Martha Elena Coello
Secretary
Phase 1 Dulles Rail Transportation Improvement District Commission

RE: Dulles Rail Tax Commission- Phase 1

Dear Ms. Coello:

The Petition and Virginia Code require that the Advisory Board provide you an "annual report on the transportation needs of the district and on the activities of the advisory board...." To that end, accompanying this letter, are the draft minutes of the Phase 1 Advisory Board meeting which was held on March 15, 2021. While these minutes are in draft form, they accurately represent the transportation needs of the district and the Phase 1 Advisory Board's activities. This letter and draft minutes constitute the Phase 1 Advisory Board's annual report to the Commission.

The Phase 1 Advisory Board had a quorum at our meeting on March 15, 2021 and therefore we formally endorse County Staff's recommendation that the tax rate remain at \$0.09/\$100 for FY 2022. The attached draft meeting minutes accurately reflect that those members present at this Phase 1 Advisory Board meeting supported this recommendation.

Sincerely

A handwritten signature in black ink, appearing to read 'Thomas Fleury', with a long horizontal flourish extending to the right.

6. Dulles Corridor Metrorail Project Update – Martha Coello

Ms. Coello provides an update on Phase 1 noting that the Old Meadow Road realignment is now complete. Other VDOT punchlist work remains outstanding and is expected to be completed in Summer 2021. The budget for Phase 1 remains at \$2.98 billion.

Phase 2 is overall 99% complete. Package A represents the rail line and stations. Package B includes the rail yard at Dulles. Package A remaining work includes dynamic and functional testing as well as interior station finishes and clean up. Package B remaining work includes equipment testing, remedial track work, software programming and punch list work.

The target substantial completion for Package A is Labor Day 2021 as recently announced by MWAA. Package B's target substantial completion is Summer 2021. Revenue service date will be established by WMATA. WMATA will need 6 months after substantial completion to complete testing and open the system for a potential start in early 2022 for Phase 2 revenue service operation. The overall budget for Phase 2 is \$2.778 billion with \$2.420 billion expended to-date. The remaining contingency is \$168.5 million.

Ms. Coello provides details and background information on the outstanding quality issues under discussion for resolution which include faulty concrete panels, concrete ties cross level deficiencies, and software tie-ins between Phases 1 and 2. Overall, there are 17 outstanding quality issues with 7 items under resolution implementation and 10 items under discussion.

Ms. Coello and Mr. Biesiadny provide updates regarding WMATA's 2022 budget proposal under consideration for approval and adoption in April 2021. The General Manager's original recommendations included bus service cuts and station closings which were objected by the County's Board. The most recent Federal Stimulus legislation will provide \$1.2 billion for transit needs in the region which will resolve the General Manager's concerns relative to the FY 2022 Metro budget.

MEETING MINUTES

Metro's budget will be adjusted to reflect MWAA's recent announcement of target substantial completion Labor Day 2021.

7. Financial/Tax Assessment/TIFIA Updates – Joe LaHait, Fairfax County Debt Coordinator

Mr. LaHait provides the historical perspective of growth in the district. At present-day the District stands at approximately \$17 billion. Assessed Value of Taxable Property is down 5.3%. About \$382.3 million tax revenue has been collected from the Tax District to date, with \$15.98 million collected over the last year. A penny represents \$1.7 million dollars of revenue. All debt has been issued for this tax district and reached the \$400 million cap paid to the Airports Authority. The funds were collected via cash contribution and bonds. During FY 2020, the County executed the planned cash pre-payment of \$17.495 million of debt with amounts available in the residual fund. Redeeming debt early reduced annual debt service by approximately \$0.7 million per year. Mr. LaHait summarizes the credit ratings for the District and the Residual, Debt Service Coverage and Reserve Policy.

Mr. LaHait notes that it is advisable to maintain the current tax rate 9% for FY 2022 and that a tax rate increase is not required.
