Reference: Reason for Letter: Preliminary Site Visit  
Project Name: Little Pimmit Run Sewer Realignment Project  
Project No.: WW-000028-016

Dear "[Recipient's Name]" :

This letter is to inform you that the Little Pimmit Run Sewer Realignment project is currently under way. Fairfax County has been working on the realignment of sanitary sewers located along Little Pimmit Run between Franklin Park Road on the South and Kirby Road on the North. The County has contracted Kimley-Horn & Associates Inc. to provide feasible options for new locations for the sanitary sewer. They will be performing site visits during the weeks beginning April 26 and May 3.

You may see consultant staff in the field during these site visits. If they plan to cross your property, they will knock on your door to make you aware of their presence. They will be documenting surrounding plant life, such as trees, as well as underground and above ground utilities and structures.

If you have any questions, concerns, or would like more information regarding the project, please contact my office at 703-810-9727 or send me an email at [Suzanne.Harding@fairfaxcounty.gov](mailto:Suzanne.Harding@fairfaxcounty.gov). Thank you in advance for your understanding as we work to improve the wastewater collection system in your area.

Sincerely,

/S/

Suzy Harding, P.E., Project Manager  
Wastewater Design & Construction Division

Enclosures: As Stated

cc: Magdi Imbabi, Director, Wastewater Design and Construction Division  
Matthew Doyle, Branch Chief, Wastewater Design & Construction Division  
Colleen Block, Engineer IV, Wastewater Design & Construction Division
