Board Matter

RZ-2023-PR-00018 Dunn Loring Elementary School

Concurrent Processing of Site Plan

Members of the Board,

As you may know, the Fairfax County School Board recently submitted RZ-2023-PR-00018 to permit the development of a new Dunn Loring Elementary School on the northwest side of the intersection of Idylwood Drive and Gallows Road (Tax Map 39-4-((1))-24). The existing Dunn Loring Administrative Center building located on this 9.97-acre site would be replaced with a new building and facilities to support a new school.

To maintain their CIP schedule, the Fairfax County School Board has requested concurrent processing of a site plan with their recently submitted zoning application RZ-2023-PR-00018.

I anticipate that Fairfax County Public Schools staff and their representatives will initiate additional community outreach and engagement shortly to inform and receive feedback from the community regarding the pending zoning application.

I move that the Board authorize the filing of a site plan and direct Land Development Services to accept the site plan for concurrent and expedited processing with the pending processing of the zoning application RZ-2023-PR-00018. Fairfax County Tax Map 39-4-((1))-24.

This motion does not relieve the School Board from complying with all regulations, ordinances, or adopted standards, and will not prejudice this Board's consideration of the application.
