\*Number of Suicides - Does not include attempts and is based on incident reports rather than calls for service

\*\*2016 numbers are preliminary and represent deaths through September 2016

\*\*Human trafficking statistics are not available

\*\* Please define response time as the time from the call was received to the time the first unit arrived on scene.

### Response Time

Response Time indicates the length of time elapsed (in minutes) from the time a call was entered by DPSC to the arrival of the (first) officer on scene.

**Priority 1:** A life threatening event is occurring or has occurred.

**Priority 2:** An event of serious threat to property or public order or the possibility of escalating to life threatening exists.

**Priority 3:** An event presents a threat to public safety or convenience.

For Priority 1-3 calls for service, response times are filtered to exclude those responses with indicated values or times equal to or greater than 65 minutes. This exclusion accounts for outlier values created when the first responding officer's time of arrival on scene has not been captured in a given event.

**NOTE:** Priority 4-9 events are not included in provided data statistics because the call nature may be associated with on-line reporting and creates a skewed data representation of a longer response time.

### **How does your agency define/classify Human Trafficking Investigations? (E.g. What types of charges are included?)**

#### **Human Trafficking is defined as follows:**

1. The act of compelling any person to work or to engage in a commercial sex act.
2. The act of inducing anyone under the age of 18 into engaging in any sexual act in exchange for anything of value (money, clothes, drugs, food, shelter, etc.)

**The federal definition is:** To induce, recruit, harbor, transport, provide, or obtain a person through force, fraud, or coercion, for the purposes of forced labor or commercial sex.

**The state definition (and the state charge 18.2-357.1) is:** Any person who, with the intent to receive money or other valuable thing or to assist another in receiving money or other valuable thing from the earnings of a person from prostitution or unlawful sexual intercourse solicits, invites, recruits, encourages, or other causes or attempts to cause a person to engage in commercial sex.
