

Public Information Meeting

North Beauregard Street and North Chambliss Street Intersection

Supervisor Penny Gross and Fairfax County Department of Transportation (FCDOT) invite you to a public information meeting to provide an update on the traffic analysis and safety improvements at the intersection of North Beauregard Street and North Chambliss Street.

The proposed project is part of the FCDOT spot improvement program in the Mason District. Original scope of work included removing the right turn lane onto Shackelford Terrace, as well as southbound North Chambliss Street, which merges onto North Beauregard Street. The median will be widened toward the west. A third lane will be added to southbound North Chambliss Street at the intersection and to the southbound receiving lane on North Beauregard Street.
