Notes/Narratives

I responded to the Starbucks at [REDACTED] for a larceny that had just occurred. When I arrived on scene I met with the complainant, [REDACTED], who is a Starbucks employee at this location. He advised that a teenage black male subject walked into the Starbucks, grabbed the tip jar located near the cash register, and fled the Starbucks on foot. He described the subject as a black male, 12-15 years old, medium black afro, clean shaven, wearing a dark jacket that was shorter than the light colored shirt he saw underneath the jacket, and was seen wearing brown cargo pants. He also advised the offender was seen with a longboard, and took off heading southbound on Richmond Hwy toward the KFC. The lookout was provided to other responding units checking the area. [REDACTED] advised that he was sure that Starbucks would prosecute if we were able to locate the offender.

Shortly after giving the lookout, [REDACTED] had detained a subject matching the description given in the lookout at the McDonald's on [REDACTED] Richmond Hwy. I advised [REDACTED] that we had someone detained and that I would like to conduct a show-up with the suspect. He advised he was willing and I transported [REDACTED] to the location where the suspect was being detained. I read [REDACTED] the show-up card instructions. [REDACTED] gave a positive ID and advised that the subject was "100%" the guy he saw take the tip jar from Starbucks. I transported [REDACTED] back to the Starbucks and provided him with my business card with the case number.

The offender was identified as [REDACTED], and due to his lack of cooperation with officers on scene with him, he was taken into custody and transported to the Mt. Vernon Station. When we arrived at the station, we notified [REDACTED]. She advised that he had been away from the house since Friday, and would respond to the station so that he could be released to her.

While we waited on [REDACTED], I spoke to [REDACTED] after reading him his Miranda Warning. He advised that he did not want to speak about tonight's incident, but I advised him that I was hoping to see what he knew about an incident that had occurred last night at another Starbucks in the district. He asked me what I meant, and I told him how the Starbucks in Mount Vernon Plaza had the same thing happen last night. He immediately told me that "It wasn't me, but I was there." I asked what he was doing there, and if he knew the person that did do it, and he said he was just getting a water there. He then refused to answer any further questions regarding either incident.

[REDACTED] arrived at the station, and was briefed on the incident. She was advised that I would be seeking petitions for [REDACTED] this coming week for petit larceny. [REDACTED] and his property was released to [REDACTED]

The \$8 that was recovered on [REDACTED] person was returned to Starbucks.

A copy of the approved report will be submitted to juvenile intake to obtain petitions.

Closed arrest.

Supplement Notes

While checking the area for the subject I went into the McDonalds in the Hybla Valley shopping center. I saw [REDACTED] sitting at a table wearing a hoodie with a long board next to him. He was using his phone. I could see an amount of cash behind his phone. I asked him what he was doing at the Starbucks. He said he wasn't there. I asked him why he took the tip jar. His rate of breathing increased. He said he did not take the tip jar. I paused for effect and then asked if he still had the money. He said he did and that it was in his pocket. I asked him to take it out and place it on the table. He then put the money that was in his hand on the table. He said he had no more money on him. He was belligerent and uncooperative. He would not give me his name at first and said he did not know his mothers phone number or his address. He was transported to the Mt Vernon station where we were able to contact his mother who hadn't seen him since Friday. I explained the situation to his mother once she arrived at the station, and [REDACTED] was released to her.
