October 14 at 11:30 AM · 🌐

The Confederate Names Task Force wants to hear your thoughts on whether Lee Highway and Lee Jackson Memorial Highway should be renamed before they make a recommendation to the Board of Supervisors in December. They are looking for feedback in multiple ways including an online survey and four listening sessions where residents can speak to the task force in-person.

We have a “Confederate Names Task Force”?!? 😞 What a waste of money and resources. Stop changing the names. We aren’t offended by the name of a road. No one cries uncontrollably and has to seek immediate therapy when they see these signs.

Diane Miller

This issue makes me sick!!! Please please stop erasing history. Monuments and historical names in no way condone actions of the past. They commemorate what once was and erasing history is a surefire way of repeating the past.

· 2w · Edited

Apparently Fairfax County has nothing better to do than blow the tax payers money. Go ahead and change all the names that offend your overly sensitive feelings. It doesn't change a thing about the past. Stupidity at it finest.

· 2w

Shawn Vermillion

Because real traitors want to erase history.

· 2w

Allan Robertson

Shawn Vermillion I'm unaware of any streets named after Hitler or George III, yet I trust you know who they are. Street names are about oppression, not history.

· 2w

Allan Robertson

Shawn Vermillion how does removing street signs erase history? It seems those worried about erasing history are really worried about further undoing centuries of oppression.
