

# 495 Pavement Rehabilitation Overview

- The first pavement refresh set to occur over a five year period commencing 2019 (FY20).
- Timing of the rehabilitation aligns ~10 years since the laying of the surface level asphalt during construction (2011-12).
- Total project encompasses 54 lane miles of pavement.
- To manage delivery, project split into 5 individual segments, starting at the assets southern terminus and moving northwards:

Segment	Description	NB	SB
1	Springfield to Braddock	2019	2020
2	Braddock to Gallows	2019	2020
3	Gallows to Lee Highway	2020	2020
4	Lee Highway to Leesburg Pike	2022	2022
5	Leesburg Pike to Old Dominion	2022	2022

Phase 1

Phase 2

Phase 3 \*Subject to ongoing condition assessments
