Bob Cosgriff reported on the June 5 Planning Commission Policy Plan Committee Meeting he attended. Bob mentioned that the current text of the document was not sent to him before the meeting, so he was not able to make comments related to trails, sidewalks and bikeways. Several committee members will draft comments about the need for the county to quantify the level service for all trails, sidewalks and bikeways in the county. The letter will be discussed at the July meeting.

Erin Partlan led a discussion about how to improve coordination with others that are also interested in trails, sidewalks and bikeways.

Jim Klein reported on the I-495 Southside Express Lane Study meeting that he recently attended. The VDOT drawings and staff comments were too general to describe where the proposed shared use path would be located. Jim suggested that committee members write to VDOT with their concerns.

Howard Albers reported that his term on the TSB Committee representing the Washington Area Bicyclists Association ends on June 30, 2025, and that he will be leaving the committee. A new committee secretary will need to be selected.

**Staff Report:** Andrew Sheldon reported that FCDOT will have a draft of an active transportation map for public review later this summer.

The NOVA Loop Trail is still under review. FCDOT hopes to have it ready by early fall so several trail events can be held in October 2025.

**Public Comments:** None

**Adjourn:** The meeting adjourned at 9:00 p.m.

Minutes were approved by the TSB Committee on July 9, 2025
