

List of Barriers Reported by Public in ActiveFairfax Transportation Plan Outreach

Attachment 6

ID	Location	Your Comment	District
39	Braddock Rd, Annandale, Virginia, 22003	pedestrian facilities severely lacking	BRADDOCK
178	Guinea Rd, Fairfax, Virginia, 22032	A gap in the sidewalk on the East side of Guinea Road between Little River Turnpike and Elizabeth Lane prohibits residents of this road to safely access schools, parks, recreation centers, and businesses.	BRADDOCK
179	4146 Elizabeth Ln, Annandale, Virginia, 22003	Turro Community Center Pool	BRADDOCK
181	Rolling Rd, Burke, Virginia, 22015	There is no good way to walk, bike, or roll from the multimodal paths along Burke road and Rolling to the driveway into the Lake Accotink trail without waiting at three stoplights at Sideburn Branch.	SI
185	Rolling Rd, Springfield, Virginia, 22151	No sidewalk for pedestrians on this narrow driveway.	BRADDOCK
186	8960-8970 Burke Lake Rd, Springfield, Virginia, 22151	No marked crosswalk across this driveway.	BRADDOCK
187	Braddock Rd, Annandale, Virginia, 22003	No pedestrian walkway from her to Rolling Road	BRADDOCK
216	5710-5714 Backlick Rd, Springfield, Virginia, 22151	Add sidewalks/trails to the bridge on Backlick Rd that crosses 495.	BRADDOCK
220	7522 Jervis St, Springfield, Virginia, 22151	Add a sidewalk/shared use path along Braddock Rd between 495 and Ferndale.	BRADDOCK
221	Braddock Rd, Springfield, Virginia, 22151	The sidewalk here from Ferndale to Backlick is very uncomfortable. It is narrow and there is no buffer from the speeding traffic on Braddock.	BRADDOCK
222	Wakefield Chapel Rd, Annandale, Virginia, 22003	Improve the path here from Wakefield Chapel Rd to Howrey Field. It is in bad shape and part is natural surface which is always muddy. Extent the path across Glen Park to allow continued use.	BRADDOCK
226	7805 Bristow Dr, Annandale, Virginia, 22003	It is very difficult and scary using the sidewalk along the north side of Braddock across 495. It is difficult to cross the on/off ramps. The cars are going fast and never stop for anyone.	BRADDOCK
241	10371-10399 Premier Ct, Burke, Virginia, 22015	More bus options from Stringfellow	BRADDOCK
264	Capital Beltway, Annandale, Virginia, 22003	The short section between the footbridge over 495 and the end of the drive to the Audrey Moore parking should be paved. Currently it is deep gravel which road bikes, wheel chairs and people with limited mobility have trouble with.	BRADDOCK
278	Colony View Dr, Fairfax, Virginia, 22032	There is no continuous sidewalk along Guinea Road connecting the Lakepointe and Hillsdale townhome communities to the Target store. I have seen people walking this route along Guinea Road.	BRADDOCK
279	9999 Whitewater Dr, Burke, Virginia, 22015	It would be great to have a pedestrian bridge across the railroad tracks to the paved trail in Rabbit Branch park. Many people cross the tracks at this point, but this is a dangerous practice.	BRADDOCK
280	Sideburn Branch	There is a fair weather crossing here that makes it difficult for people to use the trail when the water is high. It is also a barrier to people with limited mobility.	BRADDOCK
289	Lake Accotink Park	Lake Accotink Park is a wonderful park but the trail, especially near the dam, needs to be restored and widened. Bikers and pedestrians have a difficult time sharing the trail since it ends at the dam.	BRADDOCK
292	Wakefield Chapel Pool	Sidewalk ends off Holborn Road in front of Wakefield Chapel Recreation Association. Bikers and walkers are forced to walk on the street until the sidewalk picks back up again on the west side of the road.	BRADDOCK
294	5403-5499 Guinea Rd, Fairfax, Virginia, 22032	There is no sidewalk, making it difficult to walk even one block to Monticello Park.	BRADDOCK
295	Guinea Rd, Burke, Virginia, 22015	There is no sidewalk on Guinea Road beyond Burke Road, making it near impossible to safely walk to Burke VRE and connected trails.	BRADDOCK
296	5601-5601 Sandy Lewis Dr, Fairfax, Virginia, 22032	Wish there was a sidewalk on Guinea Road to connect to here and places further west on Guinea Road where the sidewalk starts.	BRADDOCK
297	Howery Field Park	My husband and two soon personally cod all the bury and dirt from the overpass where the trail comes out to Braddock near Howery park . It was a hazard for bicycles trying to get to the trail.	BRADDOCK
298	8064-8098 Braddock Rd, Springfield, Virginia, 22151	I want to be able ride today work east down Braddock Road but there is no shoulder or sidewalk from this point to Backlick Road making it too dangerous.	BRADDOCK
299	Braddock Rd, Annandale, Virginia, 22003	No sidewalk to get to this bus stop	BRADDOCK
304	Lake Dr, Annandale, Virginia, 22003	Bus service between NVCC and the Dunn Loring Metro via Mosaic would be a great boon not only to NVCC students but all of the residents of the area. It would get more of the your bus riders off the roads.	BRADDOCK
305	Lake Dr, Annandale, Virginia, 22003	Bike access to NVCC is very poor. There is real need for bike lines or trails paralleling Little River Turnpike.	BRADDOCK
351	Waples Mill Rd, Fairfax, Virginia, 22030	Please add bike lanes on 50	BRADDOCK
354	5801 Burke Manor Ct, Burke, Virginia, 22015	This is a common and illegal track crossing - but often time pedestrians do not want to walk the dangerous sidewalk on Burke Road to get to the stoplight and go over the bridge. Wish there was a better connection to the bus stop.	BRADDOCK
361	5334-5338 Guinea Rd, Fairfax, Virginia, 22032	While this area has been improved in recent years, it's still unnecessarily difficult to get to this bus stop from the Crownleigh town home community. You have to frequently switch sides of the road to get to the bus stop.	BRADDOCK
362	9653-9699 Burke Rd, Burke, Virginia, 22015	This stretch of the road could really use a sidewalk, especially the part that goes up in a hilly manner. You have to walk alongside the shoulder and I almost got hit by cars several times.	BRADDOCK
373	11900-11908 Grand Commons Ave, Fairfax, Virginia	I wish I could get directly to Fairfax Corner from across I-66 and Fair Oaks Mall.	BRADDOCK
419	Roberts Rd, Fairfax, Virginia, 22032	There are no walkways along Roberts Road between Commonwealth Blvd and Cascade Lane. and needs repaving, removal of tree ruts, removal of vegetation on path, correction of standing water/ice patches	BRADDOCK
438	Shirley Gate Rd, Fairfax, Virginia, 22030	need bike lanes on Waples Mill	BRADDOCK
439	11183-11195 Waples Mill Rd, Fairfax, Virginia, 22033	need bike lanes on Waples Mill	BRADDOCK
440	11337-11345 Random Hills Rd, Fairfax, Virginia, 22030	Need bike lanes on Random Hills Road and reduce traffic lanes	BRADDOCK
441	Government Center Pkwy, Fairfax, Virginia, 22030	Need bike lanes on Government Center Parkway and reduce traffic lanes	BRADDOCK
442	Government Center Pkwy, Fairfax, Virginia, 22035	need bike lanes on Government Center Parkway and reduce traffic lanes	BRADDOCK
443	Monument Dr, Fairfax, Virginia, 22030	Need bike lanes on Monument drive	BRADDOCK
444	Roberts Rd, Fairfax, Virginia, 22032	need multiuse path along Roberts Road, also bike lane on Roberts Road	BRADDOCK
450	Brentwood Farm Dr, Fairfax, Virginia, 22030	Difficult to cross the ramp. Vehicles cannot see peds or bikes, especially when peds are trying to go South	BRADDOCK
452	Braddock Rd, Fairfax, Virginia, 22030	Need no right on red. Difficult to cross intersection on bike or walking because cars pay no attention to people trying to access the crosswalk.	BRADDOCK
453	10720-10726 Zion Dr, Fairfax, Virginia, 22032	need cross walk	BRADDOCK
486	Monument Dr, Fairfax, Virginia, 22030	Connecting bike lanes on Random Hills, Govt Ctr, Monument, Fair Lakes Cir, with access to Fair Oaks & Fair Lakes.	BRADDOCK
560	Sideburn Rd, Fairfax, Virginia, 22032	There is an asphalt trail starting north of Sideburn Court to just opposite St. Mary's church. It is in poor repair. Then it stops for about three or four houses, then there is a sidewalk. This is a barrier to people trying to access the trail.	BRADDOCK
665	5901 Ox Rd, Burke, Virginia, 22015	FCPS puts a lock on this fence which is an easy way to access the trails in this neighborhood.	BRADDOCK
667	5681-5699 Sandy Lewis Dr, Fairfax, Virginia, 22032	Would be great to have a multi-use bridge for VRUs that would allow for more North-South connectivity. There are many activities that parents from the south go to this shopping area for.	BRADDOCK
668	9412 Raintree Rd, Burke, Virginia, 22015	More kids could bike to school and take this option rather than the narrow poorly maintained Burke Lake Road sidewalks, but these steps make it prohibitive for them to connect to Rai	BRADDOCK
669	5801 Burke Manor Ct, Burke, Virginia, 22015	Again, for kids from these town homes, to then be able to bike to LBSS is made into a much more taxing endeavor, when with a proper overpass here, they could do it more safely and easily.	BRADDOCK
670	5655 Mount Burnside Way, Burke, Virginia, 22015	Would recommend for FCDOT to make the 2 home owners here a very generous offer, purchase their land and then make a North-South connection to get people to the VRE. Make	BRADDOCK
683	Burke Centre Pkwy, Burke, Virginia, 22015	We need a HAWK signal here before pedestrians are killed.	BRADDOCK
684	Burke Centre Pkwy, Burke, Virginia, 22015	We need a HAWK signal here before pedestrians are killed.	BRADDOCK
685	Navy Federal Credit Union	We need a HAWK signal here before pedestrians are killed.	BRADDOCK
686	Burke Centre Pkwy, Burke, Virginia, 22015	We need a HAWK signal here before pedestrians are killed.	BRADDOCK
687	22015, Burke, Virginia	We need to have more North-South connectivity for VRUs, this would connect to both the Gymnastics area, trail access, VRE and to shopping, think of all the car trips eliminated.	BRADDOCK
688	Wakefield Park	Would be great to have a connection and bridge from here to Cross County Trail rather than the narrow often littered sidewalk on Braddock road.	BRADDOCK
689	Burke Lake Rd, Springfield, Virginia, 22151	We need a HAWK signal here before pedestrians are killed.	BRADDOCK
690	9198-9210 Lake Braddock Dr, Burke, Virginia, 22015	This was definitely a big miss, much work was done but the trail was kept as a thick mulch, versus making it into an easy to ride multi-use trail that would help more kids bike to LBSS.	BRADDOCK

List of Barriers Reported by Public in ActiveFairfax Transportation Plan Outreach

Attachment 6

691 9126 Home Guard Dr, Burke, Virginia, 22015	Again, noting how much of a connection this could serve the whole signal hill neighborhood in getting their kids to LBSS without driving.	BRADDOCK
692 Signal Hill Dr, Burke, Virginia, 22015	We need a HAWK signal here before pedestrians are killed.	BRADDOCK
693 Guinea Rd, Fairfax, Virginia, 22032	We need a HAWK signal here before pedestrians are killed. People want to go to the new Monticello park with their dogs or kids.. but they can't walk there and are forced to only drive over.	BRADDOCK
694 5341-5341 Guinea Rd, Fairfax, Virginia, 22032	There is only car driver access to Monticello park from this very close adjacent area.	BRADDOCK
695 Guinea Rd, Fairfax, Virginia, 22032	We need a HAWK signal here before pedestrians are killed, people want to cross over to Monticello park.	BRADDOCK
696 9595 Bronte Dr, Burke, Virginia, 22015	People who live in the neighborhoods have no access to Monticello park except by car.	BRADDOCK
741 11746-11800 Random Hills Rd, Fairfax, Virginia, 22020	Trees are growing onto road on outside corner (facing 66) forcing bikes to move further into travel lanes	BRADDOCK
787 Wakefield Park	Paved areas are great for road bikes but then you unexpected come up on gravel paths and have to quickly stop.	BRADDOCK
788 Woodland Way, Annandale, Virginia, 22003	To continue on the path you have to cross over a road. The area is often dark since it's under trees and cars are parked along the curb and block the view. I would suggest restricting traffic to one way.	BRADDOCK
789 Exit 52B, Annandale, Virginia, 22003	Pavement transition is very uneven, need a smoother transition between pavement sections	BRADDOCK
803 Braddock Rd, Springfield, Virginia, 22151	this section of sidewalk is the only access from Wakefield park / Queensbury to shops in Ravensworth plaza. It is always covered with mud and inaccessible.	BRADDOCK
804 The Swiss Bakery & Pastry Shop	business area that could be accessible by cyclists from Wakefield and CCT if trail link from Braddock or Queensbury was improved.	BRADDOCK
806 Ravensworth Rd, Annandale, Virginia, 22003	bike lane flakes out - making the entire route unsafe and unuseable for kids and families. Road diet made conditions worse - cars too close to cyclists.	BRADDOCK
807 Ferndale St, Annandale, Virginia, 22003	place a 'ho left turn' sign at this interchange for trying to enter Braddock from Ferndale.	BRADDOCK
818 Braddock Rd, Annandale, Virginia, 22003	Unsafe to cross Braddock Road to get to/from Wakefield Park. Need more visible cross walks across Braddock Road for biking and walking between park and Ravensworth Shopping Center.	BRADDOCK
819 Braddock Rd, Annandale, Virginia, 22003	Extremely dangerous! Narrow bridge w/just a few feet wide sidewalk is only way to get from Long Branch Trail to CCT.	BRADDOCK
820 Capital Beltway, Annandale, Virginia, 22003	Short section between pedestrian overpass on I495 to Audrey Moore should be clearly marked and feel like a safe pathway. Does not need to be paved, but should be defined as a paved surface.	BRADDOCK
821 8300-8360 Braddock Rd, Annandale, Virginia, 22000	The Long Branch Trail needs safe access way to the CCT. Right now, must cross Wakefield Chapel Road, wind through Howrey Field, go single-file with a young child on a bike along a paved surface.	BRADDOCK
827 5542 Crossrail Ct, Burke, Virginia, 22015	This is an area difficult for walking, biking and driving. Views are obscured by hills and the sidewalk/paths are not continuous. People who live here can't walk or bike to basic service areas.	BRADDOCK
828 Guinea Rd, Burke, Virginia, 22015	Unless you drive, much of this section of Guinea Road is not passable.	BRADDOCK
842 Giant Food	Difficult to walk/bike to from College or any neighborhoods	BRADDOCK
843 4732 Groves Ln, Fairfax, Virginia, 22030	adding a ~5 fit path connecting Groves Ln to Braddock road would act as a safer shortcut for bikers and pedestrians going between Ox Rd & Braddock Rd.	BRADDOCK
847 Wakefield Park	Adding a place to walk will make it easier for walkers, bikers, and parents with strollers. Especially during times of traffic and in inclement weather.	BRADDOCK
848 8900-8950 Braddock Rd, Springfield, Virginia, 22151	no crosswalk from Red Fox Dr (east) across to south side of Braddock Rd. Also, too many cars making turns here to avoid traffic light at Burke Lake Rd	BRADDOCK
849 8224-8258 Braddock Rd, Annandale, Virginia, 22000	Sidewalk too close to road, which makes pedestrians uncomfortable and unsafe when attempting to access CCT from points west. Cars regularly go 50-60 mph on this stretch of brad rd.	BRADDOCK
1163 Lake Accotink Park	This steep sloped trail has been a county embarrassment for decades. Although recently improved with new paving, the slope is too steep and the dam's sluice floods after a rain.	BRADDOCK
1209 8420 Center Dr, Annandale, Virginia, 22003	Comment from paper map	BRADDOCK
1210 George Mason Statue	Comment from paper map	BRADDOCK
15 22066, Great Falls, Virginia	The trail connecting Trotting Horse Ln to Tackroom Ln is in very poor condition. Parts of the trail are blocked on the side by overgrown vegetation and trail surface is uneven because of this.	DRANESVILLE
48 Wiehle Ave, Herndon, Virginia, 20170	Crossing here is poorly lit and vehicle speeds are prohibitive to crossing.	DRANESVILLE
49 1521-1543 Dranesville Rd, Herndon, Virginia, 20170	Dranesville Road is poorly lit, and the trails are overgrown, damaged, and feel unsafe to cross driveways and other entrances.	DRANESVILLE
50 260-298 Elden St, Herndon, Virginia, 20170	The crosswalk here is very wide, and the dual right turn form Elen Street creates a hazardous pedestrian crossing along Sugarland Run.	DRANESVILLE
55 Wiehle Ave, Herndon, Virginia, 20170	Frequent flooding prevents pedestrian access across Sugarland Run to access Fairfax County Parkway and Sugarland Run trails on the east side of the river.	DRANESVILLE
70 5910 Chesterbrook Rd, McLean, Virginia, 22101	Sidewalk needed along Chesterbrook Rd from 41st St N to Kirby Road. FYI Arlington has sidewalks on this road.	DRANESVILLE
76 1756 Kirby Rd, McLean, Virginia, 22101	Barrier to Walking to School. A study can be done to see if the installation of a Rectangular Rapid Flashing Beacon (RRFB) can be an option here so kids in the surrounding neighborhood can walk to school.	DRANESVILLE
84 7811 Lewinsville Rd, McLean, Virginia, 22102	The sidewalk along this curve is narrow and up against a cement wall, with a telephone poll in the middle of it. This doesn't make it impossible to walk, but makes it more difficult.	DRANESVILLE
85 1051 Spring Hill Rd, McLean, Virginia, 22102	The path along Spring Hill Road ends here, before getting to the intersection with Old Dominion Road. This makes it more difficult to access the strip malls at this intersection.	DRANESVILLE
87 Centreville Rd, Herndon, Virginia, 20171	This is a barrier to anyone not in a car. As one crosses under DTR, there's a protected barrier, then a crosswalk, and then ... nothing. Not even a sidewalk or even brush cleared away.	DRANESVILLE
88 1011 Northwoods Trl, McLean, Virginia, 22102	The sidewalk that runs along Bear Creek Trail stops, preventing people from walking to the intersection of Spring Hill and Old Dominion Road.	DRANESVILLE
89 Spring Hill Carry Out	The sidewalk/trail that runs along Old Dominion ends here, in front of Sweet Stuff. This provides no natural space for pedestrians at this corner, which makes it even more difficult at this intersection.	DRANESVILLE
172 22066, Great Falls, Virginia	There needs to be transit in Great Falls, VA.	DRANESVILLE
192 2517-2571 Centreville Rd, Herndon, Virginia, 20171	There are sections of Centreville Road that are FOUR LANES WIDE PER SIDE here, and that is just obscene for this area. Convert one lane per side into a protected bike lane and another.	DRANESVILLE
229 Great Falls Park	There needs to be bus service to and from Great Falls Park and around Great Falls, Va.	DRANESVILLE
230 Great Falls National Park	Rather than have everyone park their car in the Great Falls lot, why not have a shuttle that serves it from Wiehle Avenue metro station?	DRANESVILLE
290 Spring St, Herndon, Virginia, 20170	The crossing under Fairfax County Pkwy under Sunset Hills Rd is a very common path for pedestrians and bikers heading from/to Reston to Herndon's downtown and business. While it is not a formal crosswalk, it is a major connector.	DRANESVILLE
364 1655 Kirby Rd, McLean, Virginia, 22101	A sidewalk would be very helpful as many kids walk to school this direction	DRANESVILLE
365 1548-1570 Chain Bridge Rd, McLean, Virginia, 22101	Many people bike or walk to the high school here	DRANESVILLE
366 1725 Whitewood Ln, Herndon, Virginia, 20170	short section along Crestview Road has no sidewalk and just a goat path	DRANESVILLE
458 8777-8899 Potomac Hills St, Great Falls, Virginia, 22101	Beautiful park but scary to get to by bike and impossible to get to walking	DRANESVILLE
459 Great Falls National Park	Need safer, ped/bike access to Great Falls National Park	DRANESVILLE
460 Great Falls, Virginia	Need safer ped/bike ways to get to Seneca Regional Park	DRANESVILLE
470 8861-8883 Georgetown Pike, McLean, Virginia, 22101	Dangerous crossings to Great Falls. Double parking. No cellphone signal.	DRANESVILLE
479 1640 Great Falls St, Falls Church, Virginia, 22043	The sidewalk is spotty along Great Falls and is absent here. Walking along the street is impossible and requires pedestrians to switch sides of the street where there is sidewalk frequent.	DRANESVILLE
480 7009-7059 Idylwood Rd, Falls Church, Virginia, 22043	There are pedestrian walkways on either side of the Idylwood Rd. bridge over 267, however there is no sidewalk on the south side of Idylwood Rd. (eastbound). Connecting this to the south side of the bridge would be great.	DRANESVILLE
488 Great Falls Park	Rather than having to park here, I would really like to see Fairfax Connector loops between some key park and ride locations (say, Wiehle metro, Vienna metro, Springfield metro).	DRANESVILLE
498 Leesburg Pike, Falls Church, Virginia, 22043	No safe bicycle lane anywhere on route 7, and people drive very fast and reckless. Widening the sidewalks to make them bicycle accessible would be great.	DRANESVILLE
502 Leesburg Pike, Falls Church, Virginia, 22043	All along route 7 is dangerous for bicyclists. Widening sidewalks or installing a separated bike lane would be very beneficial.	DRANESVILLE
503 Mt Royal Park	This can be a fairly dangerous crosswalk. Adding a flashing yellow light, activated by pedestrians would make this much safer.	DRANESVILLE
504 7287 Redd Rd, Falls Church, Virginia, 22043	Sidewalk abruptly ends and doesn't come back for at least 1000 feet ahead.	DRANESVILLE

List of Barriers Reported by Public in ActiveFairfax Transportation Plan Outreach

Attachment 6

550 351 Woodgrove Ct, Herndon, Virginia, 20170	There should be a walking connection from the neighborhoods around Alabama Ave east of Van Buren to the Herndon metro station.	DRANESVILLE
565 1753-1757 Kirby Rd, Mc Lean, Virginia, 22101	Elementary, middle and high schools!	DRANESVILLE
566 1565 Dominion Hill Ct, Mc Lean, Virginia, 22101	Old Dominion Drive in McLean	DRANESVILLE
629 1505-1513 Hiddenbrook Dr, Herndon, Virginia, 201: Stream valley trails provide nice connectivity away from cars. Major sections of this trail are buckled due to tree root growth creating tripping hazards.		DRANESVILLE
630 9100-9112 Old Dominion Dr, Mc Lean, Virginia, 221: Active transportation access to Great Falls National Park is needed. Georgetown Pike should be reconstructed to eliminate this barrier.		DRANESVILLE
631 9238-9248 Old Dominion Dr, Mc Lean, Virginia, 221 Great Falls National Park needs better active transportation access. Georgetown Pike should be reconstructed to eliminate this barrier.		DRANESVILLE
632 8701-8775 Potomac Hills St, Great Falls, Virginia, 22 Riverbend Park needs better access for active transportation. River Bend Road needs to include a consistent off road trail for this access.		DRANESVILLE
633 9901-9901 Georgetown Pike, Great Falls, Virginia, 2 Great Falls Village, shopping, library and Grange need better active transportation access via Georgetown Pike and Walker Road.		DRANESVILLE
634 698-699 Bucks Ln, Great Falls, Virginia, 22066	Need connected active transportation access along Georgetown Pike	DRANESVILLE
635 Springvale Rd, Great Falls, Virginia, 22066	The Turner Farm Park needs better trail access via Georgetown Pike and Springvale Road	DRANESVILLE
636 Georgetown Pike, Mc Lean, Virginia, 22102	A quality active transportation connection across the Beltway is needed here -- please include this with the 495 Next project.	DRANESVILLE
637 7318-7320 Georgetown Pike, Mc Lean, Virginia, 221 Trail needed along Georgetown Pike to access Scotts Run Park		DRANESVILLE
638 Georgetown Pike, Mc Lean, Virginia, 22102	Trail needed along Georgetown Pike to access Scotts Run Park	DRANESVILLE
639 Colvin Run Rd, Great Falls, Virginia, 22066	Trail needed to access Colvin Run Mill Park	DRANESVILLE
640 Capital Beltway, Mc Lean, Virginia, 22101	Active transportation connectivity is needed between Virginia and Maryland. 495 Next project needs to include this link.	DRANESVILLE
641 Crestview Dr, Herndon, Virginia, 20170	Trail bridge over Crestview Drive would improve safety and operations of all modes of transportation here.	DRANESVILLE
647 6301-6315 Georgetown Pike, Mc Lean, Virginia, 221 Consistent trails needed along Georgetown Pike's length to improve access to parkland.		DRANESVILLE
650 Great Falls, Virginia	Better trails needed in Great Falls to access Seneca Regional Park	DRANESVILLE
652 11028-11028 Georgetown Pike, Great Falls, Virginia Georgetown Pike trail ends with nowhere to go. The Pike needs to include a continuous active transportation pathway to encourage health and access to public parklands on the corr		DRANESVILLE
653 10114 Georgetown Pike, Great Falls, Virginia, 22066 Georgetown Pike trail ends with nowhere for bike/peds to continue. Active transportation pathways are needed throughout Georgetown Pike to encourage health and safety and acc		DRANESVILLE
654 700-798 Innsbruck Ave, Great Falls, Virginia, 22061 The trail along Georgetown Pike ends without further access for bicyclists and pedestrians. Active transportation pathways should be provided consistently throughout this corridor to		DRANESVILLE
655 9218-9218 Georgetown Pike, Great Falls, Virginia, 2 Short section of trail ends. With abundant public parkland along this corridor, a consistent active transportation pathway is needed to provide safe and healthy access.		DRANESVILLE
656 1130-1162 Springvale Rd, Great Falls, Virginia, 2206 Springvale Road trail ends with no space for active transportation to continue north. This trail should be continued to Turner Farm Park and Georgetown Pike.		DRANESVILLE
746 Dolley Madison Blvd, Mc Lean, Virginia, 22101	Need a path along Rt 123 between McLean and Evermay neighborhood so we can ride bikes from downtown McLean to Evermay.	DRANESVILLE
747 Old Dominion Dr, Mc Lean, Virginia, 22101	need a bike path along Old Dominion Dr between Linway Terr and Arlington Co line.	DRANESVILLE
815 Wolf Trap National Park	many many paths should lead to WT and the Barnes...especially from Tysons and Vienna - this should be an easy link.	DRANESVILLE
829 Dolley Madison Blvd, Mc Lean, Virginia, 22101	There is very little room on the road for a bike trail. The commuters may want to use alternative modes of transportation like cycling to commute to work.	DRANESVILLE
830 624 Chain Bridge Rd, Mc Lean, Virginia, 22101	The road surface is uneven and very rough for bicycle riders.	DRANESVILLE
831 6904 Georgetown Pike, Mc Lean, Virginia, 22101	Lack of bike path and narrow lanes.	DRANESVILLE
982 6713 Haycock Rd, Falls Church, Virginia, 22043	Neighborhood children walking to school cross Haycock at Casemont, which sorely needs a crosswalk. Their alternatives are to walk away from school to get to Great Falls, or dodge c	DRANESVILLE
983 6730 Haycock Rd, Falls Church, Virginia, 22043	The crossing signal at this light is not dedicated -- cars can still turn while lit -- it has led to many near-misses. It is scary for neighbors walking to school, the metro, etc. Please change	DRANESVILLE
984 6900-6998 Hutchison St, Falls Church, Virginia, 2204 Students who would like to walk to Haycock and Longfellow are bused because there is no safe crossing of Great Falls in this area. There are tons of families in the neighborhood betw		DRANESVILLE
985 2238 Westmoreland St, Falls Church, Virginia, 22041 Crosswalk at this spot lacks visibility due to the hills on this road. Cars regularly speed (police report 40+mph when they monitor this 25mph area). My 11 year old and his friend used		DRANESVILLE
986 6904 Haycock Rd, Falls Church, Virginia, 22043	Walking to the metro of the retail area is difficult because the path along Haycock is mismatched, narrow pavement. During covid there has been no room for distancing.	DRANESVILLE
987 6528 Roosevelt St, Falls Church, Virginia, 22043	This intersection is scary for walkers, bikers & drivers. Roosevelt & Fisher feed into Westmoreland on either side of a rise in the road that makes it impossible to see oncoming traffic i	DRANESVILLE
988 1931 Great Falls St, Mc Lean, Virginia, 22101	There is a nature trail on either side of Great Falls but no crosswalk to safely cross from one side to the other. This section of Great Falls has good visibility, thankfully, but the 35mph : DRANESVILLE	DRANESVILLE
989 1812-1812 Great Falls St, Mc Lean, Virginia, 22101	Pedestrians who wish to go to the rec club must cross Great Falls at this point (there are no sidewalks on the other side). There is a crosswalk but it is not very visible, and the cars cor	DRANESVILLE

1208 12345 Sunrise Valley Dr, Reston, Virginia, 20191	Comment from paper map	HUNTER MILL
2 5706-5708 N Kings Hwy, Alexandria, Virginia, 22303	Narrow sidewalk, lack of bike lanes, and high-speed traffic on hill makes it challenging to bike into Alexandria via the Telegraph trail/Eisenhower Trail	LEE
3 N Kings Hwy, Alexandria, Virginia, 22303	Wide road with high-speed traffic makes crossing N Kings Hwy to access Huntington Station dangerous and scary	LEE
4 2601-2629 Fort Dr, Alexandria, Virginia, 22303	Poorly timed signals that favor vehicular traffic make walking to Huntington Station challenging	LEE
6 Huntley Meadows Park	Huntley Meadows is not far from my house, but I always drive because it's missing sidewalks and the bike lanes are uncomfortable	LEE
9 6750 Richmond Hwy, Alexandria, Virginia, 22306	The shopping center is close enough for me to bike to, but drivers go way too fast, and there are no comfortable bike facilities to get me there	LEE
22 East Dr, Alexandria, Virginia, 22303	This is an embarrassingly bad bus stop: no lighting, no sidewalk, completely unsafe	LEE
38 6028-6098 N Kings Hwy, Alexandria, Virginia, 22303	Egregiously long stretch without crosswalks across North Kings Highway (3 bus stops). Protect transit riders at intersection with Fairhaven.	LEE
59 I-95, Springfield, Virginia, 22150	I 95 divides and prevents any walkability between the western and eastern parts of Springfield. Please add a pedestrian bridge.	LEE
60 Franconia Rd, Springfield, Virginia, 22150	I 95 divides and prevents any walkability between the western and eastern parts of Springfield. Please add a pedestrian bridge.	LEE
61 Franconia-Springfield Pkwy, Springfield, Virginia, 22150	Similar to the Purple Line in Maryland, please create a Bus Rapid Transitway starting from Old Town Alexandria, to Springfield, to Annandale, to Merrifield, to Tysons.	LEE
69 Franconia Rd, Springfield, Virginia, 22150	Fast cars make Franconia Rd dangerous to bikers and pedestrians.	LEE
92 6908-6918 Telegraph Rd, Alexandria, Virginia, 22301	No sidewalk or bikelane on Telegraph Road	LEE
93 S Van Dorn St, Alexandria, Virginia, 22310	Bike lane along South Van Dorn is in terrible shape under the Beltway and ceases to exist at Eisenhower Avenue	LEE
112 Franconia-Springfield Pkwy, Springfield, Virginia, 22150	Insufficient crossing markings at big intersection - please stripe all four sides	LEE
113 6108 North Kings Hwy, Alexandria, Virginia, 22303	Narrow, crumbling sidewalks, little lighting. 4 car lanes and drivers speed. Narrow the lanes and widen the sidewalk	LEE
114 5812-5814 N Kings Hwy, Alexandria, Virginia, 22303	Unsignalized crossings can be difficult to navigate with high vehicle speeds on N Kings Hwy, making it difficult to access the Metro Station safely. Recommend installation of RRFB to ir	LEE
119 2993 Huntington Grove Sq, Alexandria, Virginia, 22302	Need parking-protected bikes lanes on the southbound side. Road is very wide and drivers speed. People getting in/out of parked cars plus high-speed passes make this very scary to	LEE
120 S Kings Hwy, Alexandria, Virginia, 22306	Sidewalk ends on southbound side with no accessible way to cross, no crosswalk.	LEE
121 6620-6634 Beacon Field Airport Hwy, Alexandria, Virginia, 22301	I bike here sometimes via South Kings Highway and it's very scary. I'd never do it with an inexperienced rider or a child.	LEE
122 6979-6999 S Kings Hwy, Alexandria, Virginia, 22310	I actually biked here recently and I thought I was going to die. South Kings Hwy is so scary. No space for bikeing, sidewalks was totally covered in ice or people were walking on it. No	LEE
123 6643 S Kings Hwy, Alexandria, Virginia, 22306	The sidepath on the northbound side is in extremely poor condition, unsafe on wheels, and to narrow walking or biking to pass anyone.	LEE
124 6700-6798 Harrison Ln, Alexandria, Virginia, 22306	Street parking here is never used. Would be a perfect protected bike lane.	LEE
125 6902-6908 Harrison Ln, Alexandria, Virginia, 22306	The bike lane just ends here, in the middle of a road. There is a sidewalk, but it's narrow.	LEE
126 7002-7040 Harrison Ln, Alexandria, Virginia, 22306	Bike lane starts here, but it is ridiculously narrow.	LEE
127 7077-7129 Harrison Ln, Alexandria, Virginia, 22306	Bike lane ends here, just dumping you into fast moving car traffic. Have to cross at a difficult point if I want to use the sidewalk on the other side of the street. No sidewalk on the eas	LEE
128 7140 Harrison Ln, Alexandria, Virginia, 22306	Bike lane ends again. It comes and goes up and down Harrison Lane, forcing you to cross multiple times if you want to stay away from drivers.	LEE
129 Cedar Trl, Alexandria, Virginia, 22306	Need bike parking at Huntley Meadows	LEE
130 3601-3699 Lockheed Blvd, Alexandria, Virginia, 22301	No sidewalks, no space to bike	LEE
131 3601-3699 Lockheed Blvd, Alexandria, Virginia, 22301	No sidewalks between the school and a County park	LEE
132 6429 Telegraph Rd, Alexandria, Virginia, 22310	Sidewalk is in extremely poor condition and very narrow. It's often blocked by a park vehicle of the resident there.	LEE
133 5773-5799 Telegraph Rd, Alexandria, Virginia, 22301	Narrow sidewalk and jersey barrier here put me way to close to 3 lanes of high speed traffic.	LEE
134 3600 Franconia Rd, Alexandria, Virginia, 22310	Sidewalk get very narrow here and the road has too many high speed drivers.	LEE
135 3700 Franconia Rd, Alexandria, Virginia, 22310	Underutilized street parking and wide travel lanes here, should be bike lanes here.	LEE
136 4010 Franconia Rd, Alexandria, Virginia, 22310	The sidepath between Pine Brook and Mark Twain Middle School is extremely narrow, and it's only on one side. The road is pretty wide through most of this section, wider sidepath a	LEE
137 Franconia Rd, Alexandria, Virginia, 22310	Westbound Franconia is two car lanes starting here. It should stay one lane and the extra space needs to allocated to a protected bike lane and wider sidewalks.	LEE
138 4703 Franconia Rd, Alexandria, Virginia, 22310	Huge underutilized right turn lane here should be bike lanes and a wider sidewalk.	LEE
139 5001-5001 Franconia Rd, Alexandria, Virginia, 22301	Franconia, east of Van Dorn, should be a single car lane each way and the curb space should be allocated to bike and walk space.	LEE
140 Rose Hill Plaza	I want to bike here, but it's really scary to walk and bike on Franconia road. The sidewalks, where they exist, are super narrow and in poor condition.	LEE
141 Fairfax County Police Department	I would bike here, if Franconia or Van Dorn had some protected, separated space for bike lanes. Franconia has 6+ lanes for cars west of Van Dorn. Seems excessive. The sidewalks are	LEE

199 Kingstowne Village Pkwy, Alexandria, Virginia, 2231	On Kingstowne Village Pkwy, between Beulah and Hayfield Rd there are bike lanes. North of Hayfield Road, there are no bike lanes. Cars typically travel this stretch at speeds nearing LEE	
200 Lake Village Dr, Alexandria, Virginia, 22315	This is a common bike crossing point for bikes traveling from Rose Hill to points south, but the light doesn't change for bicyclists unless there's a car present. The wait can be very long LEE	
201 7564 Telegraph Rd, Alexandria, Virginia, 22315	This shopping center is surrounded by residential neighborhoods and adjacent to a secondary school. Many local residents come here by bike.	LEE
204 4901-5199 Celtic Dr, Alexandria, Virginia, 22310	A decent shared use trail starts/ends here and connects to Kingstowne, but there is no ramp or sidewalk connecting to it. The curb is blocked by car parking and there is just mud between LEE	
205 Lockheed Blvd, Alexandria, Virginia, 22306	There is a crosswalk here and usually cars parked right up to it which blocks the view of the curb. It's really hard while driving to see when a person is trying to cross. Parking spots should be LEE	
214 Fordson Place	I've biked here before, but it's scary and there is not one bike rack in this huge shopping center.	LEE
215 Fordson Rd, Alexandria, Virginia, 22306	Eliminate right on red here. Too many conflict points and blind spots. Police officer hit a bicyclist here while turning on red and not looking to his right first.	LEE
225 7212-7230 Commerce St, Springfield, Virginia, 2215	The pedestrian crossing is dangerous and needs improvement. Although on this map it looks like there is a median along the entire road, there aren't any medians. Get rid of the center line.	LEE
282 7129 Vantage Dr, Alexandria, Virginia, 22306	Open up this utility corridor as a trail connecting Route 1 to Huntley Meadows and on to Lee District Park. This can be done easily with a three low boardwalks over the tributary channel.	LEE
331 Mile 168 I-95 S, Springfield, Virginia, 22150	There is no sidewalk. You must walk/bike in the street. Vehicle speeds are high.	LEE
376 7204 Harrison Ln, Alexandria, Virginia, 22306	Cars routinely speed (15+ mph over the limit) coming out of this turn and up/down Harrison Lane. Traffic calming would make crossing the street safer.	LEE
398 3414-3472 Franconia Rd, Alexandria, Virginia, 22311	South Side of Franconia Rd. between Governors View Ln and Norton Rd has no sidewalk or trail	LEE
399 3414-3472 Franconia Rd, Alexandria, Virginia, 22311	South Side of Franconia Rd. between Governors View Ln and Norton Rd has no sidewalk or trail	LEE
400 3498-3598 Franconia Rd, Alexandria, Virginia, 22311	South Side of Franconia Rd. between Governors View Ln and Norton Rd has no sidewalk or trail	LEE
415 7204 Groveton Gardens Rd, Alexandria, Virginia, 22310	No side walk or even shared bike lane. In fact the road narrows. Pedestrians and bikers have to come onto the road when there is barely enough room for two large vehicles.	LEE
416 5900-5926 Bush Hill Dr, Alexandria, Virginia, 22310	No sidewalks, huge drainage ditches on both sides of the road, backs up to a school, and en route to desirable shopping such as grocery, library, pharmacy, and schools. People want LEE	
417 5900-5926 Bush Hill Dr, Alexandria, Virginia, 22310	No sidewalks and HUGE drainage ditches on both sides of the road. Documented speeding problem by FFXDOT. Please help!	LEE
418 5929-6099 Bush Hill Dr, Alexandria, Virginia, 22310	No sidewalks. Documented speeding problem by FFXDOT. Enroute to a school and to desirable shopping. Please upgrade.	LEE
474 Franconia-Springfield Pkwy, Springfield, Virginia, 2215	This portion of the trail is extremely overgrown and not kept up so it is incredibly difficult to figure out how to get to the other side of Franconia Springfield Parkway.	LEE
493 6006 N Kings Hwy, Alexandria, Virginia, 22303	Narrow, old sidewalks next to a high-speed, 4 lanes road, makes it very unsafe for people walking. As the main connection to/from the Metro and community, this road needs to be widened.	LEE
497 N Kings Hwy, Alexandria, Virginia, 22303	Need a no-right-on-red for drivers turning from North Kings Highway onto Telegraph. Drivers block the crosswalk trying to turn right on red and don't yield to people in the crosswalk.	LEE
506 Richmond Hwy, Alexandria, Virginia, 22309	No sidewalk makes it unsafe to walk this section of the road.	LEE
661 Kingstowne Village Pkwy, Alexandria, Virginia, 2231	There is no sidewalk on the southern side of the street.	LEE
662 Kingstowne Village Pkwy, Alexandria, Virginia, 2231	On Kingstowne Village Parkway, between Hayfield Rd and Kingstowne Blvd, there are no streetlights.	LEE
712 6742-6752 Commerce St, Springfield, Virginia, 2215	There is a bike shared lane but challenging to ride with cars here	LEE
713 Mile 167 I-95 N, Springfield, Virginia, 22150	Fairfax county Pkwy needs a protected bike lane here at I-95	LEE
715 Huntley Meadows Park	Huntley Meadows needs through connected trails to Telegraph and Mt. Vernon Woods	LEE
716 Outlet, Alexandria, Virginia, 22306	Please build at least one bike path across huntley meadows so we can avoid HWY 1 and Telegraph	LEE
753 7337-7409 Hooes Rd, Springfield, Virginia, 22150	No sidewalk on Hooes Rd from this point to the west. No crosswalks to communities to the south. Limits access to bus transportation.	LEE
754 7336-7408 Hooes Rd, Springfield, Virginia, 22150	No bike lane or ample room for safe biking on Hooes Road. Roads are tight with limited visibility around curves. Cars travel too fast.	LEE
755 7622-7628 Hooes Rd, Springfield, Virginia, 22150	Trail access needs to be established and maintained. No sidewalk on Hooes Rd to access this point.	LEE
758 7624-7698 Mendota Pl, Springfield, Virginia, 22150	there is a spot with poor drainage on the trail between the CCT and Mendota Pl that gets very muddy after it rains. The mud makes riding bikes, scooters, etc. challenging through the area.	LEE
761 Byron Ave Park	there is gravel on the CCT paved surface that presents a traction hazard for bicycles, scooters, etc.	LEE
762 6301-6399 Middlesex Ave, Springfield, Virginia, 2215	there are a couple of spots on the CCT that flood and become muddy after rain (due to no drainage under the pavement) creating a barrier/safety hazard for bikes, scooters etc.	LEE
763 Byron Ave Park	there are spots along this stretch of the CCT that flood and become muddy after rain (due to no drainage under the pavement) creating a hazard for bikes, scooters, etc.	LEE
764 Byron Ave Park	the surface of the CCT is very rough (apparently due to tree roots) in this spot creating a hazard for bikes, scooters, etc.	LEE
765 Byron Ave Park	the CCT surface here is very rough (apparently due to tree roots under the pavement) creating a safety hazard for bikes, scooters, skaters, etc.	LEE
768 Richmond Hwy, Alexandria, Virginia, 22306	No safe way for people to cross route one to access the library or rec center.	LEE
826 United States Postal Service (USPS)	this shopping center has great stores	LEE
835 5711-5713 Telegraph Rd, Alexandria, Virginia, 2230	The sidewalk is narrow and very uneven. Runoff from the residences leaves gravel and water puddled on it. Why is Telegraph 6 lanes wide for only a 1/2 mile here? It's one lane on each side.	LEE
836 6009-6021 Florence Ln, Alexandria, Virginia, 22310	Missing sidewalk segment	LEE
837 2916 Farmington Dr, Alexandria, Virginia, 22303	Missing sidewalk segment	LEE
953 Brookfield Park	Walking path mismarked here. Also, the footbridge is dangerously broken in this location.	LEE
954 Lake Accotink Park	This path is mismarked and should connect at the informational sign on the cross-county trail. Boardwalk needed here. For over half the year this connection is impassable to pedestrians.	LEE
956 6189-6199 Cumberland Ave, Springfield, Virginia, 22150	Everyone crosses from neighborhood and bus stop to shopping center here, but no cross walk exists. Add a crosswalk to improve safety	LEE
958 Middlesex Ave, Springfield, Virginia, 22150	Trails showing on this map from this location south to the end of Mendoza Place are dangerous and need maintenance due to landslides/washouts. Not all trails marked on this map are LEE	
961 7428 Flora St, Springfield, Virginia, 22150	The sidewalk along Highland and Flora is unfinished and a danger to pedestrians who are forced to walk on the VERY busy Highland Street. People and children use this way to walk to LEE	
966 7359-7411 Highland St, Springfield, Virginia, 22150	From Atteentee to Amelia, the Springfield Swim Club property has NO sidewalk. Children and adults walk to the swim club in the street, amidst busy traffic! Commuters walk to the LEE	
1034 3103 Spring Dr, Alexandria, Virginia, 22306	Need to have sidewalks both sides	LEE
1035 7926 Central Park Cir, Alexandria, Virginia, 22309	Mt. Vernon Woods neighborhood residents have no access to HM. Need to provide walking access from this side to serve this underserved neighborhood	LEE
1038 6890-6898 S Kings Hwy, Alexandria, Virginia, 22306	This needs to be a tunnel under S Kings Hwy if you want it to be safe.	LEE
1039 6920-6934 S Kings Hwy, Alexandria, Virginia, 22310	Need to repair or repave existing bike trail. It is down to a single lane.	LEE
1040 3701-3799 Lockheed Blvd, Alexandria, Virginia, 2231	Need ped/bike access to park HQ	LEE
1042 3898-3898 Stoneybrooke Dr, Alexandria, Virginia, 2215	I walk my dog all through Woodstone and Stoneybrook. There is a pedestrian path connecting Lamp Post and Stoneybrooke Park (with stairs, not good for bikes).	LEE
1043 Telegraph Rd, Alexandria, Virginia, 22310	It's a shame there is no good way to walk down Telegraph without crossing the road.	LEE
1044 6830-6900 Harrison Ln, Alexandria, Virginia, 22306	Why isn't the bike lane on the opposite where bikers need to go up hill and go slower?	LEE
1045 3910 Buckman Rd, Alexandria, Virginia, 22309	Continue to improve bike/sidewalk. Parts of it suddenly have only two car lanes	LEE
1048 6085 Piney Woods Ct, Alexandria, Virginia, 22315	No good connection for the Jeff Todd to Telegraph on both sides of Telegraph	LEE
1049 Telegraph Rd, Alexandria, Virginia, 22315	Sidewalk needs to be widened for bike traffic	LEE

658 2928 Cedar Ln, Fairfax, Virginia, 22031	There needs to be a sidewalk or shared walkway on the stretch of Cedar Lane between Rt 50 and Lee Hwy. It is unsafe to walk this stretch because of the lack of consistent walkway,	PROVIDENCE
659 2941-2973 Cedar Ln, Fairfax, Virginia, 22031	Difficult to ride a bike on this stretch of Cedar Lane due to the hilly nature and cars speeding.	PROVIDENCE
660 8707 Lee Hwy, Fairfax, Virginia, 22031	would love a safe way to walk from Cedar Lane to Mosaic District	PROVIDENCE
709 3333 Highland Ln, Fairfax, Virginia, 22031	Access to Eakin Park from Highland would allow me to avoid Prosperity	PROVIDENCE
710 Gallows Rd, Dunn Loring, Virginia, 22027	I hope there is a separated pedestrian/bike lane on the new bridge over I-66 on Gallows. Also, it would be helpful to extend the bike lanes from Cottage to (and across) the bridge	PROVIDENCE
743 Lee Hwy, Falls Church, Virginia, 22042	Westbound 2A bus passengers find crossing Lee Hwy. during evening rush hours very dangerous.	PROVIDENCE
748 8228-8234 Greensboro Dr, McLean, Virginia, 22102	I would commute by bike (six miles) to work in Tysons if there was a decent north south trail.	PROVIDENCE
749 8629-8661 Arlington Blvd, Fairfax, Virginia, 22031	I live 1.5 miles from my office - I cannot safely walk along Rt 50 between Barkley and Prosperity, so I drive every day.	PROVIDENCE
756 10101-10199 Bushman Dr, Oakton, Virginia, 22124	There is no sidewalk across the park property to Blake Lane	PROVIDENCE
772 3001 Vaden Dr, Fairfax, Virginia, 22031	Vaden Drive is a hazardous crossing for pedestrians and bikers even at marked crosswalk because of poor road design and speeding. This is the location of a community center that sits on the property.	PROVIDENCE
773 East Blake Lane Park	There is a break in the paved path through East Blake Park here that needs repair and extension to and across Lee Highway.	PROVIDENCE
774 Mill Springs Dr, Fairfax, Virginia, 22031	Water drainage issues have left significant holes at the edge of the sides of the trail in various spots through this section of the trail causing a hazard to trail users. Additionally the asphalt is uneven.	PROVIDENCE
775 2044-2048 Woodford Rd, Vienna, Virginia, 22182	The travel lanes on Woodford Rd from Wolftrap to Electric are very wide causing vehicles to travel at increased speeds comfortably. A bike lane (potentially enough room for a buffer) would be helpful.	PROVIDENCE
777 Blake Ln, Fairfax, Virginia, 22031	The Blake Lane Bridge over 66 (and the intersection with Sutton directly north and west is hard to navigate by bike and pedestrians (especially concurrently). Upgrading this with the proposed bridge would be helpful.	PROVIDENCE
778 3174 Ariana Dr, Oakton, Virginia, 22124	As previously mentioned, this is not a fun part of the CCT (not to mention the bummer of the section along Blake Lane it connects to)	PROVIDENCE
782 10001 Five Oaks Rd, Fairfax, Virginia, 22031	This is a secret gem of a connector between Fairfax City and the Metro, and could use some attention/improvement to make it safer and more welcoming for pedestrians and bikers.	PROVIDENCE
783 Nutley St SW, Vienna, Virginia, 22180	This intersection at Virginia Center and Nutley is the best way to get across Nutley near 66, and it is an unfriendly intersection. A safe (preferably not at grade) way across Nutley on this street would be helpful.	PROVIDENCE
784 9250-9258 Lee Hwy, Fairfax, Virginia, 22031	It is a major bummer that there is no pleasant/easy way to get from all the new development here west of Nutley to the Pan Am shopping center and further east; 50 is a difficult road to navigate.	PROVIDENCE
786 9401-9499 Virginia Center Blvd, Vienna, Virginia, 22121	This is a very dangerous part of Virginia Center Blvd for cars/motorcyclists and pedestrians/bikers. It would be great to slow this road down and have an off-grade way to get over to the Pan Am shopping center.	PROVIDENCE
796 2913-2915 Cherry St, Falls Church, Virginia, 22042	Bike route signs direct to Cherry st to connect from FC to Annandale. But street is lined with parked vehicles creating blind driveways for this entire stretch of Cherry.	PROVIDENCE
798 Towers Park	poorly maintained section of path that could link CCT to Vienna metro and W&OD...high crime area - unsafe for kids.	PROVIDENCE
799 Arlington Blvd, Fairfax, Virginia, 22031	unsafe intersection with heavy traffic all modes incl bikes, pedestrians, cars can't see. Turning vehicles from picket make crossing here impossible. could link CCT to Vienna and W&OD.	PROVIDENCE
814 2980 District Ave, Fairfax, Virginia, 22031	need a connection from CCT or Annandale neighborhoods to Mosiac and Tysons to reduce car traffic on Gallows	PROVIDENCE
816 Jermantown Rd, Fairfax, Virginia, 22030	Dangerous conditions prevent walking and bike riding. Create a bike lane here.	PROVIDENCE
817 9945-10017 Blake Ln, Oakton, Virginia, 22124	Dangerous road conditions for bike riding. Forced onto sidewalk, which is too narrow to accomodate bikes and walkers. Create signed bike lane here.	PROVIDENCE
845 10311 Antietam Ave, Fairfax, Virginia, 22030	Adding a ~10 ft path connecting these two roads would enable residents of Oakton Park apartments to bike to the Vienna metro in 2 miles, instead of having to go wildly out of the way.	PROVIDENCE
850 7301 Pinecastle Rd, Falls Church, Virginia, 22043	When stopped at the stop sign on Pinecastle headed across the bike path, bicycles coming from the right are not visible because of the hill. It is too easy for a bicycle to be cruising along the path.	PROVIDENCE
851 2468 Bucklewe Dr, Falls Church, Virginia, 22046	There is a rip-rap drainage ditch here with no guard rail. One of these days a car is going to end up driving into the ditch and could even flip over.	PROVIDENCE
852 7423 Fairwood Ln, Falls Church, Virginia, 22046	Sidewalks are uneven. We have an electric wheelchair user who needs smooth sidewalks in order to use them. On Fairwood Lane between West St and Shreve Road.	PROVIDENCE
853 7220 Allan Ave, Falls Church, Virginia, 22046	Lots of kids live in Poplar Heights and use Roberts Park, but there is no safe way to cross West St. A crosswalk across West St from Allan Ave would be helpful, or a sidewalk from Tod St to Allan Ave.	PROVIDENCE
854 2311-2311 Barbour Rd, Falls Church, Virginia, 22042	The bridge over I-66 has sidewalks, but the curb to them is so high I am unable to move my double stroller to it by myself, meaning I need to use the stroller in the street even when a crosswalk is available.	PROVIDENCE
855 I-66 W, Falls Church, Virginia, 22043	It would be ideal to have a pathway from Leighton Drive to this park so residents of the Falls Hills neighborhood could visit it more easily.	PROVIDENCE
856 7317-7337 Pinecastle Rd, Falls Church, Virginia, 22043	Pinecastle has many pedestrians, including bicyclists who use it to get to the W&OD trail. It would be good to have a sidewalks for walking pedestrians. Given the number of parked cars on the street, this is a concern.	PROVIDENCE
857 7311-7319 Allan Ave, Falls Church, Virginia, 22046	Allan Ave needs a sidewalk connecting Bucklewe to West St. There have been several traffic studies on Allan Ave. that shows the critical need for a sidewalk for pedestrians. The side walk is not accessible.	PROVIDENCE
858 7200-7220 Allan Ave, Falls Church, Virginia, 22046	Allan Ave is used as a cut through street. A study was done, see attached analysis for the number of cars using the street as a cut through. There is no sidewalk connecting Allan to B Street.	PROVIDENCE
859 7600-7608 Shreve Rd, Falls Church, Virginia, 22043	There is a sidewalk right across Shreve Road that is used to access the Bike path. Many people use this path. We need a cross walk across Shreve Road to be able to safely access the path.	PROVIDENCE
860 7603 Virginia Ln, Falls Church, Virginia, 22043	The connecting path from sidewalk on Shreve Rd to W&OD trail at Virginia Ln is unlevel and rough with thick vegetation on one side, a drop into drainage ditch on the other, and is not accessible.	PROVIDENCE
861 7601 Virginia Ln, Falls Church, Virginia, 22043	The connecting path from sidewalk on Shreve Rd to W&OD trail at Virginia Ln is unlevel and rough with thick vegetation on one side, a drop into drainage ditch on the other, and is not accessible.	PROVIDENCE
862 7601 Virginia Ln, Falls Church, Virginia, 22043	The connecting path from sidewalk on Shreve Rd to W&OD trail at Virginia Ln is unlevel and rough with thick vegetation on one side, a drop into drainage ditch on the other, and is not accessible.	PROVIDENCE
863 VA-705, Falls Church, Virginia, 22046	There is a lot of foot traffic on Tod St. But there aren't enough crosswalks to cross West St Safely.	PROVIDENCE
864 2537 Stuart Pl, Falls Church, Virginia, 22046	Allen Ave has become a cut through with lots of cars speeding through a family friendly neighborhood. I would suggest requiring a permit to drive on the street and the two surrounding streets.	PROVIDENCE
865 Shreve Rd, Falls Church, Virginia, 22043	If you close off Allan Ave. as a cut through street, there won't be as much traffic coming down Shreve turning onto Bucklewe. The crossover on Shreve at Bucklewe is very dangerous.	PROVIDENCE
866 7220 Allan Ave, Falls Church, Virginia, 22046	Please close off Allan Ave. as a cut through road. There are way too many people driving crazy fast down this road. Our kids can never play out in the front. It is incredibly dangerous.	PROVIDENCE
867 2505 Bucklewe Dr, Falls Church, Virginia, 22046	I would suggest putting in a raised crosswalk at the end of Allan Ave. at West St. and at Bucklewe. Children walk to school, Roberts Park is a cut through street.	PROVIDENCE
868 7230 Allan Ave, Falls Church, Virginia, 22046	Allan Avenue is in incredibly busy cut through street. The street desperately needs a sidewalk for the safety of families, dog walkers, kids walking to school.	PROVIDENCE
869 7222-7230 Allan Ave, Falls Church, Virginia, 22046	Allan Avenue is a very busy cut-through street, but it's also home to many families with young children and other residents who deserve a safe place to walk and play. A sidewalk on Allen Avenue would be helpful.	PROVIDENCE
870 7300-7308 Allan Ave, Falls Church, Virginia, 22046	Allen Avenue is crying out for traffic mitigation and/or a sidewalk. Hundreds if not 1,000+ cars per day use Allen as a cut-through from Bucklewe to West, which is fine, except that a crosswalk is needed.	PROVIDENCE
879 2501-2505 Bucklewe Dr, Falls Church, Virginia, 22046	I suggest blocking Allan Ave. as a cut through street. Nobody abides to the 25mph speed limit, and there are NO sidewalks. Our children, pedestrians, and animals are all in danger without a crosswalk.	PROVIDENCE
880 7201-7211 Allan Ave, Falls Church, Virginia, 22046	I would vote for a closure of Allan as a cut through street. Way too busy, and too many cars flying down the street we are supposed to enjoy as a neighborhood. Let them go the regular speed limit.	PROVIDENCE
881 7232-7298 Allan Ave, Falls Church, Virginia, 22046	Dangerous walking/biking/kids condition on Allan Ave. Nobody obeys the speed limit, cars fly over the speed humps and no one lets us exit our driveways when using our street as a cut through.	PROVIDENCE
882 7310-7320 Allan Ave, Falls Church, Virginia, 22046	We have lived on Allan for years. The traffic has gotten out of control on our neighborhood road. Please close Allan as a cut through. Either close it at Bucklewe or West. It is insane.	PROVIDENCE
883 7232-7298 Allan Ave, Falls Church, Virginia, 22046	Missing sidewalk on Allan Ave connecting West Street to Bucklewe Street in order to not have to run or walk in the street in order to make it to and from the Biking/Running Trail. Need a crosswalk.	PROVIDENCE
884 10313-10361 Flagpole Ln, Oakton, Virginia, 22124	No sidewalk southern side of Flagpole near Borge St Park	PROVIDENCE
885 Borge Street Park	Crosswalk on Blake w/car speeds at 50+mph is effectively a barrier	PROVIDENCE
886 Hibbard St, Oakton, Virginia, 22124	Crosswalk on Blake w/car speeds at 50+mph is effectively a barrier	PROVIDENCE
887 Blake Ln, Vienna, Virginia, 22181	Crosswalk on Blake w/cars speeds at 50+mph is effectively a barrier	PROVIDENCE
888 Blake Ln, Fairfax, Virginia, 22031	Crosswalk on Blake w/cars speeds at 50+mph is effectively a barrier	PROVIDENCE
889 Jermantown Rd, Oakton, Virginia, 22124	No north-south crosswalk	PROVIDENCE
890 7620 Shreve Rd, Falls Church, Virginia, 22043	Between Shrevewood Elementary School and Holly Manor Drive, there is no curb or setback between the sidewalk and road. Many kids walk this path daily to and from school.	PROVIDENCE

- 922 7640-7698 Shreve Rd, Falls Church, Virginia, 22043 Need a crosswalk with flashing signs that gives access to the trail on the other side of Shreve road that connects to the W&OD. The closest crosswalk is a mile up the road at Pinecastl PROVIDENCE
- 923 2928-2940 Fairview Park Dr, Falls Church, Virginia, 22042 On both side of Fairview there should be bike lane or at least sharrows PROVIDENCE
- 924 Strawberry Ln, Fairfax, Virginia, 22031 The high visibility crosswalk and flashing beacon are not enough. This intersection is very dangerous. There should be a road diet with a four way stop, or at least a traffic circle. PROVIDENCE
- 925 2825 Juniper St, Fairfax, Virginia, 22031 There should be a continuous bike lanes on both side of Merrilee PROVIDENCE
- 926 3007 Eskridge Rd, Fairfax, Virginia, 22031 There should be protected bike lanes on both sides of Eskridge from Rt 29 to Williams PROVIDENCE
- 929 Exit 50A-B, Falls Church, Virginia, 22042 There needs to be a bridge over 495 to connect the 50 trail inside and outside the beltway PROVIDENCE
- 930 Capital Beltway, Falls Church, Virginia, 22042 There needs to be a bridge over 495 to connect the future trails on the INOVA Campus and the Holmes run corridor PROVIDENCE
- 931 8200-8216 Willow Oaks Corporate Dr, Fairfax, Virgi There should be bike lanes or at least sharrows and share the road signs connecting Williams/Mosaic to the CCT PROVIDENCE
- 932 Lee Hwy, Falls Church, Virginia, 22042 Rt 29 on both sides needs sidewalk repair and bike lanes install from the beltway to route 7. This whole section needs help urgently. PROVIDENCE
- 934 2800-2932 Rosemary Ln, Falls Church, Virginia, 22040 Narrow street - no sidewalk PROVIDENCE
- 935 2800-2932 Rosemary Ln, Falls Church, Virginia, 22040 Entrance to park/school PROVIDENCE
- 937 2800-2932 Rosemary Ln, Falls Church, Virginia, 22040 Limited walk/ transit connection. There are no sidewalks on Rosemary lane after the new Rosemary Ct development. PROVIDENCE
- 938 2825 Edgehill Ave, Falls Church, Virginia, 22042 There are no sidewalks on Rosemary lane to safely access the trail to the park. PROVIDENCE
- 939 2800-2932 Rosemary Ln, Falls Church, Virginia, 22040 The lack of sidewalks on Rosemary lane compounded by ditches and narrowing, by parked vehicles or trash pick up, makes it difficult to walk or ride a bike or scooter. PROVIDENCE
- 940 2816 Monroe St, Falls Church, Virginia, 22042 There is no connection between Cavalier trail and Edgehill ave without walking/ riding on Woodlawn street or lee highway. PROVIDENCE
- 941 Lee Hwy, Falls Church, Virginia, 22046 Left turn traffic in both northbound and southbound directions have no idea what to do here due to a slight misalignment of Marshall St across 29. In addition, there are only like 2 w: PROVIDENCE
- 942 Lee Hwy, Falls Church, Virginia, 22046 The most direct access to the W&OD trail from the neighborhood of Greenway Downs is via this intersection. Unfortunately, this intersection sucks, and drivers heading northbound PROVIDENCE
- 943 Cavalier Trl, Falls Church, Virginia, 22042 A decent crossing here for pedestrians and cyclists would open up access to Falls Church City from points south. PROVIDENCE
- 944 549-599 S Maple Ave, Falls Church, Virginia, 22046 A decent crossing here for pedestrians and cyclists would open up access to Falls Church City from points south. PROVIDENCE
- 945 2800-2932 Rosemary Ln, Falls Church, Virginia, 22040 Rosemary Ln. has no sidewalks and ditches on both sides of most of the road. The road is also narrow, and on-street parking makes walking that much more difficult and dangerous. PROVIDENCE
- 946 2800-2932 Rosemary Ln, Falls Church, Virginia, 22040 Rosemary Lane is narrow, and the roadway is constricted by street parking and trash/recycling bins. All pedestrians, cyclists, and dog walkers on this street must walk in the road an PROVIDENCE
- 949 7114 Terry Ln, Falls Church, Virginia, 22042 Road is narrow and unsafe for walking. Our kids walk to school on Rosemary Lane, and a sidewalk is needed. PROVIDENCE
- 950 2954 Rosemary Ln, Falls Church, Virginia, 22042 Rosemary Lane is unsafe for walking with a lot of cut-through traffic. A sidewalk is needed. PROVIDENCE
- 951 2900 Rosemary Ln, Falls Church, Virginia, 22042 Rosemary Lane is a street with an increasing number of families with young children with no where to safely walk. The street is desperately in need of a side walk. PROVIDENCE
- 952 7836 Idylwood Rd, Dunn Loring, Virginia, 22027 Bridge over 495 does not provide a safe crossing for cyclists. PROVIDENCE
- 955 2255 Sandburg St, Dunn Loring, Virginia, 22027 A bike trail connecting the two sides of Sandburg St. would be helpful. PROVIDENCE
- 959 2921 Rosemary Ln, Falls Church, Virginia, 22042 We have two small kids and dog. Without sidewalks it feels dangerous every time we leave the house - especially when pushing stroller, daughter riding bike or scootering. PROVIDENCE
- 960 2921 Rosemary Ln, Falls Church, Virginia, 22042 We have two small kids and a dog. Without proper sidewalks it presents a danger every time we leave the house to walk to daycare, bike ride, scooter, walk the dog or anything else. PROVIDENCE
- 962 Dunn Loring Park Park could be a connecting point from neighborhood to Gallows commuting for both biking and walking. No sings now. PROVIDENCE
- 967 Marshall St, Falls Church, Virginia, 22042 Even with crosswalk, high speed road w/o signal, pedestrian refuse or ped level lighting makes it unsafe and uncomfortable PROVIDENCE
- 968 Lee Hwy, Falls Church, Virginia, 22042 Barrier to biking as well. You cannot walk from Shreve to Mosaic directly without going down and around a pond and up to Lee Highway. Direct access would have to be carefully plan PROVIDENCE
- 969 8110-8110 Lee Hwy, Falls Church, Virginia, 22042 I would like to walk from Shrevewood to Mosaic. It is hot (no trees), unsafe (the pedestrian crossing at Gallows is terrible), and polluted. One of the lanes on each side of Lee could b PROVIDENCE
- 970 2401-2465 Buckelew Dr, Falls Church, Virginia, 22042 I understand we need walking and biking access. But sidewalks are not always the answer. Too often mature trees are destroyed for sidewalks where partly permeable trail construct PROVIDENCE
- 971 7920 Shreve Rd, Falls Church, Virginia, 22043 There is no transit access in Shrevewood because of the extreme curve at the Beltway. But there are small style buses that should be able to be used, particularly between W Falls Ch PROVIDENCE
- 972 2900-2900 Eskridge Rd, Fairfax, Virginia, 22031 29 has far too many travel lanes in this area to accommodate a mixed-use, pedestrian friendly area on both sides of the road. It is intimidating to cross the road. You are always watch PROVIDENCE
