CHOOSE YOUR ROUTE

For Beginners and Families

- Primary Trail
- Secondary Trail
- Most Comfortable

Suitable for Most Adults

- Somewhat Comfortable
- Less Comfortable

For Experienced Cyclists

- Use with Caution

Paved trails and quiet neighborhood streets, shown in purple and green respectively, are the most pleasant places to ride, and are fun for users of all ages and abilities. Enjoy a family ride to the park or bike to the ice cream store.

Routes shown in blue are still comfortable for most adults but may not be suitable for young children due to slightly higher traffic volumes. Some of these roads have bike lanes, rideable shoulders, or shared lane markings. Have fun, relax, and enjoy the ride!

Less confident riders should look for a parallel trail or green neighborhood route, ride on the sidewalk when there is no alternative available (it's legal, but ride with traffic and use caution at driveway drivers may not expect you), or hop on a bus to continue your trip (you can take your bike with you).
