business Phone

Notes/Narratives

I responded to Sandburg MS reference a student that was attacked by a dog yesterday. Onscene I spoke to the nurse [REDACTED]. She stated IO#1 told her an off-leash dog charged her while she walked home from school. IO#1 was not bitten, but she fell and sprained her right ankle from the incident (the dog jumped on her back causing her to fall). The incident occurred near the intersections of Alexandria Avenue and Accotink Lane. The dog is described as a large light-brown or tan unknown breed. It is unknown where the dog went after that, or where it resides.

I gave the nurse the case number in case the child finds out any more about the dog.

Case inactive at this time due to no workable leads.

Case will be printed out for roll call.

Notes/Continuation
