GROUP A IBR OFFENSES

FAIRFAX COUNTY POLICE DEPARTMENT STATISTICAL PACKAGE - GROUP A IBR OFFENSES YEARS: 2018 & 2019

February 2020

The Fairfax County Police Department gathers statistical data based on the Virginia State Police Uniform Crime Reporting Incident Based Reporting (IBR) system. Information relating to two different levels of offenses is collected by the IBR system. The most serious offenses are designated as Group "A" offenses; the less serious offenses are designated as Group "B" offenses. Group "A" offenses consist of 22 categories of crimes involving 46 different offenses; a maximum of 10 offenses per incident may be reported. Group "B" offenses, consisting of 12 crime categories, only require reporting arrest data and the identification of the case and reporting agency. IBR offenses are divided into three categories: "Crimes Against Persons," "Crimes Against Property," or "Crimes Against Society." Crimes Against Persons are those whose victims are always individuals. The object of Crimes Against Property is to obtain money, property, or some other benefit. Crimes Against Society represent society's prohibition against engaging in certain types of activity. The use of named Districts indicates activity within the particular police district's geographical boundaries regardless of officer assignment. This data is not reflective of Board of Supervisor District boundaries.

This report represents the Fairfax County Police Department's Group A IBR Offenses.

Crimes Against Persons are calculated by the number of *victims* of reported offenses based on the date reported.

Crimes Against Property and Crimes Against Society are calculated by the number of reported *offenses* based on the date reported.

IBR Offenses captured in this report exclude those with a disposition of Unfounded.

NOTE: Statistics for 2018 used in this report may differ from those published in 2018 reports. Additional cases were reclassified as they were under active investigations after the 2018 report was published. This may include status changes to initial offenses and reclassification of offense titles from the initial date reported. The 2019 report is also subject to change due to reclassification.

2018 Case Status & Closure Rates

The following Group A offense "closed" status and "closure rates" are based on case disposition at the time of publishing. Closed status includes the following disposition types: Closures by Arrest, Exceptional closures and Service closures for all founded offenses. Exceptional closures include those where investigative efforts for a crime committed result in circumstances where it is beyond police means to make an arrest. Service closures include those where investigative efforts determine that there was no crime committed. Closure rates are calculated based on the percentage of "closed" dispositions in comparison to the overall number of reported offenses in each category. The number of offenses includes both those where the offender attempted an offense and those where the offender completed the offense. The calendar year included represents the year in which the crime was reported.
