Striping Modifications

FAIRFAX COUNTY COMPREHENSIVE PLAN

- Seeks to improve traffic safety and provide transportation options to people around the County
- [Bicycle Network Plan](#): Establishes key bike route network and suggests type of bicycle facility
- Safer/more comfortable facility type can be implemented if space allows
- Routes can be added to connect destinations/origins to the bike network
- Implementation Options (if no road widening needed):
 - Capital Projects (\$\$\$)
 - Through Paving & Restriping Process (\$)

TYPES OF BICYCLE RIDERS IN FAIRFAX COUNTY

TYPES OF BICYCLE FACILITIES IN FAIRFAX COUNTY

SHARED LANE MARKING (SHARROW)

Shared lane markings indicate a shared travel lane for bicycles and cars.

Motorists may legally cross the double yellow line in order to safely pass a person riding a bicycle, as long as the oncoming lane is clear.

STANDARD BIKE LANE

Bike lanes give bicycles and cars their own spaces, making it safer to pass legally.

BUFFERED BIKE LANE

Buffered bike lanes provide additional space between bicycles and cars. The extra space makes both cycling and driving more comfortable.

BENEFITS OF BICYCLE INFRASTRUCTURE

THE TRAFFIC CALMING EFFECT

Annandale Road

BEFORE

Speeding Concerns

AFTER

Top speeds virtually eliminated

PEDESTRIAN SAFETY

Opportunity to review

- Study busy pedestrian crossing locations without crosswalk markings
- Upgrade existing crosswalk striping
- Evaluate for signage and other safety improvements

COMMUNITY FEEDBACK

- **Paving-related comments** (e.g., drainage issues, missing signage, signal repair, walkway repair and sight distance issues due to vegetation overgrowth) should be submitted through the myVDOT portal: <https://my.vdot.virginia.gov/>. If you would like to request road repairs, please follow the "I need a road repaired" link on the VDOT portal or call 1-800-FOR-ROAD (1-800-367-7623).

Unfortunately, no additional roads can be added to the preliminary 2020 paving schedule at this point.

- **Striping-related comments** (e.g., marked parking lanes, crosswalks, and/or sight distance issues due to parked vehicles) can be submitted [electronically](#) to FCDOT.
