E. Capital Improvements, Renovations

Capital expenditures are investments in remodeling or replacements that materially add to the value of the property, or appreciably prolong its economic life. Generally, expenditures on materials or equipment with a life of more than one year should be considered capital and included here. If this section applies to your property, please answer yes and list on an attached sheet the items considered to be capital improvements. Enter the total amount of the capital cost for this reporting period only. For each line enter a description of the improvements, the total cost and the life of the improvements in years. The life of the improvements is the number of years the improvement will last, or the number of years over which it will be amortized. This section helps to compile accurate maintenance expense data for each property type. Furthermore, list all items of deferred maintenance with the cost to repair the item.

New Construction – Submit most recent AIA documents G702 and G703 with the itemized construction costs and all associated soft costs.

F. Furniture, Fixtures and Equipment (FF&E) and Personal Property

Self-explanatory.

G. Additional Information

Self-explanatory.

H. Certification

Certification of this information by the owner or officially authorized representative is required by state law (Code of Virginia 58.1-3294). A copy of this code will be provided upon request. Please print or type the name and title of the person certifying the information. Also, provide the name and phone number of the person to contact with questions about the information. Indicate the type of accounting method employed in completing this survey.
