

RESET

A RESTON DISTRICT STATION COMMUNITY PARTNERSHIP

RESPONDING TO EARLY SIGNS OF EMERGING TRENDS- RESET

Utilizing department resources and technology in conjunction with available county resources to provide our community with the best possible customer service. In order to accomplish this mission, the team will review relevant crime trends as well as solicit direct feedback from the community through in-person, virtual, and digital correspondence channels. Ultimately, we aspire to enhance community safety by developing positive relationships and open lines of communication through a two-tiered approach of community-driven engagement and law enforcement action. A co-production initiative consisting of both law enforcement and community input is paramount to the success of the RESET Initiative.
