## Notes/Narratives

On 12-17-2016 I responded to Sandburg Middle School for multiple door alarms. When I arrived on scene [REDACTED] was already at the location with [REDACTED] informed us that there were about five other kids inside the school all about 14 years old. They got into the school by having one of the subjects go up on the roof, then opened a door in the courtyard allowing the other subjects inside.

[REDACTED] and I then went inside the school in search of the subjects. Upon our entrance into the location I announced Fairfax County Police and for them to make themselves known. No response was heard so we proceeded to search the location. The subjects were quickly located in the gymnasium playing basketball. They were sat down on the bleachers and asked about what they were doing inside the school. They were reluctant to tell the truth, but quickly told us how they got inside the school and confirmed [REDACTED]

[REDACTED] was boosted up onto the roof of the building. He then dropped down into the courtyard in the middle of the school where he gained access inside. He then went to door eight and let the other six subjects inside. Nothing inside of the school was damaged or broken.

The parents were contacted and told come to the school pick up their child. When the parents arrived at the location they were informed of the incident. The subjects were given a summons for oral counseling. The children were then released to their parents and left the location.

The premise was then secured before we left.

Case closed by arrest. Info Copy Carl Sandberg Middle School SRO
