

PUBLIC INFORMATION MEETING FOR THE RICHMOND HIGHWAY BUS RAPID TRANSIT (BRT) SYSTEM FAIRFAX COUNTY, VIRGINIA

Bus Rapid Transit (BRT) systems are high-quality public transportation systems designed to be fast, reliable, and more convenient than traditional bus routes.

Fairfax County staff are implementing a **BRT system** along Richmond Highway and North Kings Highway from Huntington Metrorail Station to Fort Belvoir.

This is the first round of community meetings focused on this BRT project!

Join us to learn about...

- » The project background and related studies
- » Features of BRT systems
- » How to stay involved

There will also be many opportunities to share your input!

The meetings will be open houses from 6:30-8:30 PM, with a presentation given at 7:00 PM. Come any time!
