### PROJECT BACKGROUND

Fairfax County Department of Transportation (FCDOT) is planning for a Bus Rapid Transit (BRT) system along Richmond Highway and North Kings Highway from Huntington Metrorail Station to Fort Belvoir.

BRT is a high-quality public transportation system designed to be fast, reliable, and more convenient than traditional bus routes.

### THIRD PUBLIC MEETING

FCDOT held the third public meeting for the project on September 17, 2019, in the gymnasium at Bryant High School. There were approx. 250 community members in attendance.

Meeting topics included:

- » Environmental/Historic Resources
- » BRT System & Roadway Design
- » BRT Station Themes
- » BRT Ridership
- » Traffic Analyses

The community was asked to provide their input on a survey. All meeting materials, including the survey, were

posted on the project website after the meeting. While the comment period of these materials has closed, the presentation and display boards remain available on the project website, along with a summary of community input.

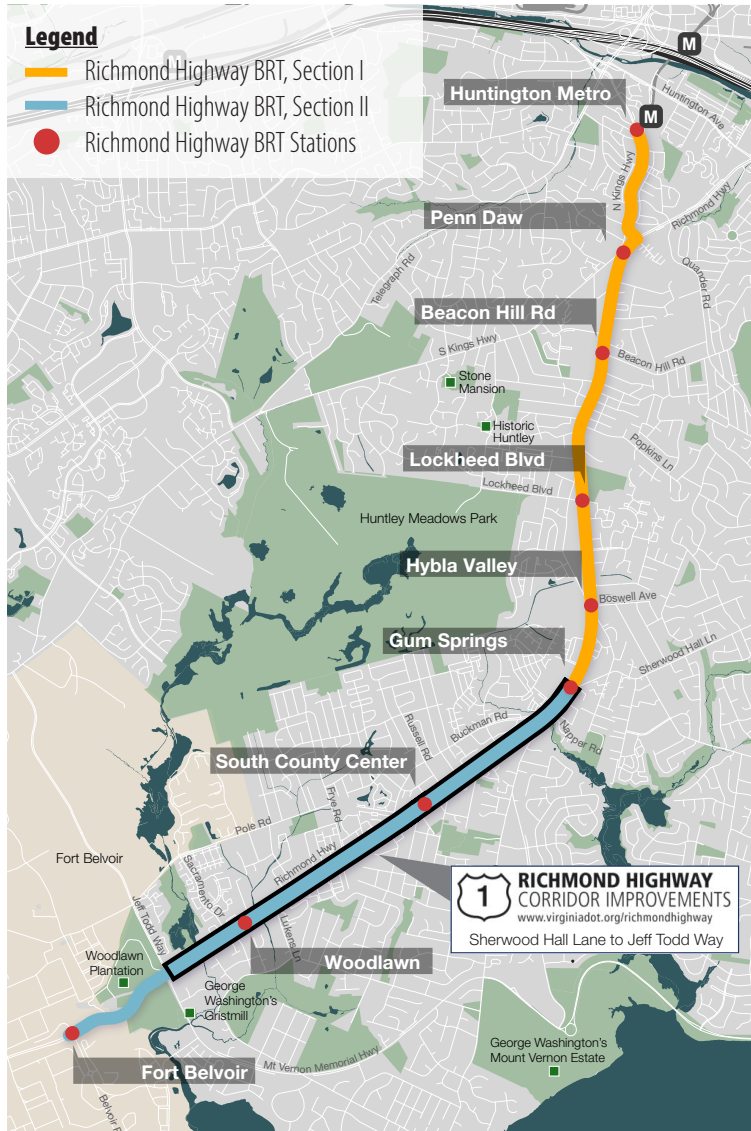

### PROGRESS UPDATE

Following the third community meeting, Fairfax County's project team has been:

- » evolving the system and station design,
- » finalizing the environmental evaluation,
- » developing options for branding the BRT system,
- » and providing project updates at meetings and other events.

### VISIT THE WEBSITE TO VIEW PROJECT UPDATES!

The project team recently updated the website with a recording of the public meeting presentation from September, a summary of public meeting and survey input, and updated FAQs. You can also review presentations and display boards from previous meetings by visiting the "Meeting Materials" page on the project website.

Public Meeting #3- September 17, 2019

### PUBLIC INPUT IS CRITICAL FOR THIS PROCESS

Visit the website ([fairfaxcounty.gov/transportation/richmond-hwy-brt/](http://fairfaxcounty.gov/transportation/richmond-hwy-brt/)) to:

- » View an updated list of answers to frequently asked questions (FAQs)
- » Learn when meetings are scheduled
- » Sign up for the project email list, or Fairfax Alerts email/text updates
- » Submit project input using a comment form

You can also send comments to [DOTBRT@fairfaxcounty.gov](mailto:DOTBRT@fairfaxcounty.gov), or submit them via mail to Fairfax County Dept. of Transportation, Richmond Highway BRT Project Manager, 4050 Legato Road, Suite 400, Fairfax, VA, 22030.

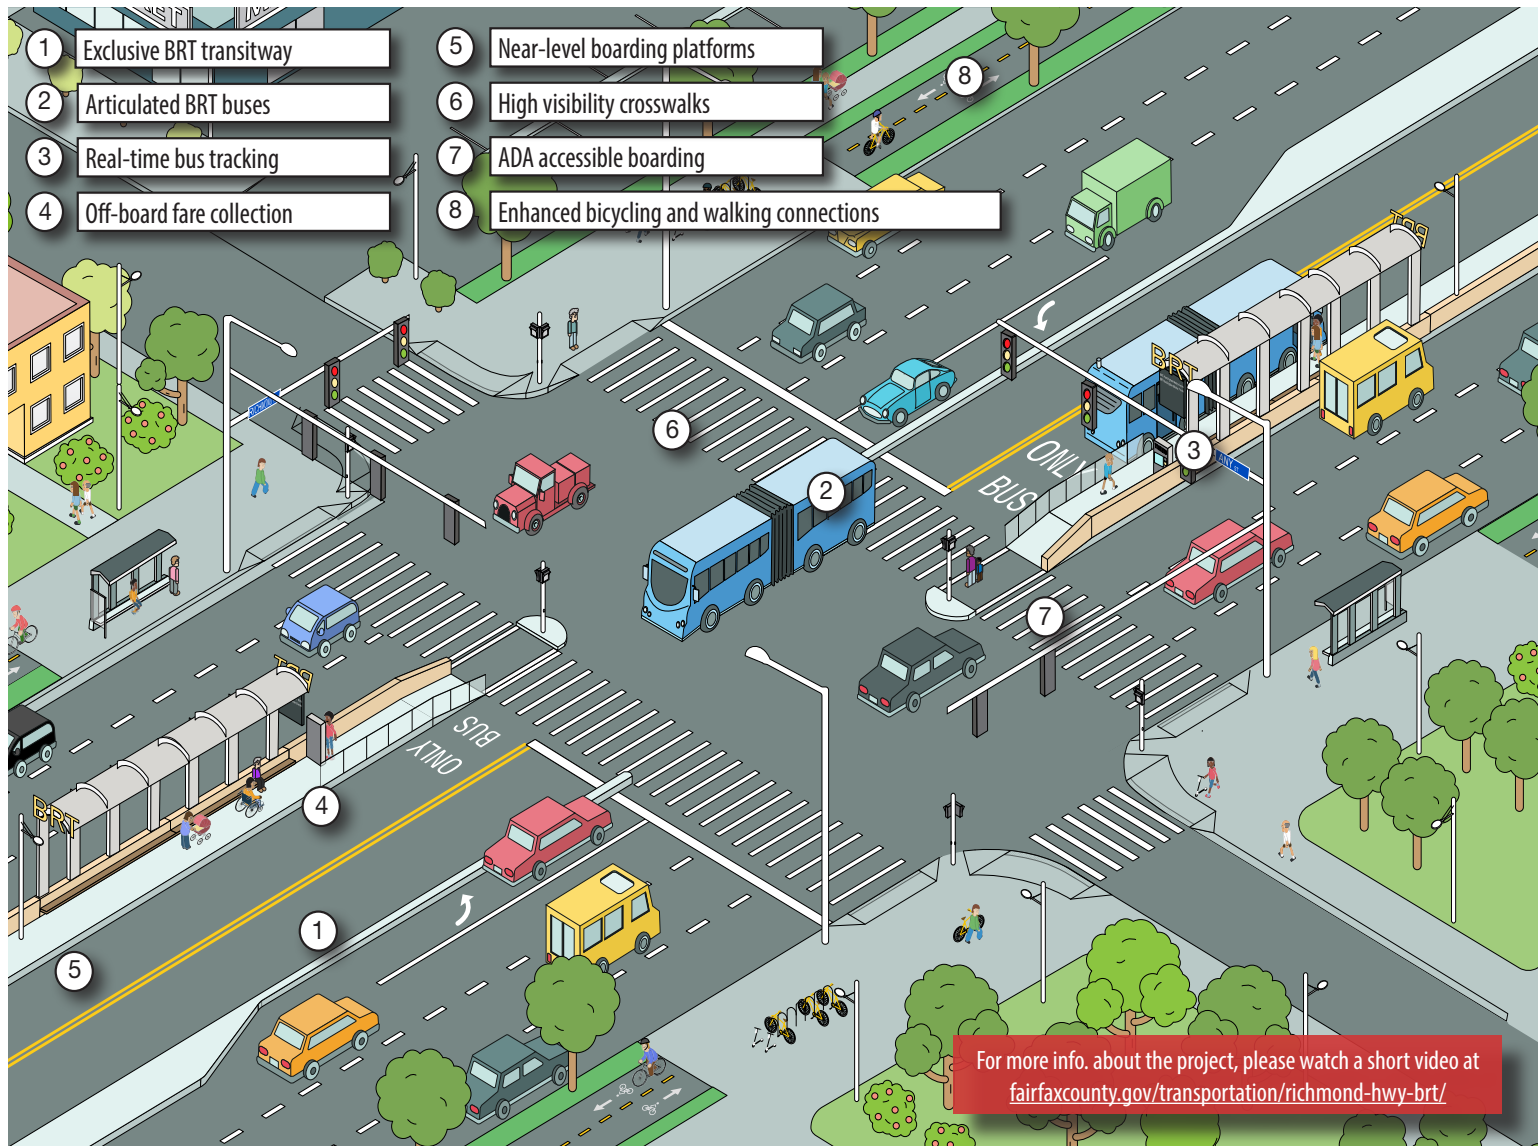

The Richmond Highway BRT project is funded in part by the Northern Virginia Transportation Authority.

# RICHMOND HIGHWAY

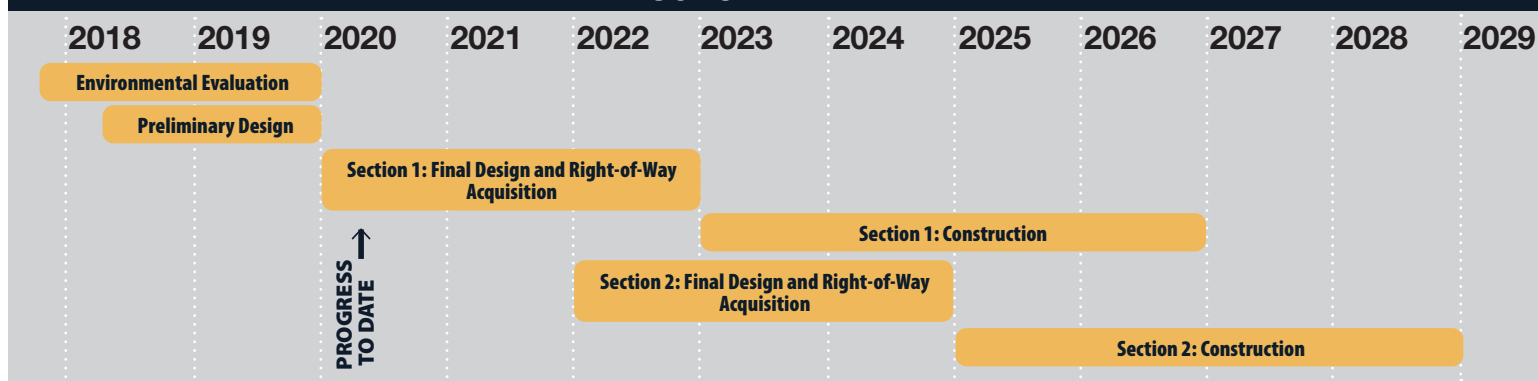

## Bus Rapid Transit (BRT)

While the Richmond Highway BRT system has not yet been designed, key elements of BRT systems will likely include those shown on the graphic below.

This graphic is provided for illustrative purposes only and does not represent a proposed station design.

### PROJECT TIMELINE

Note: Timeframes and durations for design, utilities, ROW, vehicle procurement, and construction will vary depending on the availability of funding.
