GENERAL INFORMATION

- Gross receipts means the whole, entire, total gross receipts attributable to the licensable activity, without deductions. They should be reported on a calendar year basis using the same accounting method as income tax returns.
- Gross purchases means all goods, wares and merchandise received for sale at each definite place of business of a wholesale merchant.
- The license tax is assessed based on the gross receipts (or purchases, for wholesale merchants) for the prior year, minus any applicable exclusions. For the first partial and full calendar year of operation, an estimate of the gross receipts is required. More information about tax assessment can be found online at www.fairfaxcounty.gov/taxes.
- Section 4-7.2-3(C) and Section 4-7.2-7(B) of the Fairfax County Code provide, if either the filing or payment date falls on Saturday, Sunday, or legal holiday, then any return due may be filed and payment made without penalty or interest on the next business day.
- Owners or managers of leased residences, apartments, commercial property, or industrial facilities located in Fairfax County must attach a separate listing of buildings or projects owned or managed and include the location of the property and the annual rent by each location.
- All receipts from the sale or rental of real estate developed by its owner are licensable under Section 4-7.2-21 of the County Code. Real estate purchased and then rented by its owner is licensable under Section 4-7.2-27.
