

Fairfax County Sheriff's Office CY 2022 Equity Impact Plan

Leadership Sponsor: Lieutenant Colonel J.J. Snyder – Chief Deputy, Operations

Equity Lead(s): Captain Kevin Aughavin – Chief, A/B Confinement Branch

Departmental Equity Guiding Statement: The Fairfax County Sheriff's Office is committed to building trust within our community and serving all those we encounter equitably. We will accomplish this by maintaining the highest level of professionalism, while striving to continually review and improve practices to ensure that all members of the Fairfax County community feel safe and valued.

Context: Inequities have been observed in the community for individuals with behavioral health issues, disabilities, substance use disorders, and other at-risk groups within the community. Many times, individuals dealing with these issues find themselves interacting with the Criminal Justice System and the Sheriff's Office through the Civil Enforcement process, the court system or in a confinement setting.

The Sheriff's Office has spearheaded numerous efforts to expand services and treatments offered to these marginalized community members. The demand for these services continues to increase and we are committed to growing with the demand.

Long-term Outcome(s):

System-Level Infrastructure: The Sheriff's Office will make a concerted effort to work with the other key stakeholders in the county with whom most of our services overlap. This would include the Fairfax County Police Department, the Community Services Board, and all divisions of Fairfax County Court Services. The goal of this involvement will be to ensure that all partner agencies are following industry best practices in recognizing and mitigating social inequities throughout the criminal justice system in Fairfax County. Additionally, the Sheriff's Office will continue to partner with agencies outside of Fairfax County such as the Department of Justice, the Department of Criminal Justice Services, and the Virginia Department of Behavioral Health & Developmental Services. Through these partnerships, the Sheriff's Office will continue to offer training and development opportunities for its staff and provide them with the tools needed to best serve marginalized members of the Fairfax County community.
