Lee Highway and Lee Jackson Memorial Highway. Money cost. Wiping away our history. Keep the names

Yes, my name is Shirley Cagle. I'm calling in regards to the feedback for the renaming Lee Jackson Memorial Hwy.

I'm saying no, but I'm and I'm. I would like to add. I think the people that say yes should pay for it or ask him all how much they want to pay to have it renamed.

Yes hi, we got this letter. It says you guys want to change a route to 29 and Route 250. Rename it and absolutely no we don't want new names. We want to keep all the names. OK. Than

Yes, my name is Pat James. My husband's name is Earl James. We received two cards in the mail to vote on rather to rename Route 29 and Route 50 in Fairfax County. We are both voting. No, they should not be renamed.

This is getting to the height of ridiculousness. Uhm, what are they going to do? Burn the history books next. This is just absolutely ridiculous. If you would please put us down for two votes of low for

This is Ed Gladen, Centerville. I live a block off Lee Highway where I have lived for the last 70 years. I do not want the name change of any of the highways in the state of Virginia or Fairfa

Yes, I'm calling to put my input on renaming a Lee highway. I think the name should not be changed. Thank you bye.

necessary,

I believe people have a strong inner ability and people has inner strength not being able to be affected by whatever name it is whatever past it is, and it's just not necessary

Yes, I received a advertisement in the mail regarding the change of name on Lee Highway and Route 50 and I am totally against changing the name should be left like it is.

People need to accept everything the way it should be. Thank you bye.

Hi Robin, thank you for taking this down. I did the online survey about the renaming Confederate Task Force, Confederate Names, Task Force. I want to point up something that I neglected to type into my survey and

that is that renaming of schools should justifiably concern pretty much closely the Community involved with that school. However, the renaming of roads and streets that everybody uses throughout the county should give adequate weight to people all over the county because we all use all the roads. So I think that you know this election of comments to be weighted exactly more heavily with people who live. There is right, to a certain degree, but not the same degree as to schools So that's just my comment. Thank you. I appreciate your work and thank you for being in charge of this. I appreciate it. Bye.

This is Timson, residing here in Vienna, VA. I'd like to say that I want the names of Lee Highway Route 29 and the Jackson Memorial Hwy. Route 50 to be as is, you know, you leave it as it is.

~~I am not a politician but this is what I want to be. It's in the records already and I want it to remain so. Thank you.~~

Yes, I was calling about your request for name changes. On Route 29, in Route 50, no. I don't think they should be changed, but you hide the phone number on the back of the card and this big letters on the front

and then you don't put the phone number. I don't understand who the hell designed this card and then they didn't put the phone number on it. You wanna hear from me? Then you hide the phone number in the back smallprint I don't understand. It's our tax money at work I guess. Thank you, do you have any questions? I can be reached at ? Thank you.

This is Mr. Alexander calling in response to your survey about renaming. Uhm, let me stay Lee Highway and Lee Jackson Memorial Hwy. I'm against both of those changes. It's silly and you don't need to do that. Bye for now.

Hello I received something in the mail asking if I think that Route 29 and 50 Lee Highway, Lee Jackson Memorial Hwy should be renamed and I'm just calling to say no. Hi, good morning, I'm responding to a card that asked input on the change of names of Lee Highway and league. Excuse me, Lee Jackson memorial Hwy. No, they should not be changed.

Any names? What is the reason for? Anybody would need to change the names of those two highways? It's ridiculous. Those need to be kept the same name as they've had since they were. This is for the last 50 years or more. Thank you.

This is a Fairfax County resident and I would like to know from whence came this initiative to change these names. I must admit I have been expecting this being as the fear factor is a very woke up county. However, after last night I think that it's evident that we are tired of all that. Uhm, my telephone number by name is Barton Barton and my telephone.

Hi Robin, my name is Fred. I live in Annandale. I'm voting no on changing the names of Route 29 and Route 50. In addition to that I tried multiple ways to pass this information. The email does not work. I got bounced back on that. In addition to that, your online survey page does not work because I couldn't get to the page. That's why I made this phone call and I went through three people to get to you. I'm at. if you want any details on my trip to be able to tell you. I say don't change the names. Spend the tax

Hi, my name is William Prestwood. I got this Mailer concerning the Confederate names task force from renaming Lee Highway and the Jackson Memorial Highway. I do not think they should be renamed. They should keep the same name so my opinion and my vote for whatever this means is do not change the name. And if you wouldn't mind calling me back at to confirm you got my message, I would appreciate it. Thank you.

Yeah, I want to leave my vote on the renaming Lee Highway New Jackson Hwy. I think it's a bad idea. I think you should leave the name alone. It's part of our culture. You know

Lee was part of the Confederate Army. They lost the war and I'm glad they did. I'm glad they lost and we should celebrate that. Why would we want to erase that? I think what we should do is disband this Fairfax County Confederate Task Force. I mean, there was just a waste of money we could spend the money more wisely on something else. Just a bad idea. That's all I have to say. Thank you.

My name is Paul Rice. I'm answering the survey. I do not think there should be a name change pertaining to the Lee Highway or the Lee Jackson Memorial Hwy. So I would vote against renaming those roads. If you have any questions, please call me.

Miss Geiger, I understand you want a opinion. Renaming ways. Absolutely not. I think history is required in maintaining historic historic information is absolutely essential. No way in hell do not rename it. Let's maintain our tradition.

So I will call back later. I'll just say that I think after the election last night, Virginians roundly rejected that woke nonsense. And of course they should not be renamed. They are fine, they are part of our history. A big part of Virginia's history. And I am a Virginia resident who voted last night. Thank you

Hello, I'd like to come give you my opinion about changing the name of Lee Highway Route 29 and Lee Jackson Memorial Hwy, Route 50 I think it should not be renamed. Thank you very much. Bye bye.

yes, I'm just calling about the notice that the postcard saying about the changing the name to Lee Highway and also Lee Jackson Memorial Hwy being named being changed and I'm a

Fairfax resident and I would not want those names to be changed. Thank you bye

Hi, my name is Alan Kornblatt and I live in McLean. I received your notice concerning name changes for Lee Highway and Lee Jackson Memorial Highway. For practical purposes, the

Civil War is finished and history is history. Robert Lee was actually defending the Commonwealth, and unfortunately there's been too much said about slaveholders. There's a Dolley Madison library in McLean. Well, her husband had slaves, and I'm sure she used them for practical purposes. History is history, and enough is enough. If somebody is going to be crazy enough to want names changed, Lee Highway should just be Route 29 and a Lee Jackson Hwy should just be Route 50. Anybody else's

Hi, this is Mrs. Aldridge and I do not want the name only highway changed or the other one. What is the other one? Lee Jackson do not bother good grief, just do not change

Hi yes this is Patricia Harrison and I'm calling about the name change for Route 29 and Group 50 and so 'cause somebody call me so I can just vote. No thank you.

Hi, please don't change your route 29 or 50 don't change their name. Leave it at least Jackson Memorial Hwy. He really 50. Don't change his name at all. Please don't thank

Hi, this is Cindy Ailiff I'm calling you. I was I received the should Lee Highway be renamed please call me back. I do have a few questions. First of all I would like to know the cost.

How much is it going to cost? This is also going to be inexpensive. Her every business and person that has to you know remain if that's what you're gonna do is put it meaning to it. That's my first question. The second one is what does the black community want? You know they're the ones that find this. You know most defensive, supposedly so would they rather have perhaps the money as a college fund maybe? I mean I wanna know what is their voice in this. Uhm those are my first two questions.

Yes, my name is Pat Clancy Clancy and I vote not to change the names on Lee Highway and I guess re 50. I'm not sure what the other one was.

I don't remember sorry but I do not want to change the names of those roads. Thank you bye.

They just said no changes and his name was Carl Batten ATTON. Talk to you later bye.

Calling regarding name change of Lee Highway do not want it changed. That's my answer. Thank you kindly take care. Bye now.

Responding to a survey I received in the mail concerning the renaming of routes 29 and 50, I vote no against renaming.

Yes, I'm calling in response that the Postal Service left me it's should. Lee Highway and Lee Jackson Memorial Hwy be renamed. My answer is no, they should not. History was made

whether you like it or not. It's still history. We can't change it and to go to the expense and the inconvenience. For thousands of people to change the name of a of a major Rd like that,

I think is an outrage and absolutely ridiculous and just a complete waste of money. There are other lease and other Jacksons if you don't like the ones they're named for, just decide

Yes, I received a card in the mail here both at Lee Highway Ralph and Lee Jackson Memorial Highway in Fairfax County being renamed. I think it should stay the same.

It shouldn't be nothing done with it. They were as is and I don't know why. But all I can tell you and that's it. So bye.

Please do not rename the highway. That is my preference, thank you.

Hello, my name is vanette Bryson. I live in Centerville and I was calling a concern about the Confederate names task force. I wanted to give you my opinion since I only got this notification

~~couple of days ago and I don't feel I was given time enough to go to any of the meetings or to understand what's going on. Thank you very much~~

I'm calling in reference to the Confederate Names Task force I received a piece of mail on that. I don't have a problem with the changing Lee you I believe Lee Highway and Lee Jackson Memorial Hwy. The same. I wouldn't wouldn't change it. Why spend all the money for what? Most people don't even know who those people were, so I both don't do it.

Yeah, it's please do not name on Lee Highway. Because it's been there for many years and I can agree with these people that are just wanting to change history. Lee Jackson Memorial Hwy is a route that should stay. Lee Jackson Memorial Hwy. I'm sorry if some people don't like about it. They can either move or just finally agree that the majority of the people do not want this name change. Thank you bye bye.

Hello, I'm calling in regards to this postcard I received about renaming Lee Highway and Lee Jackson Memorial Highway. Uhm, anyway, what do you wanna do?

I'm calling for. I gotta fly in the mail that asked do I want the highway or jets? Lee Jackson Memorial Hwy to be renamed and my name is Preston Spady. I don't think so. I don't see no need to And I'm gonna guess or rename it touch later bye.

Hey I want to leave a message message comments about the Fairfax County Confederate Names Task Force. So I think this is part of the history. We should keep the name for the Lee Highway. Where is the end? What will be the next one? If you name this So what are you going to do? Are you going to destroy the Washington Monument because Washington used to have slaves? Where is the end? This is part of the history of you are not United States. We should keep everything

Hi, I was calling in regards to this flyer I got in the mail in regards to changing the name of Lee Highway. Just wanted to voice my opinion that this the time and effort in the cost of changing the Neely Highway. Two, another name is really very ridiculous. It's uhm 1 Lee highway. Could be the name of anybody by the name of Lee. Uhm, I think this should not be done and I am strongly against it. Please record my message but I was also interested to know the cost of this program that you're conducting at this time. And would you please call me? Let me know how much you're spending on this program to change this name. Just the survey itself, let alone the cost of what it might be to actually change the name. You can reach me seven or three 2423854 and I would be very interested in this information. Please call me Thank you. About the name. My Hello, uhm I got a flyer about what my thoughts are on changing the name of Lee Jackson Hwy. At any rate, my thoughts are that this stuff leads to polarization in this country.

If we're going to do that, why don't we change the name of Leesburg or Jacksonville? Just my thoughts. Thank you bye  
This is Mrs. Sanders in Springfield, VA. I'm calling with regards to the renaming of Lee Highway and Lee Jackson Memorial Highway. I am not in favor of it. I think they should remain the same names. This is part of history and you can't take away history. Thank you.

The Mailer asking about renaming the Lee and Rob 50 and Route 50 I brought 29 and route 50 highways absolutely do not rename them. They should remain Lee Highway and Lee Jackson Memorial Hwy. Route 50 should both re keep their names absolutely. Do not rename them. Thank you. Patricia Beardsley at her husband Dan. Yes, two votes. No thank you.

Yes, just calling about renaming a 29 and Route 50 and Fairfax. I do not agree with that. It's been 29 for 1000 years and it's been Route 50 forever, so I would like it to remain the same.

There's no sense in spending that kind of money to change Rd names. Thank you.

Good afternoon, I'm responding to the questionnaire that you sent in the mail about whether Lee Highway or the Lee Jackson Memorial Hwy should be renamed. I say no. I

Yes, my name is Ed Laclair and I received a mailing talking about should Lee Highway and Lee Jackson Memorial Hwy be renamed. I strongly say no. I don't see why Fairfax County would

choose to spend money on having to replace all the street signs and force all the businesses and residents who have addresses. Lee Highway and Lee Memorial. Lee Jackson Memorial Hwy. They have to change all their addresses on everything, all their mailings and everything that they're doing. I think it's a extremely unnecessary expense for both the county individuals and businesses. And when you come down to Lee and Lee and Stonewall Jackson, I believe they were both honorable men. Save did with a believe was right and at the time that was certainly something that was hundred even by the Union troops and the Union government that fought against them. So I believe that these Old Street should not be renamed, so I hope you have a good day if you need to contact me on this so . And in addition I have no idea which you're going to rename the streets too. So I would strongly say no, and so my wife and I both feel that way and you have a good rest of the day goodbye.

Yes, I don't see any reason you should change the name Lee Jackson Memorial Highway. I think it's fine the way it is that you could use that money. Help people couldn't pay their rent.

You know, for those monuments same thing. Wouldn't you use though? And also on the schools to changing the name to a couple million or more? Why don't you use that money to help the people who are hurting who cannot find a job or who can't afford to pay their rent or they don't have insurance? Things like that would be good I think and I think it would help you a lot. Thank you

Yes, good afternoon. My name is Tom Barry. I'm a resident of Fairfax County. I received the flyer from the county regarding the Confederate Names Task Force. Specific to should

Lee Highway and Lee Jackson Memorial Hwy. Route 29 Route 50 in Fairfax be renamed. I wanted to get countered on the side of no need to change the names and also object to the county spending money on mobilizing to even put that much effort around printing these colored Flyers and the postage and having to ring the hands and asked the county citizens about this. Too much political woke correctness going on but also no need to change the signs. No need to change the address is no need to change the names and you can call me back at your convenience today. Have any questions on that thanks so much. Have a great afternoon. bye

This Mr Jasmer I'm a resident of the county. I'm responding to the query. The comments on the Confederate named Task Force and my answer is very simple. No, I'm not in

Public interesting to see outcome - never associated this with animosity among citizens - past couple years come to issue - I could go either way

Hi, my name is Lauren and I am a resident of vienna, VA. I got a survey in the mail and one of the options to respond with calling, so I'm not sure if that's the right number, but anyway,

I call and I am not in favor of changing the names of Lee Highway and Lee Jackson Memorial Highway. I do not think they should be renamed and that is my response. Yes, I received a card through the mail regarding the renaming of highways and, umm. My answer is no, I just don't believe in changing history even though I've come from a family of

Union soldiers. It's ridiculous.

Good day, I'm a county resident here in Fairfax and I got one of your mailers yesterday about changing the name of Lee Highway. I don't know if I'm supposed to call in or get online,

but it's easier for me to call in. I'm a senior citizen and a veteran and still paying taxes and I like the name of the Lee Highway. Everything is fine the way it is. Thank you.

Leave the Lee Jackson Hwy number alone. Don't change it. I have no idea what else you said because I don't hear.

Hey, my name is William Tucker eight and I was sent to your number so I could answer your survey. Having to do with the Fairfax County Confederate. The names test force have been doing with renaming Lee Highway 29 and Lee Jackson Memorial Hwy, Route 50. I'm really, I'm vote in both nose. Do not change the name. Leave it where it is. It's enough for this walk mess going on right now. We don't need to change every name if that be the case. I had to change my kids name that has Lee in it. Anyway, my name is William Tucker. I'm voting boats no 29 and 50. Thank you very much. Have a great day. Bye now.

Hi, I'm a resident of Fairfax County and a registered voter and I usually highway all the time. I don't want the name changed. Thank you.

~~ROBERT L LEE is a part of American history regardless of what the cancer culture snowflakes think of him. Leave the Lee highway name alone as I am one who will be as depressed by the need to change all my address codes as the woke crowd would be to change them. They will not feel a bit better if the names are changed and will continue to harrass us with their message. 1. it is a waste of money. it is taxpayers money that is being wasted. 2. it confuses all of us that are used to the names. 3. Names are names. if names offend you then close your eyes or move to somewhere else. I have names that offend me and I could care less. 4. I assume all this task forces of many people are getting paid. What a waste of money. 5. The transportation department has much better things to do. Thank you.~~  
please do not re-name Lee highway or any other such places in Va.

I do not favor changing road names. Current names relate to true historic figures; but, more importantly, the names are established; and changing names creates confusion and occurs I am adamantly opposed to renaming Lee Highway and Lee-Jackson Memorial Highway. These names are part of the rich, proud history of Northern Virginia. Any arguments that maintain these names reflect the soldiers and Southern states support of slavery is nonsense. Only a very/very small proportion of the Confederacy owned slaves...some 6% as I recall.

If the task force renames these highways where will this all end? The very idea of erasing history sounds like something that would be done in Russia or Red China. When people try to change history they do so at some risk. In several years when the tide of public sentiment blows in a different direction will we be eliminating any references to Martin Luther King or Frederick Douglas? I would urge the task force to tread lightly with these proposed name changes. You are dealing with history. Walk the battle fields of the Civil War then tell me that the soldiers of the South were fighting, and dying, by the thousands in support of slavery. That's just not what happened.

Keep the names for the roads the same. You can get rid of the statues that make people feel bad, but don't change the road names

Don't change the names - William Vann

I've lived here since 1966 - don't change the names

Jacki Santallo. I don't want to change the names. You could do better things with the money.

Uhm, hello? If this is the Fairfax County transportation, I vote no change of the name of Lee Highway are Lee and Lee Jackson Memorial Highway. I want them to remain the same. Thank you.

I do not think that Route 29 or 50's name should be changed. Thank you.

~~Hello, my name is Donald Chaddock spelled CHADD, DCC and I'm calling cause I received the card in the mail says to about the public feedback on Lee Highway and Lee Jackson Hwy. And I'm just calling to tell you that I think the name should remain the same. Thank you very much. If you have any questions please call me back. I'm at . Thank you very much goodbye.~~  
Hello, I'm calling about the survey about the Fairfax County changing the route names. No, we shouldn't change it and I would appreciate a Fairfax County would send out publications if people are so offended by the names and values of Northern Virginia, why don't they just move instead of you guys always bending over backwards and trying to facilitate the other people? I mean I'm native here so the people that come here and have a problem, they're the ones that need to move. So don't change the name of Lee Jackson, it's fine.

84,  
Yes, umh, it's a umh. Thursday, Thursday, November 4th I'm calling in response to the mailing I got on the Confederate Names Task Force to rename the Lee Highway and Lee Jackson Memorial Highway.  
I would like to put in my opinion about it. I would prefer greatly that the names are left alone. Leave it be. The names have been there a long time. I don't want them removed, so count my vote and just leave the names alone. Thank you. bye  
Good morning, my name is Alice S and I received a little postcard in the mail about the renaming of Lee Highway and I am against it. It's both Route 50 and Route 29. I really feel like the county is just can't you spend some money on something more important? I mean, when is this going to end? It's like the Taliban destroyed a Buddha from the ancient days in Afghanistan and everybody cried and carried on. But I just feel like that's what's happening in this country. There's no reason to read what, because 10 woke people are upset about this name like what's it to them, but pretend it's a differently. Pretend it's a Lee Smith and you Michael Jackson and just keep the names. Thank you  
I got some paperwork on Route 29, Lee Highway and Lee Jackson Memorial Hwy. Route 50. I'm saying yes, I'm voting to leave the name as it is. It's part of our history. Thank you very much. Have  
Hi there, this is Helen Nodine calling. I received your card in reference to Route 50 and 29 about changing the name. Rather it should be changed or not. I say no because I think changing it would cause accidents and it is really a lifeline in Virginia and through well, Maryland, Virginia and Washington.  
I'm a born Washingtonian, lived in McLean for same home for over 40 years and I really suggest that we not change the name of the Lee Jackson Memorial Highway and leave everything as it is and not confuse Fairfax. Thank you so much. Take care. bye

And the John S Mosby highway. Thank you  
Hi I'm voting for please don't change the names of the roads, it's too confusing as it is. Uhm, call me back if you need any more information thanks bye.

People need to change their addresses. A big expense. So no, I would never vote for such a thing. This is Linda Sharp in McLean . Thank you.  
I don't wanna change the names of Lee Highway or Lee Jackson Memorial Highway. I want them to say they historic where they are and people should remember that there's thousands of American soldiers buried in Robert E Lee's plantation. It crosses Lee mansion. They should remember Robert E Lee and Stonewall Jackson. Great American heroes. Thank you

Don't change the names it would be too confusing

Don't change the names it would erase history and would cost too much.

Mr. Curry I don't see reason to change the names

Yes hello this is James Winnsboro. I just received a letter in the mail that's asking should Lee Highway route twenty nine and Lee Jackson Memorial Highway route fifty in Fairfax County be renamed because their

Confederate. his is the fairest carry. Confederate names Talk Force Task Force is seeking public feedback. I mean no, just leave it alone. This stuff 's ridiculous. I mean, yeah, I mean, you know the Confederates.

Yeah, they needed slavery because they couldn't. He couldn't afford to do it without slaves. It's just like everything 's made in China. Now 'cause they worked fifty cents a day?

You know it's here. And if it was made in America, you couldn't afford to buy anything 'cause you'd be so high with because the labor I just leave everything alone. What's the big deal? I mean, how is history? It's history. I mean, my boat is to leave it alone. It's there. It's a people, have nothing else to do. He's trying to get rid of Confederate stuff and all. Well, match whatever, I don't know. But I. I'd say. I mean, they said call. I'm not doing mail. I mean it's just fill it online where I started or call us at this. OK. I thought I'd call and say now leave it alone. yeah? OK. they built 350.

Hi this is Teresa Francis. I'm responding to this card I got in the mail on this. Vote for Route 29 Lee Jackson Hwy. My vote is keep it the way it is. Don't change it. Alright, thank you.

Thank you, bye.</p>
<p>Yes, this is Bill Knudtson here in Herndon, VA and I got this little plastic. I'm not plastic, but the information on changing the name of Lee Highway and Route 50 or whatever I wanted to keep it the same as it is don't change anything. Thank you, bye.</p>

<p>Hi, I was just calling I got a thing in the mail today about changing the names of Lee Highway and Lee Jackson Memorial Highway. I don't think they should be changed and I would like to register my opinion about that. But anyway I will try again later. Thanks bye.</p>
<p>I just calling about the renaming of 50 and 29. I think it's the most idiotic thing I've heard of a. It's an expense that we don't need to expend, and I know there's a taxpayers are going to be the ones that have to pay for all the changes. It's just idiotic. That's my comment. Bye.</p>
<p>Hi, this is Robert Fox. I'm a resident of Fairfax County. I'm calling about the poll on whether to rename the Lee high ways. I would. My vote is to keep the names as they are. Lee Highway for Route 29 and to keep Lee Jackson Memorial Hwy the name for Route 50. Thank you.</p>

<p>Hello I would like to respond to a flyer I received in a mail about changing the name Lee Highway, Route 29. I am definitely against it has been here for as long as I have been 78 years and I don't think that you know there would be any reason to change it. Thank you very much.</p>
<p>Yes, I'm calling in response to the flyer I received regarding changing the name of Lee Highway and Lee Jackson Memorial Highway. I do not feel that they should be changed. I think it's totally unfair for the taxpayers of this county to have to pay the expense of changing the name on changing Rd signs and everything else in addition to all the additional color costs that would be involved with every business located on either of those roads. Plus, any residence is located on that road. My name is Michael Lee Dorsey. I live at. I can be reached at cell phone number 7 and I hope that this response will be recorded with you. Thank you.</p>
<p>Yeah, I'm calling in reference to the flyer you sent out on the name change on Lee Highway. I'm dead set against us. No sense in spending that money on something so foolish by.</p>

I want to answer the question about the changing names. Don't change any of the names. I mean when I rise the highway, I don't think that way. Let's use the money that you're going to have to change the signs and use the money for education and use the money for the highways themselves. I say no.

Hello I am a Fairfax County constituent. I'm calling a because of the postcard I got about changing Lee Highway and Re Jackson Hwy a renaming 2950. My answer is an emphatic no. Do not change them. Leave them saying thank you very much. Bye bye.

Hello, this is Pat fry some try Chester laid in Mantua. I received a card regarding should Lee Highway and Lee Jackson Memorial Hwy's name be changed. The answer is a no never no keep it the way it is. That's the way I feel about all this. You don't change history or whatever. The answer is no. Sir, thank you.

I'm calling regarding changing the names of Route 29 and Lee Jackson Hwy. Route 50 do not change them enough is enough already. What's next? Burning the history books do not change the names please, thank you

Yes, my name is Marianne Cantwell and I'm calling to give an opinion on the consideration of changing Lee Highway and Lee Jackson Memorial Hwy. Changing the name. Uhm, I am definitely against it. I'm against changing the name of any street or highway or Rd. It is ridiculous expense that this county should not expand. We need far too much work on our roads and bridges and other things. Changing a name is a ridiculous expense. Thank you.

better spent with them and like I said I was wrong. We don't have enough money and we need to do other things. So when I came as an immigrant I took history of the South and all that and you know, just let it go. We Hispanics probably have all these things for you to do like English as a second language and all those things so my opinion if you really care for it is to say just leave it alone. OK, thank you so much, bye.

Hey, my name is Cynthia I'm calling to something. Excuse me I'm calling in reference to something I got in the mail today about having the name change and I have to say absolutely not. Uhm, it's historic and we need to keep our history. My phone number is if you wanna call me back. Thank you very much bye.

Yes, I've received a flyer in the mail and wanting to know if I was in favor of changing Lee highway's name or Lee Jackson Memorial Hwy. Route 50. The name of that and I am not in favor of changing it. I think it should stay just the way it is. Thank you.

I'm responding to the postcard regarding whether Lee Highway should be renamed. There are two people in this House who vote no under any circumstance. There's no reason to do it #1 the sheer expense to rename it is another reason. Put two no votes.

Hi I want to make a comment on the renaming potential renaming of Hwy 50 and Hwy 29 in Fairfax County. I see no reason to rename. It only costs a heck of a lot of money to rename it and change all the signs. What have you mailing addresses etc. And I say no to renaming it. Not only no, but hell. No, it's a stupid idea. Thank you.

I am mum. I'm calling my name is Earl Flanagan. I'm calling to. I received a card about renaming Lee Jackson Memorial Highway and I'm not in favor of that. Uhm, trying to obscure history is a serious no matter how. We can't get rid of the Civil war and we should remember it. Thank you.

yes, I'm calling about the. I've got this a mail out about saying should Lee highway be changed, its name change and it gave me this phone number to call my computer is not working right now so I don't know if this will get accepted since I've just going to leave a message. But no, I don't think it should change, but if it does change, do not change it to another person's name. We ought to learn our lessons from that by now. Just change it to something neutral and let it go at that, but don't. But I would prefer not to change it because I've been here in this area forever and I'm used to that name and I don't want to have to get used to something else that's ridiculous. Thank you very much. My name is Kathleen Wilder. Number is if you need to call me back for confirmation. Thank you, bye.

Hi, I'm responding to the change the name of Lee Highway and I would like to keep the name Lee Highway. So that's my message. Thank you, bye.

Yes, I was calling in regards to this flyer I got about whether you should change the name of the Lee Highway Route 29 and about 50 to Lee Jackson Memorial Highway. I would I. My position is that the highway should not change and if it does change it should just keep a numerical numeric designation. Route 29 and 50 or just renumbered. It only or simply give it a new number simply because to change the name or even a change the number would require many changes to the publications that we have in the county and the state and that would cost. I believe that would cost a lot of money. So to me, I'd rather have you just keep the name and people should just move on. Also I tried that site that you gave me the email and apparently it does not work. I tried it a few times. I type the name and then when I get to the end the name becomes all exs so I don't know. Maybe you've had complaints about this before. Sergio MDH Uta turned in Virginia and my number is thank you bye bye

Hello this is Fran tunic TUNICK my number is and I received this card in the mail asking for me to give my opinion on whether or not you should change the names of two major roads in Arlington and Fairfax County and my answer is no, you are not to change them up. I've lived here for 74 years. There's no reason to change him because you have a handful of people who think that everything is connected to racism or whatever. And my answer to you and you can put me down as a definite no for Lee Highway or Free Jackson. What's the other one? Jack Lee Jackson Memorial Hwy? Thank you very much if you need anymore information from me. Give me a call . Thank you very much. Bye bye.

My name is Thomas Monsky live in Fairfax station. I'm against name changing and statues and taking down or anything referring to Lee Highway of 2950. A country without any history can't look at the history of everything, whether you like it or not is not going to be a country. Alright thank you bye bye.

Good afternoon this is Mrs. Williams and Weston and I received your card about renaming of Lee Highway and lead Jackson Memorial Highway. I am adamantly against it and so is my husband let's the children let the people learn from history. You cannot erase history where I come from. I'm from Germany and that's all that has been going in my hometown in Berlin. They do not change names or rename it to learn from it, you put a plaque on it and tell him what it was about. You don't just wipe it out. So my phone number is 703-437-1734. If there are any more questions you may call. Thank you. Bye bye bye

Here so yeah, they sent us this envelope. Or would we rename Lee Jackson Hwy. Would say no, keep it like it is a will live either way, but that would be our vote. Thanks bye.

My name is Karen Tallis and I'm calling about renaming the highways. I'm again against renaming any of the roads that history and it should be left as it is. Thank you.

Yes, good afternoon. My name is Lou Rosello and I'm from Piper County. I live here for since 1969 may. Uhm, however the question about. Hwy 3 highway and dumb Lee Jackson Hwy. My answer is very honest and dumb and offensive and open shape because big deal about past history, past history is history which has lost or learn on because it's a part of the beginning of the country. The people are taking out the statues and everything that is wrong. Very wrong because might be because of the object they are appended with. Alright? Well, not much. You can do alright take him out, but not the name of the highway doesn't bother to anybody. Lee highway. It's been many many years. No, I made it years old now and it's very beautiful. Beautiful names, easy to remember and same thing with the character. It's very known for many years and it's easy to remember. So I don't have. I don't know why they want to change. I my answer is not changing. At least those names come through, injure, injure, or the way, uhm? Rememberance of the past history of the USA. It is a history. History is very important. It tells us that how the country was felt and now the names that's the father to anybody. So it is no recently change it. We keep it. We keep it as a memory right? And respect we had to respect each other and my suggestion as people all kinds of races sub bothering each other. They have to respect each other. Everyone or every race is spirit of God. Got my dream to live goddess. Powerful and they in the universe. So stop bothering to anybody. Behave everybody and respect each other and we had to respect the history. That's my suggestion. My name is Lou. Thank you.

Yes, I'm a taxpayer in Fairfax County. Name is Warren victorious. I've got received a card here from you on the route twenty nine and route fifty signage be possibly being renamed and I just want to voice my opinion on it. We're paying a tremendous amount of taxes in this county as it is. It's probably one of the richest counties and the most expensive cameras live in the United States and I've lived here almost all my life. But we are roads, bridges and highways and everything we need more beautification, more cuttings. There's holes in every highway. Also looking at signage is just ridiculous and I know it's not you that's doing this, but you're taking the survey so I figured I just let it out. But you know, we're talking about this. Woke society and everything, and I live up dressed by Mount Vernon and I why don't we consider tearing down Mount Vernon? That would be a great idea 'cause George Washington had slaves. This woke society is taken over everything and we shouldn't have to rename these highways. We understand where we are today that's happened years ago and had to hurt our names or schools and buildings is just ridiculous and that's why we're losing a lot of our residents in this county. They are leaving for better places like Florida and places that don't have to worry about every little thing there is in our past in our history. So that's my voiced opinion. I hope you take it in or lowness consideration that I'm not in favor of any new signage being changed other than to replace the existing signage words. It's defective in the reflectivity is gone or something else like that. We can use our monies elsewhere. Thank you very much. I appreciate you listening to me and have a great day. Thank you bye bye.

Hello I just wanted to give my opinion about Lee Highway being habits and having his name changed. I do not think it should have its name changed at all. Leave at Lee Highway the way it's been for years and years. Thank you bye.

I received a postcard from you about changing the name of Lee Highway, Route 29 and Lee Jackson, Route 50. I've lived here for 55 years and it's time with me to just keep Lee Jackson and Lee Highway. I don't need another name. Fairfax Blvd was enough and also I'm really sorry that the cannons are gone. From the courthouse my son played on those 50 years ago was sad to see them go. Thank you.

Yes, I'm calling about the name changes for Lee Highway Route 29 and also for Philly Jackson Memorial Hwy. Route 29. I want to keep him the same, no changes. I think it's I think they should be kept the same and you shouldn't shouldn't change history. Thank you bye bye.

Hi, I don't know if this is the extension, we hope it is calling to express an opinion about renaming 29 and 50. I do not favor that not because I'm pro Lee or Jackson or any of that, but we just have had those names and we all are oriented toward that and we do not need to throw the baby out with the bathwater. OK, that we all do that and stop this ridiculous or woke garbage and let's get on with the most important things of life. I do not favor changing the name of Lee Jackson Memorial Hwy or Lee Highway. My number is be glad to say that to somebody directly if that will help. Thank you bye.

Hey, good afternoon. This is Carl Batten BATTO. In order to tell the folks there transportation do not change the name of Lee Highway do not change the name of the Jackson Hwy 50 or 29 to any other name. Talk to you when you get around . Thank you very much. Bye bye.

I'm calling in response to the question should Lee Highway and Lee Jackson Memorial Highway in Fairfax County be renamed? And I don't think that they don't need to be renamed. I think all that money could certainly go into something that is much more worthwhile. I think we've canceled enough history and I just don't think anymore. Money needs to go into renaming. Thanks. So that's my public input.

should take a vote on it. I don't think the tax people that pays taxes would want to pay anymore taxes and that has been Lee Highway for years and years. And let's leave it at that and I think it's a shame you can't get a real person on the phone.

Good afternoon, I am calling in reference to whether or not a Lee Highway and Lee Jackson Memorial Hwy. Route 29 and Route 50 in Fairfax County should be renamed. My comment as a county resident is that no, these two highways should not be renamed. Thank you very much. Have a good day. Bye bye.

<p>I'm calling about the changing the name of Lee Highway Lee Jackson, Hwy and Route and Memorial Highway. I do not want those names changed. Please do not change them and it will cost a lot of money anyway to do all new maps and all kinds of things and it would just be ridiculous. There's no reason that can't be kept like that. It's been there for a long time. Do not change him.</p>

<p>I want to place a vote for the name of the highway. I don't think it should be changed. It should stay the same. OK, thank you.</p>
<p>Yes, I disagree with trying to change the name of Lee Highway Route 29 or the Lee Jackson Memorial Hwy. Please. I'm a Fairfax County resident. Do not do that.</p>
<p>This is Charlie Rams resident in Fairfax County for 44 years. I wanna make my input to renaming the highways. I'm just trying to rewrite history first and foremost and book them the same. The second point is it will be off sensitive to both us our taxpayers and to the individuals and businesses along the two highways. Please do not rename them. My phone number is 5, my name is Bill. Rhymes RHYMES. Good day.</p>
<p>I would like to place my suggestion of changing the Lee Highway and Lee Jackson Hwy to being renamed. I am not in favor of that. I like it the way it is. Thank you.</p>
<p>Hello I am calling in reference to the renaming of Lee Highway and Lee Jackson Memorial Highway. It says here that I could call and say whether I'm in favor of rename or not. We are not in favor of renaming the highway. Those names did something for our country way back then, and it's sickening to know that people want to tear down everything. Thank you goodbye.</p>
<p>I am calling about the should Lee Highway Route 29 and Lee Jackson Memorial Hwy. Route 50 in Fairfax County be renamed No Way leave it alone. It's history. Thank you goodbye.</p>
<p>Arthur K Springfield VA. No, for the highway changes two other men in Virginia leave things the way they are.</p>
<p>Hi, I'm calling about the Fairfax County named Names Task Force seeking the public feedback on whether Lee Highway and Lee Jackson Hwy should be renamed and my and my advice and my plea is no. Do not rename them this that they should remain the same. I mean you know it's gonna cost money. Of course you've got lots of it, but no it should never for historical purposes never renamed them. Thank you bye bye.</p>
<p>I certainly I heard you're gonna wanna change the name of the highway in Arlington Blvd. I certainly object to that. And when I think of the cost of putting a new name sign on every intersection, it's a ghastly expense, horrible expense, unnecessary, and not a good thing, so I hope you'll see the light by.</p>
<p>Hi I received this a question. Should Lee Highway and Lee Jackson Memorial Hwy be renamed? Absolutely not. It's so silly. I'm from the north, so I've never understood anything Confederate or pride in Confederacy. It seems very strange to me. It was the losing side. But renaming is just silly. It costs money. It's crazy by.</p>
<p>Hey, I'm leaving my comments about this renaming. I am against renaming. I want Democrats to own up their history and I don't want any revisionist history. Keep this stuff the way it is. Remind Democrats of their past so bit no renaming by.</p>

<p>Yes, I received a flyer in the mail about should Lee Highway and Lee Jackson Memorial Hwy. Route 29 and Route 50 and Fairfax County be renamed. My opinion is no. Thank you very much goodk</p>

I'm a Fairfax County taxpayer and have lived in Fairfax County since 1975. Worked for the county for 43 years. I would like to state I'm unequivocally against the renaming of Lee, Highway B29 and Jackson Memorial Hwy. Would 50. It's part of our history. History should not be erased. It should be learned from. I just don't understand why this is continuing to happen. We're taxpayers as well. We don't like to see money wasted on renaming things. It's ridiculous to stop it. We don't approve of slavery, but we do approve that slavery ended with the Civil war. We actually had relatives who fought in the civil war that it ruined their lives, but they were willing to sacrifice, keep the names and learn from history. Otherwise, we're doomed. Thank you.

Good afternoon I received in the mail the survey that you were conducting to change the name of about 29 and 50 from Lee Highway, Lee Jackson. No, it should not be renamed. He should remain the same as this is Virginia history and we learn from our history past. Thank you so much but I was able to leave my opinion. We have changed enough in this wonderful state as it is now and I believe that history teaches us for present and future. Do not rename it. Thank you.

Yes, this is Mr Mallicoat. I live at 62. Two old Valley court, Alexandria, VA and my telephone number is 73944216 with Reverend renaming Lee Highway and Lee Jackson Memorial Hwy. I'm opposed, thank you very much.

OK, thank you very much.

I'm calling about a flyer that I received about renaming Lee Highway Route 29 and Lee Jackson Memorial Hwy. Route 50 in Fairfax County, renamed. I didn't know who to call but there was a number on this car and so I was transferred to this extension and I just think it's totally unnecessary and stupid. So that's my vote. Thank you.

I got the notice about changing the name of Lee Highway and Lee Jackson Memorial Highway. That is such a ridiculous proposal. No, I disagree. My name is Dan Heisey. Eminent Annandale, VA. If you need any other information, my number is 732834057. We have many many other issues that are 10 times more important than this stupidity period.

Roads are not Confederates leave their names is.

I'm calling dudes asked not to change the names of Ruhai route 29 Highway Lee Highway and Route 50 in Fairfax County. Leave it alone, let it be left as Lee Jackson Memorial Highway.

Hi this is regarding the service survey being done. Whether they should change the name of Lee Highway Route 29 and Lee Jackson Memorial Hwy. Route 50 Army resident of Fairfax County. I strongly urge the name should not be changed. Historically, these are the names with these routes so we need to keep it up. Keep the same so please don't change. Thank you.

Concerning the notice I got in the mail today about changing the name of Lee Jackson and Lee Highway, I don't think that should be done. I come. I'm an 81 year old woman that's lived here in this area for all my life and I just don't think that that's it I don't think it's necessary. OK, thank you.

This is Lewis and Linda Osborne and my mother Bernice Duncan and sister, Rita Duncan at Alexandria, VA. 734119 as the phone number. We do not want the name changed of Route 29 We do not want to name of the 50 changed. Do not rename these landmarks, please. You can keep the doctors you have now.

The names of the highways should not be changed, however. You could drop the name and keep the number like just calling Route 29 and Route 50 have no name, but if you insist to have a name, just keep the names as they are. Thanks bye.

I do not want Lee Highway or Lee Jackson Memorial Hwy changed. Leave it like it is. Thank you.

I'm calling about the should Lee Highway and Lee Jackson or a highway in Fairfax County be renamed. No, this should not be renamed Awoke ISM is got his own steroids that canceled culture. It's just too much. This name leaves their names as they are. Thank you.

Yeah, I was calling to complain about this, so renaming the street out there on the Highway Route 29 is the most ridiculous, idiotic thing I've ever heard of. So I just wanted to make a complaint about that. I do not want their name changed. What are they gonna do now? Start changing peoples names next. Thank you.

Hi my name is Maggie Judycki, Margaret Judycki. Uhm, and I'm calling to voice my opinion as far as renaming streets and buildings and whatnot. I am adamantly against renaming. Just leave it alone. It's too costly and it is what it is. Thank you, bye.

I'm leaving a message for whoever I've missed, the name there. I'd like to express my feelings about renaming Route 29 and Route 50 in Fairfax County, Virginia. I think it's ridiculous. I think that we're spending money that we don't need to spend money on doing. Things like that. Uhm, and trying to rewrite history and trying to erase part of the legacy of Virginia's history? Right or wrong, it really doesn't matter. But why throw money at something like that to rename things to all the reprinting? All of the signage, all everything else, where is that money coming from? It's coming out of our tax money, so let's spend our tax money taking care of our kids in school and fixing the roads Route 50 and Route 29 rather than trying to rename. This is totally ridiculous.

Thank you for listening to me. Take care. Bye bye

I'm just calling because I received the flyer about changing the names of a 29 and 50 roots, and I disagree with that. I'm just sick of all this localism and pulling down statues and everything. This is America's history. Please don't do it, thank you.

Hi, my name is Tom Aitmore. I'm a resident of Fairfax County I am a taxpayer. I have lived here since 1987 and I'm just weighing in and say I support a teaching history and at all levels in Fairfax County, Virginia. I do not think you should. Willy nilly changed names. If you do change the name of a lead highway or Lee Jackson Hwy, I suggest you change it to this awful highway in recognition of the fascist they're trying to eliminate history. Currently in Fairfax County and more broadly in the state of Virginia. It is outrageous what you're trying to do, and I about what you have been asked to try to do and I hope you reject it. Thank you.

Hello, my name is James come now and I'm living. I live in Reston and I recently received a postcard in the mail about the fact that you guys want to rename Route 29 and Route 50 in the county. And, uhm, I cannot tell you how opposed I am to that. I mean, just 'cause you all want to be stylish is no reason to walk away from our history and waste our money. In fact, uhm. I also recently received my bills from my real estate tax this deal on December the 5th. And if this is the way you're going to waste money, I don't know why I should pay it.

I'm calling with reference to the notice that I got regarding the change to the Lee Jackson Memorial Highway and Lee Highway in Arlington and Falls Church in Fairfax. I'm not in favor of changing the name of the Lee Jackson Memorial Hwy would just like to leave my comment then the answer is no. I would not like to see it changed. Thank you.

Hello, I'm calling about the changing of the names to Route 50 and 29. I'm opposed to it because of history that's involved and I think we should learn more about the history of why those streets were named for Lee. So thank you goodbye.

Good morning, my name is Alice Shitzer and thank you for sending out the postcards wanting to hear from me about Hwy 29 and Route 50. Please do not spend another penny on changing any name. We can use these funds many many different useful ways please. Thank you for the postcard and I hope you get many calls like mine. My telephone number is . Best postcard I've got in the mail in a long time. Thank you.

I'd like to comment on keeping the name of Lee Highway and Lee Jackson Memorial Highway. I live in perfect City and I used those names and I've given him out to my friends and relatives that live out of town and out of state and I given directions to them how to get to my house and I don't want to call each and everyone say hello. That's a different name of change. It thank you, bye.

Hi, this is Joyce Taylor regarding the changing the Lee Highway name. Uhm, I don't think we should simply because we don't need to wipe out all of our history. You learn from what's behind you so please don't change it and leave throughout 29 and 50 and everything else all the same that it is. Thank you and you need my phone number Thank you. Dear bye bye.

I was transferred to this number. I dialed R sevдах postcard about the changing of Lee Highway and Lee Jackson Memorial Highway. I do not want them changed. I think this is absurd that we are erasing our history of everything in the United States and across the world. History is history. Please don't change the names. Thank you.

This is Mr. Rudy Shannon and I wanna vote no on the name changes and I find it interesting that when you try to call you pokes. You can't get anybody even though you're supposed to call you to vote anyway. My phone number is 703-317-0214. Again, my name is Roger Rushan and my vote is no on the name changes. I've received information that you are planning or thinking of changing the names of Route 29 in Route 50. I am opposed to any changes and this is a very poor response to the phone number that's published on the flyer. We should have a direct contact to someone who's making keeping score. Heaven only knows where this goes, goodbye

Yes, sorry, I didn't get a chance to speak to you, but I'm calling regarding changing the name of Lee Highway and Lee Jackson Hwy. Mine is a definite no. We have to stop changing history just because some people don't know how to read history books. So no, on changing the names. My number is .

Yes, I'm calling regarding renaming Lee Highway and Route 50 The answer is I do not believe it should be renamed. They should stay the same by.

Hi, I'm calling regarding the information I received from the county about the Fairfax County Confederate Names Task Force. I live in Fairfax County and I would just like to say that I'm strongly opposed to using valuable resources for such a purpose. I think it's absolutely asinine why we focus on things like this when our county is struggling with so many really serious issues. Most people know 20, not most people know that the these roads as Route 29 and Route 50 and very seldom is there any reference to Lee Jackson Memorial. I just don't quite understand why our county is focusing on things like this. It may be offensive to some. It's not offensive to others. I believe our history is what our history is anyway. Hope this is helpful, although I have to say I really don't consider that anyone really considers what the people want. They go through all this effort to send out information and ask for feedback and then they do whatever they intended to do anyway. So it's a little bit discouraging here in Fairfax County. Thank you.

Yes, good morning. I got a postcard in the mail from your department about the changing of the name of Lee Highway and Lee Jackson Memorial Highway. I am not in favor of changing it. I don't believe in obliterating history. There's no reason to change. It would probably be very costly for another thing, and I don't think in this economic time right now the county should be spending foolishly money making all these changes with the signs and everything else. And you know what they say. If you is something along this line. If you don't know history and understand it, you are doomed to repeat it. Thank you. That is my opinion. Have a good day.

I am calling to say do not rename Lee Highway. Do not rename Lee Jackson Memorial Highway in Fairfax County. Do not rename these highways. Keep their names. Thank you.

Hello, I'm calling about the survey about renaming the highways at Fairfax County and my opinion would be to keep Lee Highway as Lee Highway and to keep Lee Jackson Memorial Hwy with a name that it currently has. Thank you for your consideration by now.

Yes, I'm calling about your interest in the people are in Fairfax County for the renaming of Route 29 in Route 50, which currently is Lee Highway and Lee Jackson Memorial Highway. Uhm no. Why would we? I mean we had the Civil War, I grant you, but we can't keep living in the past. And those people, those gentlemen had. Very. They were very good military and very good leaders and I think it's just a shame that we dwell so much on that. There's nothing wrong with saying Lee Highway or Lee Jackson Memorial Hwy. Drop the morial if you want to, but you know, I don't think renaming it. It's always going to be what it's been in the past to us. We're will always if you'd rename it will forget the new name and will still be calling it leads highway early Jackson Hwy. Are those were good men too? Even if they thought or even if they were on the other side? We can't keep living in the past and trying to destroy the past. We're supposed to learn from the past from our errors. So please you know if you want to talk to me it's . Spell please. Give this some thought. I think no one loved gone with the wind more than I did. So there you are. Either that or it's Clark Gable. But please give me a call if you

I don't know whether it's gonna get through or not, but I'm cold about the task force for renaming that 29. And I like the way it is. I don't see any need to spend all that money changing names. I like the way it is. Name is Genjii and in. 26 old Stage Rd Alexandria VA. I guess that's all I can say bye.

Good morning, my name is Mary Jo Tandy TANDYI live in the Mount Vernon area. I have lived in Virginia for about 45 years out of my 86. I do not want the Lee Highway or any other civil War Rd name change. I don't think Mr. Lee was perfect. He didn't walk on water but we do not need to wipe everybody off that we disagree with. We need to remember the history of the civil war and if all of these memories are wiped off nobody will remember. I think it's important to keep these people in our thoughts and to know the good that they did as well as the bad that they did. I love Virginia. I am grateful to live here. This is where I will be when I die. I'm going to Arlee, which Arlington, which was Mr Lee's property at one point. I do not want hiway things changed. I don't think it serves the common good. Mary Joe Tandy . My address is Thank you very much. Have a good day, bye.

Yes, I just was calling about the name change for the Lee Jackson and Lee Highway and I absolutely do not think those names should be changed. Thank you very much, bye.

Hi, this is Phyllis Ache and I'm calling to emergency advertisement that I got in the mail about Lee Highway Lee Highway, Route 29 and Lee Jackson Memorial Hwy. Route 30. My wishes are that they not be changed at all. Phyllis Aiken Aiken in Falls Church, VA. Thank you.

Yes, my name is Alvera Coggins and I'm calling about the card I received about. Should you rename the Lee Highway or Lee Jackson Memorial Highway? I don't think they should change it. Just leave it the way it is and you're taking our history away from us. So let's just leave it the way things are. Thank you very much goodbye.

Hi Steve Childers calling trying to vote on this renaming of Lee Highway and Lee Jackson Hwy. Definitely do not want them renamed. It's been that way for years. It's a part of history and more importantly, the cost to do it from taxpayer money is outrageous. Please mark me as no any questions. I'm at . I live here in Oktan, Fairfax County residents since 1958. Thank you.

I am opposed to the renaming of Lee Highway and Lee Jackson Hwy. Rosemary Ryle, 4132 Virginia St, Fairfax, VA. Thank you. Bye bye.

my name is Mary Scott. I live at 5132 Brentwood Farm Drive and Fairfax and I'm calling to say that I would not like Lee Highway or Lee Jackson Hwy changed. I would like to keep the names just like they are and my phone number is . If you need to talk to me to confirm that, but I am a Fairfax County resident and responding to the questionnaire. Thank you very much. Please keep the names the same by

I was transferred her here to vote on whether we highway should be changed. The name of it, and I say no. Thank you, bye.

Yes, I'm calling reference to renaming Lee Jackson Memorial Hwy. I'm against renaming Lee Jackson Memorial Hwy once tend to keep the name of the historical highway the way it is. Would you care to call me back? My number is I live in Falls Church, VA. My name is John Stein. Thank you.

My name is Charles Cox and I'm definitely not 4 renaming Lee Highway Route 29 and Lee Jackson Memorial Hwy. Route 50. This is strictly a waste of taxpayers money and a lot of signs and also some deeds would probably have to be redone and you're probably looking at 30 to \$40 million if but the people there feel so much about it said it's so bad take it out of the salaries of the Board of Supervisors and the county employees and my number is . Thank you.

Hi, I received a notice that they want to rename wrote Route 29 and Route 50 and rename it and I'm against that because there is so much change in this country that it's just confusing to seniors and plus it's part of our history and uhm it could serve as a reminder of what used to be and no longer allowed. I'm totally against renaming those roads or any roads and taking down all the statues and so on. But anyway, it's just too confusing for seniors. Thank you fine

yes, my name is James from Laughlin. I live in Falls Church. I'm definitely against changing the name of Route 50 and Route 29. They've been like that for years and years and change them.

Would only confuse people and costs more than the county should be able should afford. And like I said they've been Lee Highway and Lee Jackson Hwy. As long as I can remember and I'm almost 80 years old. To change it with just. I mean I'm sorry I'm just tired of all these people trying to change gum. The names are highways just because they have a Confederate general or a soldier. Thank you very much

Yes, my name is Woody Pitts here on my resident of Fairfax County I'm furthermore relative of Robert E. Lee. I find it reprehensible and disgusting that you guys would continue to push this Communist leftist agenda on the American people. It's irresponsible to taxpayers. And you need to leave the names the way they are. They changed the name of the street because some lefty nutjob drives to work and gets upset about that is ridiculous. They need counsel. It's the name of the street from a man 200 years ago. Bothers you need count. My way in. I know you guys don't care what the people think anymore. But at least I called and waited.

Good morning Lucille. Gas calling I'm calling in regards to the renaming of the Fairfax County Confederate. OK, this task force? I got the card in the mail. It talks about changing Lee Highway Route 29 and Lee Jackson Memorial Hwy 50 should in Fairfax County. Should they be renamed? No they should not be remained. This is part of our history and I am totally against renaming the highways and taking down statues. This is our history from the past and I think it really should be thought of carefully. Why should we rename these historical names of people and stature? I am totally against it and I hope you will. Somebody will reconsider. All of this has gone too far. It is absolutely too much. Thank you.

I definitely do not think that Lee Highway or lead Jackson Hwy should be renamed. I was his history teacher for many many years and I do not think that we should destroy history. OK, I'm hoping that we will not be changing these. OK thank you very much for your survey. Take care bye bye.

This is a message on the Confederate Names Task Force. I was referred to this number by another county official. My comments are not to change any other names. There is no reason to waste taxpayer funds changing the names. Having to change all the signs and put up new signs, period. This is a waste of accounting, resources and money. Nobody pays attention to the signs. The last 10-15 years all the generations come on board. No one cares about the signs. They used a GPS. The taxing the using their devices while driving and again no one cares what the names are. This is a huge waste of money and high paying counties officials time. Why don't you spend more time on repairing all the parks and all the trails throughout the county instead of precious resources on this stupid project? And that's what it is. Those the task force should be dismantled or should be with purpose on other more important initiatives. We're trying to please whatever reason a few people have an axe to grind and want to make it an issue when it's not an issue. This is not an issue. Those are my comments. I want these comments for the record, thank you.

Good morning, this is Hal Henegar over in Mount Vernon. Here Fairfax you sent me out the should. Lee Highway Route 29 Lee Jackson Memorial Hwy. Route 50 in Fairfax County. Be renamed. I think that should be a resounding no. There's you know, it's it costs the financial aspects and we don't have enough money in Fairfax County we keep raising the taxes. I'm a senior citizen. It doesn't make any sense. Uhm? Certainly it also causes confusion. Probably for the next few years if you change the names. If you don't live on there right there, and but you go over there occasionally, it and I would imagine for anybody it be confusing. Name gets confusing sometimes whether you're on 29 or 50. If you don't go over that period anyway, there's a lot better use of the money. I'm sure it would cost a lot of money. It caused a lot of heartache for the businesses along there and the homeowners. We need to put it in public health and even Rd maintenance. I mean the budgets are slim and our taxes are very high and it just doesn't make sense to be spending huge sums of money to change the name. It's been that way for many many many many decades and it just doesn't make any sense to change it. So that's my thought on it and I'm sure I understand you have 1000. Other people have called so, but financially and confusion wise, it doesn't make sense. Put the money into the homeless shelters, put the money into a crisis care. There's a lot of things that we're doing good but need to be funded fully. Put it in the public health, put it in better Rd maintenance. But just to be changing name is doesn't make sense, all right. Not financially, that's for sure, and it sounds more political than than anything else. So alright, thank you very much. Hope it doesn't get changed. The budgets are beyond tight and white. Keep making things more expensive. If there's not a good reason, OK, thanks bye.

New York my name is Martha Allen. I'm calling in response to something that came out from Fairfax County Department of Transportation regarding change in the name of Lee Jackson Memorial Highway and some other one Lee Highway. If it says Lee Highway, it could be in Ely in the world. Uhm, this is ridiculous and I am opposed to changing the name of the street. My address is 87 four Foxstone lane Alexandria, VA 2239 and my phone number 738644784. Thank you very much.

My name is Mrs Mary H Lo. I am calling in response to a card that I received about the renaming of Roots 29 and Route 50. Now since I can't talk to anybody, I don't know whether my vote will count or not up. I can tell you what I'll give you my vote now and I'll call back later to make sure that I'm counted. My feeling is absolutely no. Do not rename those two highways. I have lived right here in this area for 91 years and that's what they have always been named and called, and I see no reason to change them now. Goodbye.

My input for the name change on the Lee Highway and Lee Jackson Hwy is cannot change him. Leave him alone. Save the money.

I'm calling about the changing of street names. I am very much against it, so don't let them change history by.

Hi, I'm calling. I'm a resident of Fairfax County, Sandra Kay Newton and I'd like to vote against having Lee Highway Route 29 and Lee Jackson Memorial Hwy's name change. Leave it the way it is.

Thank you.

I'm Judy who will I live at 6449 Jones Rd and I don't want to change the names of the highway. Thank you, bye.

Brian, this is Mark Hubl huebl. I live at 12817 Dwight St Herndon, VA 20171. I don't want to rename the highway. I think there are better things we could spend our tax dollars on than renaming a highway to make people feel different about the highway. I just think we ought to refocus the expenditure tax dollars on things that are more important than feelings. Thanks bye bye.

Hello, this is a Fairfax County said if you and I am calling about Lee Highway and Re Jackson Hwy being renamed. No I'm absolutely against it. Thank you.

Yes, this is from the survey regarding the highways. I'm a citizen here in the Fairfax area and I do not believe that they should change anymore of the county. Confederate names. I think these are historical and that some places should be left so that people will know the history instead of just trying to throw it aside for no one to know what was there and why they were there. So I do not believe they should change the names of Lee Highway Route 29 or Lee Jackson Memorial Hwy. Route 50 in Fairfax County. Thank you very much, bye.

I am told this is the number to call or I was transferred to this number reference. Changing the name of Route 50 and Route 29 from Lee Jackson and Lee Highway, I see no need to change it. It's been that way ever since I've been here, which is a long time. Yeah, no search my comment. I see no need to change it. Thank you goodbye.

This is Dorothy Lam LAMB and I am I have been a member of Fairfax in Fairfax living in Fairfax County since 1963 and I vote no on the name changes for Lee Highway and Lee Jackson Memorial Highway. Without getting into a lot of political stuff and coming from the north, I feel that General Lee and General Jackson are definitely historical figures in the state of Virginia, and it's fine with me. I don't think the names should be changed. We do have to honor Virginia history, Anne. Again, I vote no on the name changes. Thank you.

Yes, I would like to say I am definitely against renaming Route 29 and Route 50. I think they should just stay the same so I am against changing the names. Thank you very much.

Hi, I understand this is the line to leave a comment about the change of the Fairfax County Lee Jackson Memorial Highway in Fairfax County that should be remained. The answer is no. I think Fairfax County should use that money 1000 millions of dollars that would cost to change all the maps and things towards a educational scholarship and for education a name change isn't going to change isn't going to make things better. I think it should be used for education. No on that Thank you.

My message is I do not want Lee Highway changed in anyway. I thinks it's very high expense for Fairfax County as well As for our merchants, and I think it's totally unnecessary. Bye.

Hi, I'm calling regarding the postcard sent out as to whether to rename Lee Highway. I do not think it should be renamed. Lee Lee was loyal to the state of Virginia. The whole state of Virginia went with the Confederacy. That was not least decision if they had gone with the northern. Uhm, they we would have gone northern too, so I don't think it should be renamed. Good, how are you? It is for a little bit longer anyway. I think tomorrow is supposed to be nice and then rain on Friday.

I think it's stupid to rename the highways, it's history and listen. There's bad history on both sides of our society on every side. However, to rename a highway for older people is stupid because it's hard enough for us when we get up in the 80s and 90s to understand nowhere to go safely and then to rename highways and make it more confusing, it's stupid. Do not change it.

Hi I would like to vote to keep the Lee Highway route Monday night to save the way it is. Thank you.

Hi, I'm calling to leave my opinion about changing the names of Lee Jackson Memorial Highway and Lee Highway. I vote no. I listened to one of the county meetings or the task force meetings the other night and one gentleman said it would cost between 1,000,000 and \$4.2 million. To do this. I think this is a waste of money if Fairfax County has this money to waste on changing signs. I feel like you could or not waste. But if you have that money that you have nothing else to do with but wasted on changing signs, I suggest you donate it to the homeless. Shelters, food banks and animal shelters in Fairfax County. That way you would actually save some lives. Thank you.

I got the postcard from the Fairfax County changed, not changing the name of the Lee Highway and Lee Jackson Memorial Highway and I do not wish to change the name. I do not wish to change the name. Thank you.

I do not believe they should change the name of the Lee Jackson Hwy. But since the task force most likely has already decided to do it, let's not do it after the African American. Let's choose some other ethnic group. Let's do a Native American. Let's do a Chinese American. It's cool in Mexican American. Someone other than an African American. We cannot erase history, but we cannot always go the other way. Thank you.

Good morning Brian. My name is Thank Crosby and I was just calling with feedback regarding the Fairfax County Confederate Names Task Force. Request for feedback and my recommendation would be that we do not that we do not rename either Route 29 or Route 50. I think the names should remain as they are. Thank you very much. My phone number here is if you should need to follow up. Thank you so much. Bye.

Uhm, my name is Tatiana Moser. I am making comments about the question about changing names of our streets and I am definitely against changing Lee Highway named Lee Highway and Lee Jackson Memorial Hwy I've. I'm 90 years old. There are wrongs and history but there is history and we are slowly erasing our history altogether. And so I'm definitely against against it. My number is . I think this is the last day we can comment about it, but uhm, I wanted to do that. I feel like it's very strongly about it. Thank you bye bye.

I am calling regarding the county Confederate Names Task Force. Don't change the name. People can't drive in Virginia already. Don't confuse them. Thank you, don't change the name.

Hi, I'm responding to your card about the 29 and 50 routes being changed, their names but quick comment. You don't identify yourself. I have no idea if I have the right place. Fairfax County is not up to what they used to be, but anyway just to tell you I am a moderate to Liberal Democrat in all my life. But I think this name changing is just a waste of time and more importantly money because changing a name does not change a heart and it's just it's just paint on a face. You know it's a. It's not what's underneath, so my comment is don't change it, save our money for people who need it. People needy people who don't have enough to eat, and all that sort of thing. And lastly, you said I received this card on the 6th of November, which was a Saturday. You're not there Sunday, the 11th was a holiday and now it closes today, so you certainly could not have been too eager for comments from people to have replied to your card, but nonetheless I appreciate even a small effort to take the citizen's view in account when you're doing things like this, which costs a fortune to change all those street signs. Thanks for listening, bye.

Hi, I just wanted to express my opinion that I do not think that Lee Highway and Route 50 should be renamed. And it would spend millions and millions of taxpayer dollars. I guess it's probably not millions, but a lot of money to change all those street signs. I really do not want to voice my opinion. No, thank you.

Yeah Brian, I was routed over to you from. I guess the main desk with regard to renaming of Lee Highway and Lee Jackson wanted to express concerns about doing that. I think they should be left a lot of people visit Virginia because of the history that it has. And that's one more elimination of it and eliminating names in history doesn't give people a chance to evaluate. You know their contributions in retrospect, so. I'm not sure how this works, but my number if that is helpful, thank you.

Hi I'm just calling to say that I think that you absolutely should not change the names of Route 50 and 29. I have five brothers and sisters and we all agree. Leave it like it is. Thank you.

Hi I was trying to get ahold of the line for responding to the survey regarding Lee Jackson Hwy and Lee Highway renaming at Gate brought me to this voicemail in the hopes that it gets to the right place. I'm not in favor of changing the names of the highway they reflect Tree and we shouldn't continue. Shouldn't be sanitizing history. My retirement makes us feel uncomfortable sanitizing or erasing the past. The quickest waves for getting it and forgetting the lessons learned from that test. Thank you. Period.

Hwy. Route 50 in Fairfax County be renamed? No, they should not be renamed, I'm just I'm a Northerner and I was proud to come to this part of the country. But I just can't imagine the way things are being torn up and these wonderful, wonderful soldiers who fought in a war that they thought was correct. And now they're tearing down everything from their beautiful statues to changing the names of the cut of its streets. It's absolutely ridiculous. So my name is Diane Dad and my phone is . I don't think you want all that information, but and I see it's just today's but they told me at the desk that it would be OK for today. It's still the 12th. OK and I'm glad. At least there's someone. I hope you're successful at this, but I'm glad that there's some people that are looking into this and taking care of it. Thank you for listening. Bye bye

Yes, my name is Anita Bickham. I've lived in Fairfax County for 65 years and I'm calling with a comment about the potential renaming of Route 29 and Route 50. I do not want the names changed. You would be wiping away part of my history in my family's history as well. And if they do change, don't use my tax money to change those signs. Somebody wanted to leave me an email and it a bickham.

Yes, good afternoon. My name is George. I haven't noticed here about changing the name on the highways. My wife and I both vote no to this. We do not agree that changing names is a good idea. Thank you.

Concerning this is Walter Mall, by the way, and AULL 48 years a resident of the county, now responding to the question, should Lee Highway Route 29 and three Jackson Memorial Hwy. Route 50 in Fairfax County be renamed and I do not believe the names of those highways should be changed in any way. Uhm, neither neither man warrants removal from the public awareness. Here's an old observation by Karl Marx that when you take away a nation heritage, you know the people are more easily persuaded, and I don't think that the American people that certainly not the people of Fairfax County, needs any sort of Marxist that persuasion. So with respect to the question, please do not entertain further the thought of removing the names of Lee and Jackson from highways as they currently are. Thank you very much. My name once again is Walter MAULL. And should anyone care to speak with me? Why my phone number is? Thank you very much. Bye bye

Yes, if this is the voicemail for the Fairfax County Confederate Names Task Force feedback line up, I would like to strongly implore you not to do this. It's a complete waste of what's sure to be millions of dollars to replace thousands of signs. Street signs to mollify affiar? Keep a few snowflakes from melting it. There's no cost benefit ratio to this whatsoever. Yeah, besides the signs having to buy all new signage and then having to pay employees too go all around the cut county putting up erecting the new sign, know changing the signs. It's just a complete and utter waste of money of taxpayer dollars. It could be much better, much better spent if you care to get back to me. I'm at . Thank you.

Please do not change any street names. Please do not change these names. They can be to anybody. Don't change the names. Furthermore, today is the 12th. I received your notice about 10 minutes ago when I went out and got the mail that had just been delivered. So that's kind of bad too so, but don't change any names please. Thank you so much. Bye bye.

Hi, I'm calling in regard to a solicitation of opinion on naming streets in Fairfax, particularly up the highway and Lee Jackson Memorial Hwy. Based on a cost benefit analysis, I see no reason to change the names. It would be helpful if someone wants to change names that alternative names are provided that would be more fruitful in terms of making any decision without the possibility of more attractive or for some reason more wanted reasonable names. I don't see the use of changing the present situation again from a cost benefit analysis to make changes on names is not a easy thing in terms of what has to be done in the cost so. Standby Cook at 703-223-5588. Thank you.

Yes, I'm told that this is the extension where I leave my message that I do not want the names of Lee Highway and of the Jackson Memorial Hwy changed. There is no reason to add that kind of expense and inconvenience and confusion to roads that are already confused. I dare say the most people that travel that road have no idea what Lee of that was named after or what Jackson for. Any anybody speculation. It could even be Janet Jackson or Jesse Jackson or it could be all the leaves that have immigrated to this country. It could be from anywhere. Please do not change more names of anything, buildings, schools, office buildings, our roads we can't stand anymore havoc and whether you like it or not, it is a part of our history and a great part of Virginia to see the markers along the side of the road. Don't those away either. Thank you. Mary 88 Four Cooper Rd. Thank you.

Hi, my name is Pat. Would I live in Dunn Loring Virginia. We got a flyer in the mail asking if 29 and 50 should be renamed. I'm voting no and since I can't talk to anyone would you please mark me down as a no thank you bye.

<p>I vote no to changing the Confederate Route 29 on Route 50 in Fairfax County. Thank you.</p>
<p>Hello, I strongly checked to changing the names of Hwy 29 and Fairfax Route 50. I really object strenuously and would appreciate your taking into consideration our objections. It's beginning to sound like we're part of the Taliban. Thank you.</p>
<p>Hello this is Susan Loone Garrett St in Vienna. You sent out a postcard asking us to contact you about whether Lee Highway or Lee Jackson Hwy should be renamed. I'd like to say I think they should be left alone and not renamed. I think they're very classic, elegant names and they are part of this history of this state, or I don't think we need to be uprooting our past just Willy nilly. I think you should leave it alone and just let things life my name again is. Thank you very much, bye.</p>
<p>Hi this is Diane Lee calling. I'm a Fairfax County voter. I do not believe that Route 29 nor Route 50's name should ever be changed. We're trying to change history and I don't like it. My phone number is. in Alexandria, VA 22310. Thank you for letting me make my voice heard. Thank you.</p>
<p>Hi, I'm calling to say that I don't want the road change. The names should stay the way they are because it's history. Thank you bye bye.</p>
<p>Yes hi, this is Lois McCarthy. I'm calling about the Lee Highway renaming. I am one of been living in Fairfax County now for 35 years. I certainly do not want it to be renamed. It's part of our history and I definitely think it should remain as it is. Quit changing all these names. It's part of our history and I think it should remain as it is. Thank you.</p>
<p>This is power armor in Burg, Virginia, and I received your card and I'd like you to know that no, we should not change the names of Route 29 in Route 50. We should not change Lee Jackson. Name all your highway and the highway. I don't think it's a good thing to change it. Thank you.</p>
<p>I'm calling about whether Lee Highway Route 29 and the Lee Jackson Memorial Hwy. Route 50 in Fairfax County should be renamed. I do not believe they should be renamed. I think it will look pretty racist if you change the name Lee. What are all the Koreans that live here supposed to do? So I definitely am against it and am against spending more money on nothing when inflation is so bad. Thank you.</p>
<p>Hello, uhm I wanted to leave comments for the renaming of the Lee Jackson Memorial Highway and I would not like it. Renamed a by name is Pat Griffith my number is 703-476-4949. Don't wanna have to pay thousands to update my NAV system so if we could leave our roads aims the same I would appreciate it. Thank you bye bye.</p>
<p>Hi, uhm I just received in the post in the post mail card that it's about public input about names and that they wanted to change or maintain an IMF. Fairfax County resident. And if you want you can call me back but I love the names of the streets. It's part of our history and history is building up how it is. Thank you bye.</p>
<p>Hello, I'm calling to leave a message for the Confederate names Task force. The site didn't work and now I can you call me back or the cell phone thank you.</p>
<p>In regard, the short online survey about changing the route 29 and Route 50, I vote no, do not change them. You're trying to change history, leave them as they are. Thank you.</p>
<p>Hello, I'm calling to just leave my comment about whether or not Lee highway's name should be changed to something else and basically no. I don't think it should. I think it's dumb name that for a long time that help people think of it and probably a whole lot of people don't even associate it with property Lee. And even if they did, I don't think we should be trying to rewrite history. And you know, really OK? Anyway, that's what I had to say about it.</p>
<p>Please do not rename the roads a route 29 or route 50. Is this the best way you can spend tax dollars really buy?</p>
<p>This is Paul Stephen Brady junior. I'm in Oakland, Virginia. I'm calling regarding to the renaming of Lee Highway and Lee Jackson Memorial Highway. I am against the renaming of those roads and I ask that they remain the same name because those are names. Everybody knows him as thank you, bye.</p>
<p>absolutely absurd what a waste of money the county is in need of money, not spending money on ridiculous things like that. If it ain't broke, don't fix it. So I'm saying people are hungry in this county. There's poverty, go lower and there's no need. We've already spent \$1,000,000 on changing justice high school and that was ridiculous too. But this 50 in Lee Highway is stupid and I'm very opposed to it. Thank you for your time.</p>

He has some calling about the proposal to change Lee Highway and Lee Jackson Hwy's name. Please don't, you're not erasing history by changing a name. History is history. We need to remember history and make things better. We can't just erase history and pretend it didn't happen. And Lee and Jen and generally was a good man anyway. Just leave it alone. You can't please just leave it alone. This is stupid. OK, thank you, bye.

I'm opposed to the renaming of the Fairfax County Confederate names on Lee Highway Route twenty nine and Lee Jackson Memorial Highway route fifty in Fairfax County. I don't believe it should be renamed. I think it's a waste of my taxpayers dollars in the county Fairfax. And also I'm tired of the race history and the Council culture because of their activities and actions across the United States. I think history is important. If you erase history, it basically you're predisposed to repeating it. So do not. I do not recommend the renaming of the Confederate names on the route. Twenty nine and route fifty in Fairfax County. Thank you again, my name is Gary Lamb, five, six two Zero Rocky Run Drive, Centerville, Virginia two zero one two zero thank you.

I want to say no to change in the Lee Jackson Memorial Hwy. R Lee highway. Please don't do it. It's history.

most of my life. And I wish these names on his highways to be left alone. I have the present time is living in Manorcare of. Fairfax County port and. 2238 Please don't change them, that's all.

we don't want to change it so how do I go about to do that? Today is the last day and I tried to fill out the online survey but the address is not a correct address and I tried to call few times already but I couldn't get through anybody so please make sure that my voice is a is to be heard that we do not. My husband and I do not want to change the name. Thank you goodbye.

Virginia and also they're good part of Virginia history. They were godly men. They have leadership qualities and there's a lot to be admired about them, so I think they should say the same. So thank you.

Yes, my name is Martin Fields seven oh three eight two oh seven one six two you care you can call me back and I'm calling back to the post that you sent it to me. But surely highway route twenty nine and eject more highway. Route fifty itself is can't be renamed and I don't understand why you all keep changing designs and different things in Fairfax County since all the other people come from different country here will change this sign and change the schools schools sign in school name 'cause it's not fair what's going on. We never had this problem before with the blacks and right here in United States here in South County regional people. And so anyway, I'm original person who lived in Virginia and so you can give me a call back at seven oh three eight two oh seven one six two and we need to look at. But for the people who already here knocking people to come in here and for the signs we have talked direct so you're gonna stay where I'm coming from. Thank you seven oh three eight two oh seven one six two bye.

I do not think you should rename Lee Highway or Lee Jackson Memorial Highway. Thank you.

Memorial Hwy. Route 50 in Fairfax County. It should not be rename. We cannot go around the racing, our history, it's a slippery slope. Next thing you know we'll be cancelling George Washington, Thomas Jefferson, James Madison Monroe and a host of other people that are part of Virginia's history. So no, we should not rename Lee Jackson Hiway thank you. Bye bye.

And Jake no do not change the name of Lee Jackson Memorial Hwy or Lee Highway. It's ridiculous waste of money. Thank you.

I'm responding to the survey about changing Route 29 and 50's name from Lee Jackson Memorial. I vote no. If I need to do something further, let me know. Thank you, bye.

Yeah, I'm calling about this name changing of a streets or highways Route 29 Lee Highway and all this stuff. Don't change it, that's ridiculous. I mean that reminds me of East Germany and Russia. They took everything down so don't change it. Awful.

This is in response to the questionnaire about renaming routes 29 and 50. I am adamantly opposed to renaming anything. What you're doing is trying to erase history to placate people who don't even know about history, and it's unconscionable. So my vote is, leave it the way it is, it's history. It's unconscionable to try to re race history next thing they will continue to re race the history and the school books. It's just it's mind boggling. That's my boat. Thank you very much.

This is Julie Schaefer calling to state that my husband and I, Brad and Julie Schaefer, do not agree that Lee Highway should be renamed. Thank you.

Hello, yes, I'm calling about the proposed name change for Lee Highway and I want to register my vote on this. I would like for Lee Highway to stay the same. Do not change it. That's number one, but #2 if it should be changed please do not change it to another name. I think we ought to learn our lessons about naming things after people. It is going to be controversial if you change it to anybody else, is name just, you know, go with the street, the highway number or something neutral but no name change. But anyhow please keep it. Lee highway. We've lived here for years and years. We know it is Lee Highway. Don't mess with it. Thank you. Bye bye.

I was calling to leave my feedback on whether to rename Lee Jackson Hwy and I believe you should not rename it. That's a part of history. You can't change or erase history, so I would leave the name as it is. Thank you.

Hello, my name is Judy Kratzer. I'm a resident of Fairfax County and I received the postcard regarding the Confederate Names Task Force and wanting to change the name for Route 29 and Route 50. I am totally against changing the name. It's going to cost way too much money and it's also going to cost those businesses that reside along those pathways to have to buy new advertising. And you know, in order to let the public know what their address is, it seems to me a total waste and I would hope that the task force would get enough feedback. Telling you please do not make these changes, they're not necessary. Thank you.

Yes, his belly penny my God, something from the mail from y'all a few days ago and it's about the was it the highway? How is a Confederate names changing? But uhm, my opinion is you should just leave the names as they are. Do not change the names and dumb that's part of the history of historical names. So you should just leave it as you are. OK so I just wanna let you know my airport. I have what I have but I'm my point is alright bye

My response to the changing of the name of Lee Jackson Memorial Highway and Lee Highway is that no, it should not be changed. I don't know if this is a proper line or not, but this is where I was connected. Thank you.

I do not believe that Route 29 and Route 50 should be renamed. Fairfax Citizen, Virginia.

Hello, I'm calling to respond to the survey regarding renaming Lee Highway Route 29 and Lee Jackson Memorial Hwy. Route 50 in Fairfax County. We are residents of Fairfax and we do not think renaming the highways is a good idea. We feel that this whole situation should be used to educate the public about the history and how we should do things differently rather than obliterating all the history, removing it and so we are against renaming the highways. Thank you. We're residents of Fairfax County. Thank you very much, bye.

Hello, this is Peggy Minyard in Reston, VA. And I think you people have gone much too far in trying to erase history. You can't change it. All you can do is write something else on any signs. And I definitely and my whole family definitely does not approve of your changing those names. In particular, do you take into consideration how much money it would cost to change all of those, and then perhaps try to change the town of Leesburg? These people who don't know anything about history can forget this in the future, but it won't go away. And I definitely think that you should just cool it. And I think you've gone too far. You're not even thinking truthfully about why slavery existed, and a lot in the South, but not just in the South in the north as well, but who do you think was going to plant the crops and feed the whole country? Just lighten up and leave part of history alone. My telephone number is

they don't like it. I don't know. Go down to the border and ask the ones that are coming in. Do they want to change history? No, they just want to come in for a free ride. I'm so angry about all of this and all of the left wing screwballs that we have running this country. I just I'm sorry for ranting, but somebody needs to rent. There's a vocal minority out here that should be heard. Anyway, my vote is no. Don't change the name of the roads. Thank you.

Hello I am calling to respond to the question should Lee Highway and Lee Jackson Memorial Hwy be renamed in Fairfax? I don't know what kind of information you need. My first name is Sandra. My last name is Cruet. And I vote no. I think us removing all history from 150 years ago is not a wise decision and 150 years from now I guess they're going to determine that we're we're doing everything wrong as well, uhm? So that's my vote. Keep him thank you. My home number is 703-934-9797

Hi, this is Lisa McFadden and I think this is the right extension. I'm not sure but I'm just calling about the should Lee Highway and Lee Jackson Memorial Hwy be renamed and I just wanted to put my vote in as no I don't think it should be. So again my name is Lisa McFadden and I'm in Falls Church and I am against renaming it. Thank you so much, bye.

names of Lee Jackson and Lee Highway, and my answer is no, absolutely not changed them, but the deadline for giving this answer to the survey according to your flyer is November 12th. Today is just received in the mail on November 16th, so not very useful for a lot of people. I would think my neighborhood just got it today. My number is . If you have questions. Thank you, bye

Hi, I'm calling in regards to the flyer about the Lee Jackson Hwy renaming Task Force. I don't think you guys get just how incredibly discouraging and dehumanizing it is to see people try and erase my history in my heritage. If you tell me that the most intimate part of myself, my ancestors and what they did or unwelcome here by removing that name from Lee Jackson Hwy, I don't see how I can call you a neighbor. I don't see how I can call you a fellow American. I really don't think anybody who's in charge of trying to erase history like that like your department really appreciates this. My number is . I'm happy to talk further though to be honest I have little faith that anybody in Fairfax County is listening to people like me.

of Lee Highway Route 29 in Fairfax County be renamed. I'm totally against that and I wanted to stay with the same it is. It is. And also I don't want statues taken down. That's our history and part of our past and it's whether it was right. Whether it was wrong, it's reality and I don't want to change. So if you have any questions or why they were, my telephone number is . Once again, David

Yes, this is Barbara Fleming. I live in Fairfax and voting. Please don't change the name of Robert E Lee Highway. So just a matter of fiscal responsibility that the county should be spending money. But other things than some nonsense like this. It's ridiculous. So please count my vote. Do not change the name of Robert E Lee Highway. Thank you.

Hi, my name is Sarah McLachlan. I live in Falls Church, VA to . I am appalled that you would think of changing Lee Jackson Memorial Hwy name. You can't erase all of our history. I will email as well, but I really am upset about this. Everything else is being changed. This is part of our history. Thanks call me bye.

Thank you for taking my message. I'm a citizen of Fairfax County, have received in the mail from the task force about Confederate names changing and the input was to be given in by November 12th. Well, we didn't receive the card, anything about it until November 16th, so I'm just registering my notice if it can be taken that I am against the Lee Jackson Memorial Hwy. Name change. I think this business is really a disgrace in our country. Thank you, bye.

Yeah hi, I'm calling about the postcard that was sent out regarding the change of Lee Highway and Lee Jackson. Hi Wayne. And I don't know why. I was thinking it was the 20th. Did you ask for some kind of response? Anyway, I was just looking at it again. I've now I say it was November 12th, which of course is after that date. Are you still taking all these surveys? That's what I wanna know. Uhm, anyway it's definitely no. They should not be changed. I think this whole thing was the most ridiculous, ridiculous thing. The powers that be just bowed down to those people who were upset. And any case. So my number is 70358866. If I can't answer, just please leave a message or accept what I said as my response. Thank you, bye.

Yes, good afternoon Alice. Just calling 'cause I wanted to make sure that I had my input regarding the renaming or Route 29 in Route 50. I had been out of town and just got back and found the flyer. I do not think they should be renamed. My name is Patricia Hurtado and I live at 5916 Burnside land, driving Burg, Virginia. Again, I don't think that Lee Highway and Lee Jackson Memorial Hwy should be renamed. They should stay the way they are. Thank you.

Do not rename Route 50 or Route 29. They've been there all my life. I'm 80 years old and history. Please leave them alone.

My name is Judith Hill. I live in North Springfield. I got a card through the mail asking if I believe that the name of the Lee Jackson Hwy should be changed. I do not believe that it should be changed. I think it should be just left the way it is. Thank you very much.

Hi, my name is Devon's, I live in Fairfax County. I got a flyer today about naming, renaming Lee and Lee Jackson Hwy. It's time we stop naming things after losers and traitors. Lee was an Academy grad West Point. He knew what traders was. I don't know Jackson's background but again another losing trader. We need to inspire our kids, teach them history the right way and kind of indicates that them. That reason is not on the winning ticket. Thank you.

My name is Michael Mccary. I'm a resident of Centerville, Virginia and I'm registering my opinion about the game changing. I'm 29 and 50 and I am all for it. Change them, I'll have an entry in the contest if you're gonna do it that way, but they need to be something different than the Confederate people. Thank you for your time. Oh, you can call me if you need confirmation. Thank you.

HELLO ROBIN, my name is Lillian Sanchez. I live in Vienna, VA. I'm calling in reaction to the renaming of Lee Highway. I am completely and strongly in favor of name renaming Lee Highway,

Route 29 and Lee Jackson Memorial Hwy. Route 50. I'm responding to the car that I received in the mail. Please mark me as someone down that would like to change the name. Very unhappy with the Lee Highway having that name. Thank you so much. bye

Hi Miss Geiger, my name is Henry Bartholomew and my wife and I live in Falls Church City here just inside the edge of Fairfax and Arlington and we live about two houses away from Lee

Highway or here. It's called Washington Street or Boulevard and question then we gotta flyer in the mail saying they would like input on renaming route twenty nine and route fifty and I would say generically I would certainly support moving the names off of Lee Highway and Lee Jackson Highway to something more neutral like Washington Boulevard or Street here in Falls Church it would be logical to extend that through twenty nine you know to carry on the theme Falls Church is set. I'm sensitive to what that may mean for businesses and residents. Having to, you know, rename their addresses and stuff and bank accounts and mortgages and all that mortgages. But deeds and things that can be pretty expensive thing to have to deal with so. But Jen generically, as I say, I'd certainly supported the idea of living in Lee.

How antilley highway here and there is a little bit kind of memorializing the Great South part of the Civil War, not agreed to particular thing to focus on. If you have any

I just got the postcard in the mail about renaming Route 29 and talked it over here. OK, 6 adults in my family. we all think it's a good idea. I mean it's offensive then. If you could come

Hi, I'm calling about renaming Lee Highway and any other Confederate Lee named Road or building or whatever. It's a disgrace that they haven't been changed decades ago and

why you're wasting taxpayer money sending out a thing asking for people's opinions, just freaking change them already. It's disgusting and embarrassing that Virginia as these kinds of

~~names and this is coming from a white moderate. So just get rid of all the names. Just freaking do it and get it done with it. I was like appalled when I moved here 20 years.~~

Change the names and come up with names that reflect hope

~~Hi this is Mir Moritz in Falls Church responding to the name changes for highways. Simply I'm recommending and would not use names or people would use lasting national values like Lee Highway would become Liberty Highway and the Jackson would become Justice Memorial Hwy. Thank you.~~

Thank you bye bye  
50. Thank you.

Hello, this is Russell lesson Maria V Chestnut a 4311 Wakefield Dr Annandale VA and we want to make certain that we are on the list that we agree that the Fairfax County Confederate Names Task Force is a yes we need to change the Lee Highway, Lee Jackson Hwy and rename it because these people they were traders who are country. So my number is. This is the 4th message that I have given on this starting yesterday and now today. Thank you. I hope to hear from someone as . Thank you, bye. Can't escape and that's it.

I wanted to comment on changing the names of Lee Jackson Hwy and the highway. I strongly endorse changing the names they represent at this terrible time in our history. It is not something we want to remember when the country was going to be divided and not a solid United States. These people meant well. They followed their views but not the views of the entire country. I think you should have something more representative of all of us.

Yes, I am calling regarding the proposed renaming of route twenty nine, route thirty. I am strongly in favor of eliminating confederate names from public buildings, public streets, Confederate monuments, that sort of thing, and the reason is that when you think about it, who were these men? They were traders to their country. They betrayed their oaths of office, that they had taken to the United States of America to fight against it, to ensure the death of thousands of Americans. And they did this because they wanted to help preserve the institution of slavery. That's what the Civil War was about. Was the institution of slavery, so it's mind boggling means that we have streets, highways, buildings, other things named for men who were traitors to their country to preserve the institution of slavery. I mean, I could think of little that is less worth honoring than these men. What they did and why they did it. So yes, I'm strongly in favor of stripping Confederate names from all public buildings, places, etc, and taking down monuments to Confederate soldiers. They should never been put up in the first place, and the interesting thing is, when you look at why many of these monuments and so forth were done, it was done by organizations of Confederate women with the express intent of trying to remind African Americans that maybe the laws changed, but their place in society hadn't. And as far as they were concerned, they were still lower than normal human beings, and that's disgraceful. So we should rename them all immediately. Thank you.

Hi, I'm just responding to the request that I got in the mail for a response about renaming the highway and Lee Jackson Memorial Highway. I would like for them not to be renamed. I'm a former teacher who taught Virginia history in fifth grade for many years and this these people are part of Virginia history and part of the history of our country and I don't think they should be completely obliterated anyway. I would like to see the name stay on those two highways. Thank you, bye.

I'm calling in response to your survey regarding the renaming of Lee Jackson Hwy. My name is Terry Carter. Hope I can be reached at 703-350-2807. I'm in Springfield, VA. And yes, I support changing the name of Lee Jackson Hwy today is Thursday. It's November the 4th and it's about 2:23 PM. Thank you.

Hi, my name is Mark Starnes. I'm calling about the names, task, Confederate names, Task force and I'd like to request that the highways be renamed. I like for Lee Highway to be renamed in Lee Jackson Hwy to be renamed something that connected to Confederate Army. Thank you so much. My phone number is 5712786524. If you have any questions. Thank you so much, bye.

Hello, I'm calling in response to the card Irish I received about whether Lee Jackson Memorial Highway and Lee Highway should have the names changed. I think it should be changed. I guess that's all OK, bye.

Hi, this is Barbara Cowan and I live in Reston and I think it's really nice that you sent out cards asking people's opinions about changing the street names. That's really impressive and we appreciate that. So my vote is yes, change those names. If I got a but thank you for going to the trouble of soliciting feedback. That's really impressive that you didn't just put a sign up or something. Alright? Any questions? My number is d. Thanks, bye.

Hello, I understand the Fairfax County Confederate names Task forks is seeking public opinion on whether Lee Highway and Lee Jackson Memorial Hwy should be renamed. The answer is yes, they should both be renamed and that is my comment. I am in ZIP code 22153. Thank you.

Hi my name is Monica Rosenberg. I live at 1407 Alden Ham Lane. A Iden HAM lane in Reston, VA and I am in favor of renaming Lee Highway and Lee Jackson Memorial Hwy. My number is and again my name is Monica Rosenberg. Thank you.

Hi, my name is Steve Callahan. I'm a resident of Annandale, VA and I'm calling in reference to a notice I got from Fairfax County Department of Transportation. Whether or not Lee Highway and Lee Jackson memorial should be renamed, and I think it should be renamed to something less than traders. These Confederate generals and men of the Civil war were traitors to the United States and they should not be glorified in the state of Virginia of all places. Just visited Monticello and I saw the unmarked graves of slaves. This is not a legacy we want in Northern Virginia. For sure. I've had a cross burnt on my high school in Goochland County, Virginia, and it's despicable that we allow these kinds of Confederate notions to prevail. So yes, please rename the these streets to something more appropriate. My name again is Steve Callahan. I live in Annandale, VA. Thank you.

Hi, my name is Miguel Alvarez minip. My phone number is 3 calling in regards to the flyer I received about renaming Lee Highway and Lee Jackson Memorial Highway. I am in favor of that. Feel free to give me a call back if needed. Again Miguel Alfreds . Thank you.

Hi, my name is Pam Broberg BROBERG in Annandale, VA . Just wanted to register that I would like to have the names changed for Lee Highway and Lee Jackson Memorial Hwy. That's my feedback. Thank you.

Hi, I'm leaving this message for the Confederate names task force. My name is Renzo, I live in Virginia. I've never lived north of Mason Dixon line in my life. I've lived in this area for about 10 years and I'm in support of getting rid of any Confederate names on any public infrastructure of any kind. If that means we renamed Route 29 and with 50, that sounds great. Let's name them. After actual American heroes like Sherman or Grant or any of that line, we could also rename them after civil rights heroes. That seems much better to me than naming things after treasonous Confederates. Thank you very much. Have a great day.

Hi I received in the mail to the residential customer. Do you want to rename 29 and 2950? Yes please like that name change. Thank you very much bye bye step.

Yes, I'm calling about renaming Lee Highway. I do believe that the name should be changed so that it's no longer called Lee Highway honoring Confederates who should not be honored. Thank you very much, goodbye.

Hi, I live in Fairfax County and I got the piece of mail asking what I think about Lee Highway and Lee Jackson Memorial Hwy being renamed. I think that's a good idea. My name is Jorge Cardenas. I received the message about renaming Lee Highway and I would vote for renaming Lee Highway and Lee Jackson Memorial Highway.

Hi, I was directed to this on line where there was seeking public feedback on route changes. Lee Highway and a Lee Jackson memorial Hwy. There's two of us that feel that you can just go ahead and rename them. Route 29 and Route 50 and leave off Lee and Lee Jackson. Thank you very much.

Hi my name is Karen Weigel. I live in Fairfax County and I'm calling to comment on the proposal to change the names of Lee Highway and Lee Jackson Memorial Highway. I believe both of those should have their names changed for two reasons. First of all, Lee was flat out a traitor. There is no other way to look at it. He swore solemn oath, he broke it and went to war against the entity to whom he swore that oath and the other thing is he did so to support slavery and having his name on a road is an insult to the large proportion of our country that is black act that does not support slavery, did not support slavery. So please change. Thank you very much goodbye.

Yes, good morning. My name is Maureen Barrett. I live here in Fairfax County. I'm replying to a postcard I received from the Fairfax County Confederate names top and I want my mum opinion recorded that I do believe that we should rename Lee Highway and the Lee Jackson Memorial Hwy. Please choose names that have nothing to do with people. Uhm, because we always find out there's something in their past that we don't want, uhm to hear about. So please use names that reflect nature or space or something like that. Thank you very much. Bye bye. My number is if you want to confirm this is bye bye.

Hi, my name is Pam Broberg BROBERG in Annandale, VA . Just wanted to register that I would like to have the names changed for Lee Highway and Lee Jackson Memorial Hwy. That's my feedback. Thank you.

definitely in favor of renaming these two roads and highways so are out. I would definitely be in favor of renaming them not to be leave me Jackson Memorial's OK, thank you appreciate it, bye.

I'm calling about the renaming of Route 50 and Route 29. I think it should be done and it should be done immediately before the end of the year. Uhm? Also we got a card asking for input. The end port was requested by the 12th we received the card on the 14th come. We have had this problem from the Board of Elections as well. Uhm that things were mailed and we received them after the deadline. It seems to be a county wide problem, so maybe a county memo needs to be issued. That mailing must be done in a timely manner so that people can respond by the deadline. That's just unacceptable. It's a complete waste of money to send something out after a deadline has passed. Uhm, or that it would be received after the deadline is passed? So I just wanted to mention that thank you very much. But yes, they should be renamed and it must be done immediately. Thank you.

Yeah, I'm Suzanne le Gall, from Fairfax County, and I'd like to give you feedback that I would feel a lot better if Lee Highway and Lee Jackson Memorial Hwy. Route 50 with 29 respectively had changed names. Definitely changed them. Replace them, but with what? I don't know, a suggestion would be maybe a woman that came of great power in the state of Virginia or against something phenomenal here and that of other populations that had done something really interesting and it doesn't have to be within a war scene, but maybe it's science or art or something of that nature. Thank you so much. Take care.

Hi I was transferred to this number to leave an opinion about renaming Lee Highway. I absolutely feel that roads and structures with Confederate names on them should be renamed. My name is Mrs Stone. Thank you.

I'm phone number 7358963. Burke and I received a postcard yesterday or I guess now it was Monday asking for input on the renaming of Rep 29 receipts. I just want to voice my support for please changing the names of these roads, memorializing Confederate traitors is an to our county and the fetishization of that reason they committed needs to stop. So I would be very supportive of any efforts to investigate. Rename these roads and I think we in Virginia have an opportunity to show that we will not memorialize and honor. Their country in a time of war. If you'd like to speak further, my phone number is . I'll try again tomorrow as well. If I was in your position. And these people can. They should be stricken from our history, so I hope you're I'm sure you're getting a lot of these. But we'll bellows calling from Burke Thank you.
