#### **INTRODUCTION:**

Since July 1, 1940, the Fairfax County Police Department (FCPD) has engaged with the community to ensure Fairfax County remains the safest jurisdiction of its size in the United States. The men and women of the FCPD continue to achieve our vision of; preventing and fighting crime, improving the culture of safety and preserving the sanctity of all human life, and keeping pace with urbanization.

The McLean District Station is one of eight police districts within Fairfax County and encompasses over 44 square miles with a residential population of approximately 170,000. The McLean District includes the commercial areas of McLean, the Mosaic District and Tysons, the 12th largest business district in the country and headquarters to five Fortune 500 companies. The district also hosts the headquarters of a number of federal agencies. Due to our strategic location near Washington, D.C, many federal workers and dignitaries reside in McLean District. We are especially pleased to be an inclusive community with many demographic populations, cultures, religions, and freedoms of expression.

The McLean District Station is commanded by Captain Alan Hanson and Lieutenant Timothy Field. Both commanders bring a vast array of experience and knowledge, and have served in many capacities in their police careers. The district station includes more than 136 sworn Police Officers, 8 sworn Auxiliary Police Officers and over 20 non-sworn employees including; Administrative Assistant, Chaplain, Crime Analyst, Crossing Guards, Police Citizen Aides, Station Logistics Technician, Victim-Services Specialist, and Volunteers in Police Service.

The commanders believe in freedom and creativity, setting a motivational environment for the officers to successfully solve crime and community issues. In their strategic plan and station vision, they have emphasized several key initiatives: Traffic Enforcement, Community Engagement, Crime Reduction and Prevention, and Officer Safety and Wellness. Our commanders strongly believe in the value of fairness and its application to the officers and the public they serve. Their core philosophy is serving with an ethical foundation, taking pride in everything you do, and giving your best effort, even in the face of controversy and challenge.

Teamwork defined: The process of working collaboratively with a group of people to achieve a common goal or mission. Captain Hanson and Lieutenant Field use this teamwork approach to accomplish the Department's mission in the McLean District.

In the following pages, you will find a collection of data, statistics, highlights, pictures and community engagements, all of which offer a glimpse of 2018 in the Mclean District. This annual report captures most, but not all, of the tremendous work the officers of the McLean District Station have exhibited in 2018.

We take great pride in serving our community and continue to look for opportunities to create and improve dialogue. The exchange of information, ideas, and concerns, make us stronger and more connected. We strive to nurture these relationships within our diverse communities to become a nationwide model of community and police partnership.

Thank you,

Captain Alan Hanson and Lieutenant Tim Field

#### **GEOGRAPHIC LOCATION:**

The McLean District Station comprises one of eight "police district stations" serving Fairfax County. To provide geographic perspective, figure 1 below provides a map of all eight police district stations serving Fairfax County, with benchmark streets and highways. In addition to the McLean District Station (3), the other Fairfax County district stations include: Sully (Station 1), Mount Vernon (Station 2), Mason (Station 4), Reston (Station 5), Franconia (Station 6), West Springfield (Station 7), and Fair Oaks (Station 8).

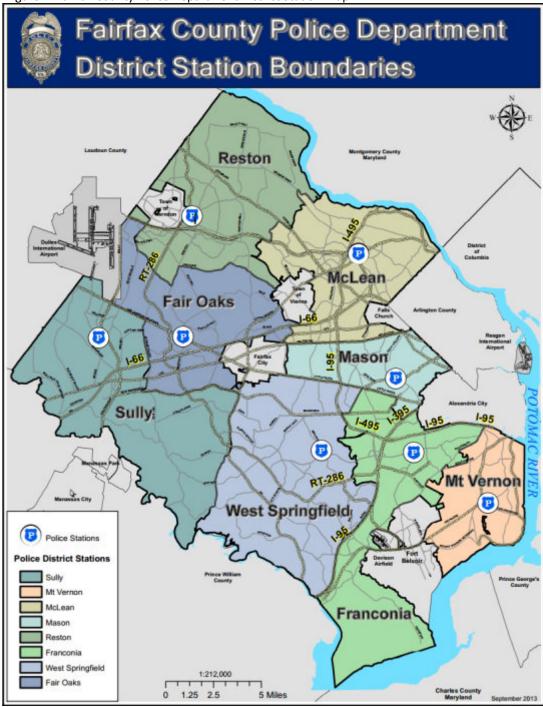

Figure 1. Fairfax County Police Department District Station Map

As can be seen from the map, the McLean Station is physically located, in the northeast corner of Fairfax County. The Station serves McLean, Tysons, Pimmit Hills, Merrifield, Dunn Loring, Idylwood, and portions of Wolf Trap, West Falls Church and Great Falls. Its' central address is: 1437 Balls Hill Road, McLean VA 22101 and the contact phone number is 703-556-7750.

For crime analysis assessment and police dispatch services, the McLean District Station is subdivided into five "police service areas" (PSAs). As indicated in figure 2, these include PSA 300 (Census designated places of Wolf Trap and portions of Tysons), 310 (Portions of the census designated places of McLean, and Great Falls), 320 (Portions of the census designated places of McLean, Pimmit Hills, and Tysons), 330 (Portions of the census designated places of Tysons, Dunn Loring, Idylwood, and Merrifield), and 340 (Portions of the census designated places of Idylwood and West Falls Church).

An additional seven subdivisions (referred to as "patrol areas") have been created within the five PSAs of McLean Station to (a) aid in the administration, (b) provide finer clarity of where crimes are being committed, and (c) assist in the dispatching process. These patrol areas, include: 301 (A portion of the census designated place of Tysons), 302 (A portion of the census designated place of Tysons), 311 (A portion of eastern side of the McLean census designated place East of I-495), 321 (The eastern side of census designated place of Tysons along the western side of Pimmit Hills), 331 (The southern portion of the census designated place of Tysons, all of Dunn Loring and portions of Idylwood), 341 (the north western portion of the West Falls Church census designated place), and 342 (The north eastern portion of the West Falls Church census designated place).

Figure 2. Fairfax County Police Department District Station, by Patrol Service Areas

Of particular importance is the Tysons area,

where the Commonwealth of Virginia and business community have expended sizeable funding to build a major economic development sector. We have also seen rapid urbanization in the areas of the Mosaic District and the Dunn Loring Metro. With increased economic growth, the potential for increased crime can follow. In this report, we present crime trends over a 4-year period of time (2015-2018). Consumers can view changes over time in the crime data, for their respective areas of interest, to determine levels of safety as well as potential areas of concern. These four years of analytical crime data are presented in the following sections of this report for residents, businesses, and community groups to digest in collaboration with the FCPD, to bring about greater early intervention and prevention strategies.

In all, the McLean District Station encompasses 44.22 miles of land and 709 miles of roadway, a sizeable expanse to control. However, as viewed in the data section of this report, the Fairfax County Police Department in collaboration with the various communities, have been able to maintain a relatively low rate of crime.

#### **POPULATION:**

Population continues to grow throughout Fairfax County, as well as in the McLean District Station (the key area of concentration in this report). In 2015, the population living in both households and group quarters across the 12 Police Service Areas (PSAs) of the McLean District amounted to 149,125 individuals. As indicated below, that population figure is expected to grow sharply over time.

With greater population growth, the incidence and rate of crime, calls for police service and traffic problems have a tendency to rise as well. The relationship between population growth and various types of crime and traffic problems will need to be carefully monitored, with police dispatching modifications made as necessary.

Table 1. Expected Total Population and Growth across the 12 PSAs of the McLean Station for 2020, 2030, and 2040

Years	Expected Population	Expected Population Growth (%) Since 2015
2020	172,910	16.0%
2030	210,962	41.5%
2040	241,312	61.8%

These population figures do not include the many thousands of individuals taking advantage of the hotels, retail establishments, restaurants, movie theatres, etc. in the McLean District on a continuous or sporadic basis. There are no valid, agreed-upon population statistics for these target audiences to date.

Looking specifically at Tysons, the big economic driver within the McLean District, the population growth is even more substantial. For the total Tysons area (including: Tysons East, East Side, Old Courthouse, Tysons Central 7, Tysons West, West Side, North Central, and Tysons Central 123), the total household and group quarters population for Tysons in 2015 was 20,042. Expected Tysons population growth for 2020, 2030, and 2040 is substantially higher (see Table 2 below).

Table 2. Expected Total Population and Population Growth across Tysons for 2020, 2030, and 2040

Years	Expected Population	Expected Population Growth (%) Since 2015
2020	34,843	73.8%
2030	66,945	234.0%
2040	90,985	354.0%

The reader should be aware that these population figures do not cover the large number of passengers exiting from the four new Silver Line Metro stops into the Tysons area each day, and the large number of automobiles pulling into Tysons parking lots each and every day. Knowledge of quick exit ways from the malls can foment added crimes being committed over and above those already expected. At this point, the number of criminal incidences taking place by persons living in geographic areas outside the McLean District is unknown.

Table 3 shows the expected population across the 12 McLean District Station Patrol Areas for the years 2020, 2030, and 2040, as well as the population growth expected across these areas since 2015.

#### **Calls for Service**

The Fairfax County Police Department gathers Calls for Service statistical data based on the date the call is entered into the FCPD Records Management System. This report specifically represents the McLean District Station Calls for Service, whether generated by citizen calls or self-initiation on the part of the officer. Calls for Service captured in this report include all dispositions whether Founded or Unfounded and excludes those with a description of Null or Miscellaneous. Statistics for CY2015, CY2016, and CY2017 used in this report may differ from those published in previous reports. Additional cases were reclassified as they were under active on-going investigations after publication. This may include status changes to initial offenses and reclassification of offense titles from the initial date reported.

There are three main categories of Calls for Service included in the number of Calls for Service for which FCPD has rendered service: **Criminal, Service, and Traffic.** 

Calls for Service include the following categories:

#### **TRAFFIC CALLS:**

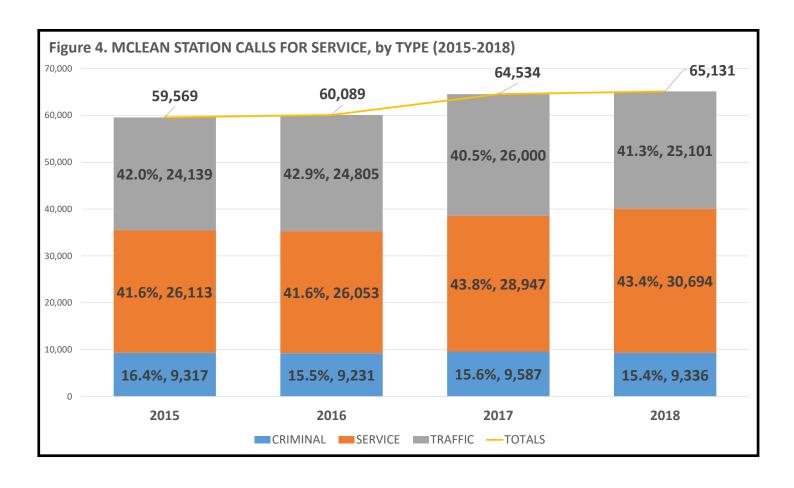

Abandoned Vehicle, Accident, Accident Non-DMV Reportable, Disabled/Stranded Motorist, Fatal Accident, Fire Department Vehicle Accident, Hazard in Roadway, Inoperative Vehicle on Private Property, Parking Violation, Road Check, Traffic Complaint/Violation, Traffic Control, Traffic Enhancement, Traffic Pursuit, Traffic Stop, Train Accident or Fire

The Tysons Urban area is comprised of two whole Patrol Areas and portions of three others. Figure 7 is an **estimated** calculation of the Calls For Service of the events within each of those parts. The Police record management system is not currently configured to make the separation and the calculations were made utilizing mapping software. Some events may have calculated differently based on the location value either captured from the vehicles GPS or assigned by the dispatch system.

Figure 9. FCPD MCLEAN STATION CALLS FOR SERVICE BY PATROL AREA

The Fairfax County Police Department Calls For Service statistics below are based on requests for police service as received by the call taker for citizen calls and/or by the primary officer for officer initiated calls. Calls for service are tabulated by year based on the year of the date on which the call was entered.

The below calls for service data excludes event category values of Court, Admin and Null and event descriptions of Miscellaneous Complaint and Null.

\*OTHER indicates data without a station indicated in the Records Management System.

Overall the Calls for Service in the McLean District increased by 1%. With both Criminal and Traffic falling slightly. The number of Service related calls increased by 6% in 2018. Within that group Suspicious Event related calls were the greatest, increasing 18.5% over 2017 totaling 11,985 calls in 2018. Overdose related events increased by 14% with 277.

Reportable crashes are those that meet the criteria established by Virginia State Legislature and have been enacted into the Code of Virginia, § 46.2-373. Report by law-enforcement officer investigating accident. "Every law-enforcement officer who in the course of duty investigates a motor vehicle accident resulting in injury to or death of any person or total property damage to an apparent extent of \$1,500 or more, either at the time of and at the scene of the accident or thereafter and elsewhere, by interviewing participants or witnesses shall, within twenty-four hours after completing the investigation, forward a written report of the accident to the Department."...

## Let's remember why we lock up Drunk Drivers

Every day, 28 people in the United States die in an alcohol-related vehicle crash—that's one person every 53 minutes. Drunk driving fatalities have fallen by a third in the last three decades; however, the chance of being in an alcohol-impaired crash is still one in three over the course of a lifetime. These deaths and damages contribute to a cost of \$52B per year.

**DEATHS FROM ALCOHOL IMPAIRED CRASHES IN 2017.** 

Calls for Service that are initially put into the Criminal category are subject to being investigated by a responding officer before they are considered to be a crime for reporting purposes. Once an officer makes this determination the event becomes what is referred to as an incident and is then documented in a Field Investigation Report. Figure 15 below shows the number of Criminal calls for 2018 in the McLean District, sorted by the total and by Patrol Area. The number of reported incidents will start on the next page.

#### **Group A IBR Offenses**

The Fairfax County Police Department gathers statistical data based on the Virginia State Police Uniform Crime Reporting Incident Based Reporting (IBR) system. Information relating to two different levels of offenses is collected by the IBR system. The most serious offenses are designated as Group "A" offenses; the less serious offenses are designated as Group "B" offenses. IBR offenses are divided into three categories: "Crime Against Persons," "Crimes Against Property," or "Crimes Against Society."

- Crimes Against Persons are those whose victims are individuals.
- The object of Crimes Against Property is to obtain money, property, or some other benefit.
- Crimes Against Society represent society's prohibition against engaging in certain types of activity.

The use of named districts indicates activity within the particular police district's geographical boundaries regardless of officer assignment. This data is not reflective of Board of Supervisor District boundaries.

- This report represents the Fairfax County Police Department's Group A IBR Offenses as published in the Statistical Reports for calendar years 2015-2018.
- Crime Against Persons are calculated by the number of victims of reported offenses based on the dates reported.
- Crimes Against Property and Crimes Against Society are calculated by the number of reported offenses based on the dates reported.
- IBR Offenses captured in this report exclude those with a disposition of Unfounded.

NOTE: Statistics for CY2015, CY2016, CY2017, CY2018 used in this report may differ from those published in previous reports. Additional cases were reclassified as they were under active on-going investigations after publishing. This may include status changes to initial offenses and reclassification of offense titles from the initial date reported.

### **Community Outreach Officer**

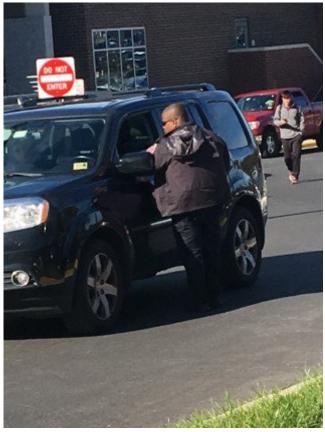

2018 was a year of many changes to include an additional focus on community outreach. PFC E. Cherry has been temporarily assigned from her patrol position to the role of the Community Outreach Officer. Her mission is to enhance our ties and communication with community members and to seek and develop new relationships.

### **McLean Citizens Advisory Committee**

CACs enhance communication between residents and the FCPD and offer residents a chance to dialogue with members of their local police districts. Members are kept informed about significant safety matters in their neighborhoods, and are encouraged to bring any issues or questions to the attention of local police commanders.

To get involved, please email us at McLCapt@fairfaxcounty.gov.

## McLean District Station 2018 Crime Prevention Programs

Community crime prevention programs and strategies target changes in community infrastructure, culture, or the physical environment in order to reduce crime. The diversity of approaches include neighborhood watch, community policing, urban or physical design, and comprehensive or multidisciplinary efforts. These strategies may seek to engage residents, community and faith-based organizations, and local government agencies in addressing the factors that contribute to the community's crime, delinquency, and disorder. At the McLean District Station, we strive to implement programs and strategies, network with our vast community partnership, and seek solutions with long term success. Some, but not all, initiatives are included below.

- Don't Block the Box campaign
- DWI Enforcement
- Six-Pack Patrols
- DWI Checkpoints
- Shoulder Tap operation
- "Sticker Shock"
- Bicycle and Pedestrian Safety (day shift)
- WO&D campaigns
- NHTSA Safety Awareness- Seat Belts (Langley and McLean HS)
- School Speed Zone campaigns
- Distracted Driving Awareness month campaign
