FEEDBACK

Keyword Search

Date	Is there anything else you would like to add about your interaction?
2024-10-31	Weekends teenager activity on streets
2024-10-31	In the first page of this survey the choice of "reported" only allows for "reported in line" Interaction was good
2024-10-31	The officers come very late and slow I waiting over 1 hour for police to come
2024-10-30	Very displeased with the response time. While I understand that there are many factors at play, it took the dispatching officers over 20 minutes to reach our location. On a previous occasions, it took the officers 12-15 minutes to arrive. While the officers arrived during one critical situation, during the time it took the officers to dispatch to our location, my family's safety could have been compromised. I am grateful to the Fairfax County Police Department for serving our community but the response time could be tremendously improved, as I cannot imagine what could escalate in the time between a 911 call and the officers arriving.
2024-10-30	Thank you for the professionalism and service. your prompt response.'s greatly appreciated.
2024-10-30	While my interactions with the various department members was uneventful, there was disappointment in the entire process. A large dead deer was pulled from the roadway and left on my driveway sideline. It was reported immediately. Within a few hours, my entire front driveway was engulfed with flies and maggots creating a very unhealthy environment. I find it hard to believe, no service to remove the carcass occurred in a timely manner to avoid the human hazard created by the insects. I really expected more from Fairfax County service. Thank you for the opportunity to share my experience.
2024-10-30	I called on behalf of the property manager for Seven Corners. No one asked for his information this time. We have a trespass order and are dealing with homeless people begging and sleeping in places around the center. There have not been thefts or violence that I'm aware of.
2024-10-30	That intersection (Old Keene and Blarney Stone Dr) where the accident happened is so scary :(I live in the adjacent neighborhood and I've seen a few near misses between other cars there over the years. I wish that at least it wasn't legal to make a left from Blarney Stone Drive (from either direction) onto Old Keene Mill because the corner is mostly blind. Since the corner is blind people go too fast to try to be faster than the Old Keene traffic they can't see yet. The worst part is there's a well used crosswalk to a bus stop through that intersection and nobody seems to pay attention to it because it's hard to see unless you know it's there. Anyway, thank you
